Grenade, 2024-12-20

Multidimensional Threats and Regional Responses to Caribbean Security assesses the prevalence and intensity of intersecting security threats such as transnational organized crime pandemics and climate change on the state of the Caribbean Community CARICOM The interplay of these various threats can adversely affect small island developing states SIDS This book aims to expose the fault lines in Western centric international relations which neglects non military issues non state actors and other security issues affecting SIDS This volume also explores the efficacy of security regionalism for SIDS where multiple actors cooperate across different levels and pool sovereignty resources and capabilities within legitimate institutional structures in order to prepare for prevent and collectively respond to severe security threats This book argues for a more inclusive global IR that considers the realities of the developing world and a reimagining of security regionalism among CARICOM SIDS **Marketing Island Destinations** Acolla Lewis-Cameron, Acolla Lewis, Sherma Roberts, 2010 Over the past three decades tourism has emerged as a major force in the global economy with most countries whether developed or developing having increasing opportunities to participate as both host and guest in this socioeconomic phenomenon Competition for a share of the tourism market has intensified as rapid tourism developments have been

undertaken by various destinations in an attempt to reap those economic benefits from one of the world's leading industries. The growth in tourism has propelled significant changes in the way in which destinations are managed and marketed. The challenge for many small island destinations is how to become or remain competitive. It is against this background that destination marketing has assumed the critical role of ensuring that the destination lifecycle does not enter into a stage of saturation and decline and the destination is able to adapt to the changing marketplace, seize opportunities and sustain its vitality. This book takes a holistic approach and considers marketing from a macro perspective from the view of the destination.

Contemporary Issues Within Caribbean Economies Colin Cannonier, Monica Galloway Burke, 2022-06-08

The Caribbean economy remains a region with many paradoxes. Despite a relative abundance of natural and valuable resources including its people, large segments of the region still grapple with significant levels of debt, environmental degradation, high unemployment in the formal sector, climate change, limited progress in technological innovation, increasing energy costs, remittance dependency, tourism dependency, loss of correspondent banking relations, exchange rate noncommunicable diseases and domestic politics to name more than a few. The poorest countries still lag and remain far more vulnerable to external factors related to trade and global financial sector issues. This edited volume takes a closer look at the contemporary issues related to the economies of the Caribbean. The book provides an added dimension in that each of the chapters includes the contributions of a scholar with lived experiences in and knowledge of the region. Indeed, the book underscores the detailed evidence-based research and perspectives on topics providing insights into the current landscape of the Caribbean. Ultimately, understanding the Caribbean in its varied contexts is an important milestone in pursuing policies that will contribute to flourishing economies replete with sustained growth and development.

Tourism in the Caribbean

David Timothy Duval, 2004-07-31. The Caribbean is one of the premier tourist destinations in the world. Changes in travel patterns, markets and traveller motivations have brought about considerable growth and dramatic change to the region's tourism sector. This book brings together a high-calibre team of international researchers to provide an up-to-date assessment of the scope of tourism and the nature of tourism development in the Caribbean. Divided into three parts, the book gives an overview of existing tourism trends in the region, addresses tourism development issues including sustainability, ecotourism, heritage, tourism community participation, management implications and linkages with agriculture, considers future trends including an assessment of recent world events and their impacts on tourism in the region, and future trends in terms of airlift, economic sustainability and markets. A valuable resource for students of tourism and Caribbean studies as well as governments and national and regional tourism offices, this topical volume brings together excellent contributions to assess and analyze the state of the
