**Community Formation in the Early Church and the Church Today** Richard N. Longenecker, 2002 Twelve essays by a multidisciplinary panel of distinguished scholars present a coherent panoramic picture of the formation of the Christian community Richard Ascough Alan Segal and Peter Richardson explore Greco Roman and Jewish organizational models Craig Evans Richard Longenecker Scott Bartchy and Howard Marshall present evidence of early community formation from the Gospels the major Pauline letters Acts and the Pastoral Epistles Alan Hayes and Frances Young explore post New Testament Latin and Greek Christianity John Webster David Hester and Miroslav Volf assess modern episcopal presbyterian and congregational polities in light of their biblical and theological roots What has sometimes been called church order turns out to be rather the formation of a community oriented to ministries in which all the people participate Corporate Decision-Making in the Church of the New Testament Jeff Brown, 2014-08-28 Debate about church order has gone on for centuries within Christianity and an end is nowhere in sight Perhaps that is good since the debate shows the weaknesses of many ideas that need correction Corporate Decision Making in the Church of the New Testament examines church order from a careful exegetical perspective with particular attention to the social world of the New Testament While most works about church government address structure and qualities of leadership Jeff Brown deals with the interaction of the people of the church both with their leaders and with one another in setting policy In brief though all believers in the young church of the New Testament revered Christ and his Word as authoritative not all church decisions were from the top down from earthly leaders On the contrary many were from the bottom up This should come as no surprise to those familiar with Jesus admonition in the Gospels You have one teacher and you are all brothers Salt, Light, and a City, Second Edition Graham Joseph Hill, 2017-06-13 Graham Hill s pioneering classic remains the seminal work on missional ecclesiology The bestselling first edition redefined theology for the missional church Hill builds biblical foundations in conversation with major theologians including Sarah Coakley John Zizioulas Stanley Hauerwas Miroslav Volf and Jurgen Moltmann In this major update he offers new insights and provides fresh examples of missional churches In the first edition Hill interacted with twelve major theologians to build a missional ecclesiology In this thoroughly updated edition he interacts with sixteen major theologians from the Western world This edition includes five new chapters and an expanded treatment on the key convictions of global missional theology It also offers a new study guide that has been uploaded on an innovative website linked to this book This expanded edition now becomes volume 1 in a series on missional ecclesiology In volume 2 Hill will turn our attention to voices from the Majority World Known for his groundbreaking approach to theology theology for the global missional community Hill shows how God is releasing his global church to mission across all cultures and Christian traditions This extensive update to Hill s influential work offers pioneering theology and practices that will continue to shape the global missional church for generations *Exemplary Life* Andy Chambers, 2012-11-01 Exemplary Life articulates Luke s

vision for life together in a local church using key passages from Acts 2 42 47 4 32 35 and 5 12 16 known as summary narratives as the starting point of reference Although Luke is rightly acclaimed as the church's first historian he was a powerful writer and theologian as well He also planted churches with Paul and had definite convictions about what life together in the church should look like Yet Luke's theology of church life is underemphasized in modern scholarship downplayed by issues rising from the historical critical method However when the summary narratives are studied through the lens of narrative and rhetorical criticism Luke's strategy is unmistakable Those passages cast a vision for life together in an exemplary church drawn from the historical circumstances of the church in Jerusalem These narratives also serve as a starting point for studying church life throughout Acts When the church planting movements in Samaria Antioch Ephesus and Troas are examined we find echoes of the narratives almost constantly These amplify and drive home Luke's message in the summary narratives Taking this path twenty distinct characteristics of exemplary church life emerge From repentance and Scriptural authority to praying together and earning the respect of neighbors each one is thoughtfully presented here by author Andy Chambers to reassert Luke's voice in 21st century conversations about the faithful formation of New Testament churches

**The Diffusion of Ecclesiastical Authority** Darin H. Land, 2008-07-17 the church in Acts from a sociological perspective Two primary models emerge from a sociologically informed investigation of first century Greco Roman and Jewish religious leadership the manager leader and the innovator leader An examination of seven passages in Acts reveals that the leaders of the early church although initially conforming to cultural expectations are best described as innovator leaders whose counter cultural actions resulted in the empowerment of new leaders and the advancement of the gospel Through the use of fictive kinship language the voluntary sharing of authority the fostering of a sense of mutual dependence on God as the common patron and the redefinition of what is honorable the leaders in Acts consistently enabled others to share authority in the church By consistently sharing their authority with others these leaders allowed the diffusion of authority to new individuals rather than the concentration of authority in the hands of the few Undoubtedly this selflessness on the part of the church's leaders contributed to the spread of the Gospel throughout the Mediterranean world By regularly empowering new leaders the church was able to release its leaders for ministry in new locations without fear of leaving established churches leaderless Yet one should not suppose that through such diffusion ecclesiastical authority became diluted The leaders in Acts shared their authority without thereby losing it They were able to do this because their authority was based on deference and mutual

honor not only on legal rights Thus the diffusion of ecclesiastical authority resulted in a net increase of authority which in turn propelled the growth of the church from the Conclusion      **Acts: An Exegetical Commentary : Volume 4** Craig S. **Practicing Baptism** Bård Eirik Hallesby Norheim, 2014-02-19 Where is Jesus Christ This fundamental question is the starting point of this book which investigates the shape of Christian life and ministry in a post Christendom context Over the last decades there has been a shift in much of Western theology towards focusing on Christian practices in ministry and theological education This may be seen as a way to deal with theological anxiety in an era of heightened personal autonomy In *Practicing Baptism* Bard Norheim critically analyzes the engagement in Christian practices As a response to this engagement Norheim develops a missional and diaconal theology for ministry focusing on the presence of Christ in Christian practices Fundamentally this is an attempt to answer a pressing question for today What do Christians do Norheim draws on Martin Luther s theology and his notion of the three modes of Christ s presence the present tense of baptism and Luther s idea of the marks of the church Based on this reading of Luther s theology Norheim suggests that Christian life and ministry could be interpreted through the concept practicing baptism

*Constructing Ethnic Identity in 1 Peter* Janette H. Ok, 2021-06-17 Janette H Ok argues that 1 Peter characterizes Christian identity as an ethnic identity as it holds the potential to engender a powerful sense of solidarity for readers who are experiencing social alienation as a result of their conversion The epistle describes and delineates a communal identity based on Jewish traditions and in response to the hostility its largely Gentile Anatolian addressees are experiencing as religious minorities in the Roman empire In order to help construct a collective understanding of what it means to be a Christian in contrast to non Christians Ok argues that the author of the epistle employs ethnic reasoning or logic Consequently the writer of 1 Peter makes use of various literary and rhetorical strategies including establishing a sense of shared history and ancestry delineating boundaries stereotyping and negatively characterizing the other emphasizing distinct conduct or a common culture and applying ethnic categories to his addressees Ok further highlights how these strategies bear striking resemblances to what modern anthropologists and sociologists describe as the characteristics of ethnic groups In depicting Christian identity as an ethnic identity akin to the unique religious ethnic identity of the Jews Ok concludes that 1 Peter seeks to foster internal cohesion among the community of believers who are struggling to forge a distinctive and durable group identity resist external pressures to revert to a way of life unbecoming the people of God and live as those born anew to a living hope

**Mutual Hierarchy** Jeffrey A. Dukeman, 2019-02-22 Social Trinitarians have not been shy about positing community as the chief ontological category for Trinitarian discourse As beneficial as this is social Trinitarians have typically been less helpful in advocating the sort of human community for the Trinitarian analogy that most people would probably find desirable

To use the example of a marriage one has often been forced to choose between a fully egalitarian view where the spouses supposedly have no differences from each other and a hierarchical view where a husband exercises a unilateral and oppressive power over his wife This book advocates a third alternative for the sort of community present in the Trinity Just as genuine teamwork is generally desirable in various human communities the divine persons have a mutual hierarchy relationship with each other Here each divine person has a unique hierarchy over the others and yet each uses this hierarchy to serve the others in a dignified way Recognizing this mutual hierarchy of the divine persons fosters a view of the Trinity that is maximally social in keeping with the name social Trinitarianism In proceeding thus the book attempts to in a unique way show the harmony between systematic theology exegesis and practice      **Evangelical Dictionary of Theology** Daniel J. Marinello, 2013-09-12 New Brethren in Flanders is the story of the planting and remarkable growth of Brethren churches in the Dutch speaking part of Belgium at the end of the twentieth century The Evangelische Christengemeenten Vlaanderen ECV began in the early 1970s as a result of evangelistic church planting efforts led by a group of Canadian Christian Brethren missionaries In just under twenty years the ECV grew from one evangelistic home Bible study to over thirty local churches in Flanders the Netherlands and Germany composed almost entirely of newly converted evangelical Christians As one of those who grew up in these churches notes The Spirit of God through the ECV's founders built up an altogether masterly piece of work right in front of us      *New Testament Theology in Light of the Church's Mission* Jon C. Laansma, Grant Osborne, Ray Van Neste, 2011-11-09 This book offers important new case studies in understanding the theology and praxis of mission in the New Testament and in reading the New Testament for mission Significant scholars from around the world explore aspects of the missional theology of the Gospels Acts Paul Hebrews and Revelation The essays are offered as a fitting tribute to I Howard Marshall one of the most outstanding evangelical New Testament scholars of his generation      **Pauline Communities as 'scholastic Communities'** Claire S. Smith, 2012 Edwin Judge's description of early Christian communities as scholastic communities provides the starting point of a search for a sociological description of the Christian communities portrayed in 1 Corinthians 1 and 2 Timothy and Titus An original methodology uses a multi layered exegetical approach to study every occurrence of the vocabulary of teaching in the letters The focus is on the activity of teaching e g participants method manner purpose result etc The vocabulary

represents ten semantic groupings which shed further light on the place and practice of education in the communities core teaching speaking traditioning announcing revealing worshipping commanding correcting remembering imitation and false teaching Claire S Smith supports and develops Judge s 1960 description advancing on it by showing that the communities are better described as learning communities with horizontal human human and vertical divine human dimensions

**Our Politeuma Is in Heaven!** Gennadi A. Sergienko, 2013-10-14 For many of whom I often told you and even now am writing with tears walk as the enemies of the cross of Christ they walk to their final destruction their god is the belly and their glory is in shameful things their minds are earthly bound But our is in heaven from where we expect the Lord Jesus Christ who is our Savior Philippians 3 18 20 Paul s letters to Philippians show us that this rather outspoken man had plenty of opportunity and cause to aggravate his christian contemporaries However for Paul to use such hostility and to name people as enemies shows us that we should take note and try to understand the meaning behind his statement In this work the author asks who were these enemies What did they do wrong Why did they deserve destruction In search of these questions the investigation looks to the early Christian communities and their formation within the socio political realities of the urban centers of the Roman Empire Through this we learn a great deal about the uneven and complex dynamics of the early Christian community and a deep understanding of Paul s warning to them
