

A Contrast

Thy love thou sendest oft to me,
And still as oft I thrust it back;
Thy messengers I could not see
In those who everything did lack,
The poor, the outcast and the black.

Pride held his hand before mine eyes,
The world with flattery stuffed mine ears;
I looked to see a monarch's guise,
Nor dreamed thy love would knock for years,
Poor, naked, fettered, full of tears.

Yet, when I sent my love to thee,
Thou with a smile didst take it in,
And entertain'dst it royally,
Though grimed with earth, with hunger thin,
And leprous with the taint of sin.

Now every day thy love I meet,
As o'er the earth it wanders wide,
With weary step and bleeding feet,
Still knocking at the heart of pride
And offering grace, though still denied.

Hugh MacDiarmid John Baglow, 1987-08-01 Baglow shows that this search for justification was a focus for MacDiarmid almost from the start but that it was only with his development of synthetic Scots that he began to grapple with it directly While at first the idea of a Scottish essence seemed to promise the spiritual foundation MacDiarmid was seeking as his poetry developed this idea became less important and he came to see poetry as an unrealizable ideal This reading of MacDiarmid's poetry relating it to the modernist movement will be of value to readers interested in twentieth century literature

Theory and Practice of Contrast Mariusz Stanowski, 2021-06-09 The book *Theory and Practice of Contrast* completes corrects and integrates the foundations of science and humanities which include theory of art philosophy aesthetics epistemology ontology axiology cognitive science theory of information theory of complexity and physics Through the integration of these distant disciplines many unresolved issues in contemporary science have been clarified or better understood among others defining impact contrast and using this definition in different fields of knowledge understanding what beauty art is and what our aesthetic preferences depend on deeper understanding of what complexity and information are in essence and providing their general definitions Complexity means integration value and goodness concepts that seem to be neglected today The book also has a high degree of integration complexity although each chapter introduces a new issue The last chapter Binary Model of the Universe draws attention to the need for including in physics the analysis of our mind and the resulting new possibilities which include the mentioned digital model of the universe Despite the difficult issues raised here this study is written in accessible language and may be interesting not only for

scientists and academics **Variety** William Fitzgerald,2016-03-08 The distinguished classicist William Fitzgerald examines the concept value and practice of variety in Latin literature and its reception He argues that variety was an important value in ancient aesthetic discourse and played a significant role in thinking about among other things nature rhetoric pleasure and empire Fitzgerald explains how a discourse of variety passed from Latin writers into the post classical world up to the modern age in which words like choice and diversity have taken over its work though with associative meanings that are much different

Parting Words Justin A. Sider, 2018-11-29 Valedictory addresses offer a way to conceptualize the relation of self to others private to public ephemeral to eternal Whether deathbed pronouncements political capitulations or seafaring farewells parting words played a crucial role in the social imagination of Victorian writing In this compelling new book Justin Sider traces these public addresses across a wide range of works from poems by Byron Tennyson and Browning to essays by Twain and Wilde to novels by Dickens and Eliot Ironically while the Victorian era saw the loss of faith in a unitary national public it asked poetry to address just such a public Attending to the form rather than the discursive content of poets engagement with public culture Parting Words explains how the valedictory allowed Victorian poets to explore the ways their poems might be received by distant and anonymous readers in an emergent mass culture Using a wide array of materials such as letters and reviews to describe the rapidly changing print culture in which poets were intervening Sider shows how the growing diversification and destabilization of the Victorian reading public was countered by the demand for a public poetry Characteristically the speakers of Tennyson s Ulysses and Matthew Arnold s Empedocles on Etna imagine their farewells as simultaneous entrances into a public space where they and their readers however distant might yet meet This new consciousness anticipated modernist poetry which in turn used the valedictory to underscore the futility and alienation of such hopes
