

Essay on Comparing and Contrasting Two Siblings Essay

Introduction

Being born with sisters and brothers is the best thing that one can ever experience. I sometimes wonder how it feels to be the only child where one has no sister or brother to talk to. It must be boring and lonely to be in a home where the centre of attention is one person. I am glad because I have two siblings one a girl who is older than me and a brother who is younger. Siblings play critical roles in families for instance they give guidance and direction, advice and good company in times of leisure. However it is important to note that siblings have different characters and they can never be the same. On the contrary they a times poses some similarities that emanate from common upbringing. When I compare my two siblings I find one to be a friend, confidant and another to be distant though we share the same home. The paper will therefore compare and contrast the elder sibling to my younger by explaining it to my aunt who is forty years old. It will make comparison based on understanding, generosity and patience.

The Understanding and Generosity of Jenny vs. the Impatience and Meanness of Justin

My elder sister Jenny is my favorite and she is very understanding because when I do something that is not right she will not quarrel me but instead explain to me why it is wrong. There are times when I do not do a lot of things as expected but Jenny understands and helps me correct any mess that occurs. For instance one day I went to visit my friend and came home very late a thing that my parents do not approve. I expected her to be angry but instead she stayed calm and advised me not to repeat it. On the contrary, my younger brother Justin always talks negatively and criticizes me a lot. He does not understand that I am not perfect and I make mistakes just like he does. For instance one day I accidentally tampered with our television and instead of him helping me fix it he said I did it intentionally because it was time for his favorite program.

Similarly, Jenny is quite generous and always shares everything she gets with even when I am not around she keeps it for me. I feel she is concerned and loves me a lot that she cannot have something and her young sister is not having. For instance a few months ago she won two tickets to go a movie theatre and she was told to pick a friend. Jenny gave me the ticket instead of her best friend. On the other hand Justin is very mean and when he has something extra he keeps it for his future use. For instance Uncle Jack bought him two packets of candies and he never shared them with me. Aunty I know you are surprised but that is how Justin and I live.

Additionally, Justin is very impatient because when he wants something to be done waiting is not an option for him. He easily loses his temper and often gets agitated. My brother wants things done his way and gives himself priority forgetting that others are in need just like him. When it comes to issues that require queuing he gives up in the middle. On the contrary Jenny is very patient. She is not easily angered and can wait for something to be done even if it takes longer than her expected time.
