#### **Tiananmen Fictions outside the Square** Belinda Kong,2012-05-04

An exciting analysis of the myriad literary effects of Tiananmen Belinda Kong's *Tiananmen Fictions Outside the Square* is the first full length study of fictions related to the 1989 movement and massacre More than any other episode in recent world history Tiananmen has brought a distinctly politicized Chinese literary diaspora into stark relief Kong redefines Tiananmen's meaning from an event that ended in local political failure to one that succeeded in producing a vital dimension of contemporary transnational writing today She spotlights key writers Gao Xingjian Ha Jin Annie Wang and Ma Jian who have written and published about the massacre from abroad Their outsider distanced perspectives inform their work and reveal how diaspora writers continually reimagine Tiananmen's relevance to the post 1989 world at large Compelling us to think about how Chinese culture identity and politics are being defined in the diaspora *Tiananmen Fictions Outside the Square* candidly addresses issues of political exile historical trauma global capital and state biopower

#### **Treacherous Subjects** Lan

P Duong,2012-04-22 *Treacherous Subjects* is a provocative and thoughtful examination of Vietnamese films and literature viewed through a feminist lens Lan Duong investigates the postwar cultural productions of writers and filmmakers including Tony Bui Trinh T Minh ha and Tran Anh Hung Taking her cue from the double meaning of collaborator Duong shows how history has shaped the loyalties and shifting alliances of the Vietnamese many of whom are caught between opposing constricting forces of nationalism patriarchy and communism Working at home and in France and the United States the artists profiled in *Treacherous Subjects* have grappled with the political and historic meanings of collaboration These themes which probe into controversial issues of family and betrayal figure heavily in fictions such as the films *The Scent of Green Papaya* and *Surname Viet Given Name Nam* As writers and filmmakers collaborate Duong suggests that they lay the groundwork for both transnational feminist politics and queer critiques of patriarchy

#### **Multicultural America** Ronald H.

Bayor,2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States telling the story of our newest immigrants and introducing them to their fellow Americans One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large

number of ethnically diverse immigrants that have become part of its population. People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives either for themselves or for their children. This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States, exploring all aspects of the immigrants' lives in the old world as well as the new. Each essay explains why these people have come to the United States, how they have adjusted to and integrated into American society, and what portends for their future. Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits.

**Reframing Transracial Adoption** Kristi Brian, 2012-05-11 Until the late twentieth century the majority of foreign born children adopted in the United States came from Korea. In the absorbing book *Reframing Transracial Adoption*, Kristi Brian investigates the power dynamics at work between the white families, the Korean adoptees, and the unknown birth mothers. Brian conducts interviews with adult adopted Koreans, adoptive parents, and adoption agency facilitators in the United States to explore the conflicting interpretations of race, culture, multiculturalism, and family. Brian argues for broad changes as she critiques the so-called colorblind adoption policy in the United States. Analyzing the process of kinship formation, the racial aspects of these adoptions, and the experience of adoptees, she reveals the stifling impact of dominant nuclear family ideologies and the crowded intersections of competing racial discourses. Brian finds a resolution in the efforts of adult adoptees to form coherent identities and launch powerful adoption reform movements.

**Refugee Lifeworlds** Y-Dang Troeung, 2022-08-29 Utilizing the concept of aphasia, this book demonstrates how Cambodian refugee narratives resist state violence and take head-on hegemonic discourses across popular and scholarly spaces that prop up colonial imperial capitalist heteropatriarchal and ableist formations of the Cold War in Cambodia.

**Multicultural America** Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U.S. Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta: Based on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90 percent of the total U.S. growth since 2000 due to immigration and higher birth rates for Latinos. According to John Logan, a Brown University sociologist who has analyzed most of the census figures, the futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations. Both non-Hispanic whites and blacks are getting older as a group. These groups are tending to fade out, he added. Another demographer, William H. Frey, with the Brookings Institution, told *The Washington Post* that this has been a pivotal decade. We're pivoting from a white-black dominated American population to one that is multiracial and multicultural. *Multicultural America: A Multimedia Encyclopedia* explores this pivotal moment and its ramifications with more than 900 signed entries, not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly

multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors
