

Comparing and Contrasting Themes Across Genres

Creating a theme helps fiction writers convey an important message. The story "And of Clay Are We Created," is fictionalized from the newspaper article "Ill Equipped Rescuers". Both the story and the newspaper article express a similar theme and purpose, but they also have some difference in them. In "And of Clay Are We Created" and "Ill Equipped Rescuers," authors Isabel Allende and Bradley Graham use terms like "loss" and "hopelessness" to develop a theme that portrays the devastating tragedy that struck Colombia. In the fiction story "And of Clay Are We Created," Allende focuses its theme more on memory and reminiscence.

For Rolf Carle, the most important thing that happens during his days with Azucena is his confrontation to his horrifying past. He had forbid himself to think about the prisoners he buried, dealing with an abusive father, and seeing his mother naked and crying. While being with Azucena he learns to find the courage and look back and accept the horrific memories. As Rolf Carle is remembering his horrible past, he starts to tear up. Remembering his past has a huge affect on him. He begins to lose focus on everything he loves.

Rolf starts creating a gap between himself, his work, and even his companion. He spends most of his time looking out the window at the mountains remembering and finally learning to deal with his past. The narrator, his companion, says "You are back with me, but you are not the same man. I often accompany you to the station and we watch the videos of Azucena again; you study them intently, looking for something you could have done to save her, something you did not think of in time" (265). She knows it is important for him to go through this voyage so he can find the courage in himself.

She says "I know when you return from your nightmares, we shall again walk hand in hand, as before" (265). Bradley Graham's newspaper article, "Ill-Equipped Rescuers," which is based on the real event in Colombia, has a theme that focuses more on tragedy and destruction. The article explains the mess the eruption caused, where as the story focuses on explaining and expressing Rolf Carle's and Azucena's thoughts and emotions. Graham's article goes into great detail about the "Scattered belongings and crushed bodies buried under brown watery slush..." (267).

Because there were about 20,000 or more people dead, officials claimed that Armero was "holy ground" (Graham 268). There were many people there to try and help all those who were injured and those who were stuck in rubble. According to Alferez, there could have been 1000 people trapped alive in the city's ruins (268). After the volcanic eruption, a flood of mud arose. This made it much more difficult for rescuers to dig out those who were stuck in the rubble and debris. Graham's article also informed us about all those who were buried alive, stuck in the rubble, or were drifted away in the mud.
