Comparative Politics of the Third World December Green, Laura Luehrmann, 2003 Engaging Refreshing Provocative These are just a few of the positive responses received already to this much needed new textbook Comparative Politics of the Third World offers just the right blend of theory and substance to introduce students in a meaningful way to the developing or not developing world Avoiding overgeneralization on the one hand and the problems of a strictly country by country approach on the other authors Green and Luehrmann consistently link concepts pertaining to history politics economics and international relations to a set of eight case studies the classic cases of Mexico Nigeria Iran and China and the alternative cases of Peru Zimbabwe Turkey and Indonesia Their approach an accessible and even compelling narrative is directed specifically at today's undergraduate students Among the many outstanding features of the book Uses the familiar concreteness of case studies to make sense of both classic and cutting edge theory Provides a solid introduction to eight countries as well as the analytical tools needed to appreciate the enormous diversity of experience within and across regions Raises controversies offers a stimu The Other World Anika Leithner, Craig Arceneaux, Benjamin F. Timms, Sara Lopus, Shanruo Zhang, 2024 Now in its eleventh edition The Other World combines thematic and area studies approaches to explore contemporary global issues Accessible and interdisciplinary this textbook offers political economic social and historical analyses of Latin America Sub Saharan Africa North Africa and the Middle East and Asia The Other World highlights similarities and differences as it recognizes the challenges and opportunities offered by globalization New to the eleventh edition A new co author Sara Lopus whose academic training at the intersection of social agricultural and environmental problems enhances the interdisciplinary appeal of the book A new concluding chapter on Other World features in Western countries and postcolonialism Revamped sections on Perspectives on Globalization with cases on creative responses to sustainability sovereignty and cultural change issues Discussion of new topics including cybersecurity and cyberwarfare the impact of supply chain bottlenecks food politics and issues of global obesity the rise of zoonotic diseases and pandemics such as Covid 19 new regional diplomacy in Middle East protest and political change in Latin America refugee flows the emergence of ageing populations and many more The Other World is the perfect introductory text to the world's developing regions and their political challenges a must buy for courses in comparative politics politics of the developing world and introduction to international studies **Turbulent Times** José de Arimatéia da Cruz, 2021-06 Turbulent Times Selected Readings on World Politics in the Twenty First Century provides students with timely and thought provoking articles that underscore the complexities of global politics and their far reaching impacts on the rest of the world The anthology is divided into seven distinct parts The readings in Part I examine the impact of female presidents on political activity Part II explores the concept of globalization and more specifically the rise

of China as a potential challenge to the legitimacy of liberalism and the new international order established in the aftermath of the collapse of the Soviet Union and the end of the Cold War Part III discusses the rise of non traditional actors in the international system and the challenges they present to nation states throughout the world In Part IV students read about power competition and the rise of autocratic states Part V examines two Communist countries trajectories Cuba and the Soviet Union In the final sections students learn about less developed and newly industrialize economies of the world and are challenged to envision the future of democracy Turbulent Times is ideal for courses in international relations comparative politics international studies and world politics

Emerging Powers in a Comparative Perspective Vidya Nadkarni, Norma C. Noonan, 2012-12-20 The book examines the rising influence of emerging powers in global politics with a special focus on the BRIC countries Brazil Russia India China Chapters contributed by international scholars first look at the changing status of the US in the 21st century and at the EU as both an emerging and innovative power China s rising power status India s regional and global influence Russia s re emergence and Brazil s growing regional and international role are then analyzed comparatively to explain how the BRIC states are poised to become vital players not only in politics and economy but also in key international concerns such as terrorism globalization and climate change The book provides a detailed analysis of political economic security and foreign policy trends in the BRIC countries to address such questions as to whether they will seek to revise the international order or work within it and how they will deal with transnational global problems Using a unique comparative approach the text will appeal to undergraduate students in world politics international relations and foreign policy
