Compassionate Leadership for School Improvement and Renewal Kara Lasater, Kristina N.

LaVenía,2024-01-01 Compassionate Leadership for School Improvement and Renewal aims to equip educational leaders with the knowledge skills and learning experiences necessary to approach their work from an intentional stance of compassion Schools serve as both sites and sources of suffering yet compassionate leadership can facilitate healing for students educators and community members The moment is right to move the field toward a compassion centered approach to leadership In recent years people around the world have experienced unfathomable loss and suffering due to the COVID 19 pandemic persistent inequities and subsequent social justice protests war and violence and catastrophic natural disasters These events created perpetual anxiety stress fear uncertainty loss and grief for millions of people including educators Now perhaps more than ever people need to give and receive compassion The purpose of the volume is to build educational leaders capacity to demonstrate compassion foster collective compassion within their schools and districts establish organizational environments in which compassion is routinely given and received and subsequently transform schools into sites of healing Ultimately through the unique contributions of each chapter this volume offers a path toward school improvement that is both renewing and sustaining ENDORSEMENTS As a former school counselor and school administrator my view about compassionate leadership is one grounded in relational practice This may be obvious to some but unfortunately lost on many This thoughtful volume edited by Kara Lasater and Kristina LaVenía explores a desperately needed reformulation of school leadership for our times Compassionate leadership takes enormous courage because it works against much of the institutional ethos that forms and frames the role thinking and behaviors of those ostensibly charged to both manage and lead schools William C Frick University of Oklahoma The education system is in its most challenging period in decades perhaps in the past century The need now is to address student staff and organizational suffering Lasater and LaVenía et al offer antidotes in this volume by providing up to date research theory and insight to cultivate conceptualize and practice compassionate educational leadership For those who teach and lead with their heart this book is essential reading Joseph A Polizzi Sacred Heart University In an increasingly challenging educational landscape leaders find themselves facing teacher shortages student trauma and learning loss Schools could easily become institutions rife with secondary trauma and burned out professionals operating in stark contrast to the unifying motivations that drew each of us into this profession This volume reminds us that among the many skill sets leaders must employ organizational and leader compassion fulfills a fundamental human need and unlocks a means by which schools can transform from professional survival to the joyful work of changing lives for the better Joshua Ray Greenwood Public Schools The Subjective Eye Richard Valantasis, Deborah J. Haynes, James D. Smith III, Janet F. Carlson, 2006-05-15 One of the great joys of the academic life is to pay homage in a Festschrift to a scholar who has influenced both colleagues and students over years of interaction and friendship both professional and personal This volume honors a scholar and theologian of historical theology a theorist and a practitioner of religion and the arts and a keen analyst of cultural trends both ancient and modern Margaret R Miles s prodigious production

as a scholar has legendary qualities Her dozen plus books alone explore history patristics ancient philosophy art and art history spiritual formation and religious practice critical theory film ethics and values personal growth gender and women s studies as well as her true academic loves Augustine and Plotinus The breadth and depth of her own work and her influence upon others demands an expansive volume which the editors of this Festschrift unfortunately had to restrict to four categories Historical Theology Religion and Culture Religion and Gender and Religion and the Visual Arts in order to capture the heart of our appreciation for her from the Introduction
