Contract Research And Development Organizations Contract Research And Development Organizations:

Contract Research and Development Organizations-Their History, Selection, and Utilization Shayne C. Gad, Charles B. Spainhour, David G. Serota, 2020-07-17 This volume provides a complete update of all the materials in prior volumes on the subject including current directories to testing labs and other support establishments worldwide while adding substantial new material on the following topics The history of CROs including snapshots of CROs and a genealogy chart making clear where they came from and where they went Study directors and principal investigators The nuts and bolts of study performance Electronic reporting requirements SEND and eCTD required for NDA BLA ANDA and IND submissions Consultants and their roles An expanded examination of common problems and their solutions This book boasts complete directories to the global universe of operating labs where they are how to contact them and what they do including special capabilities Additionally checklists for qualifying labs and manufacturing facilities and for auditing studies and projects at such facilities are included It is directed at those in industry specifically directed at those working for companies using CRO services but will also be of interest to scientists or administrators working in research organizations themselves In this case the contents of this new work are essential to the target reader because the work regulations and actors CROs have evolved and changed at a rapid pace in the 10 years since the earlier volume that the author published Likewise the companies using these services have come to all be almost completely dependent on outsourcing The earlier texts remain the only source of their kind paper or electronic on the field and the only noncommercial guide to the global industry and this volume provides a complete update

Contract Research and Development Organizations Shayne C. Gad, Charles B. Spainhour, 2011-08-04 The last 10 years have seen a seismic shift in therapeutic product development and testing In both the pharmaceutical both small and large molecule and medical device sectors the vast majority of testing and evaluation of products is not performed within innovator companies but rather has been outsourced to a growing universe of commercial organizations The authors both have more than 30 years experience in this field and both have worked within innovator companies for CROs and as consultants in the field Contract Research and Development Organizations Their Role in Global Product Development has been crafted by these authors to provide a how to guide for all aspects of working with CROs in selecting working with and ensuring the best possible desirable outcome of having the R D function or substantial parts of it outsourced It uses as the exemplary case nonclinical safety assessment biocompatibility and efficacy testing which are to be performed to select the best possible candidate compound device or formulation and then moving the resulting regulated therapeutic medical product into and through the development process and to marketing approval But also covered are the contract synthesis of drug substances and corresponding manufacture of biologics and manufacture of products formulation development clinical evaluation regulatory and document preparation support and use of consultants Included in the volume are an exhaustive listing of those CROs in the drug and device safety evaluation sector and their contact information and capabilities and

extensive similar listing for the other types of contract service providers Also included are guidances on how to monitor ongoing work at contract facilities and audit check lists for GLP GMP and GCP facilities These listings are international in scope and a specific chapter addresses working with some of the newer international CROs
