*Representation in the Novels of Arundhati Roy and Kiran Desai* Sonali Das, 2018-04-18 This book is the first of its kind to examine the theories of nation and national identity in both the West according to the theories of Benedict Anderson and Salman Rushdie and in the East in the light of the works of Jawaharlal Nehru as they apply to the novels of Arundhati Roy and Kiran Desai. The second part of the twentieth century witnessed a new interface between fiction and history called New History. It brought into its purview the hitherto marginalized sections of society like slaves, peasants, workers, women and children. Whereas the subalterns in *The Inheritance of Loss* are disempowered by the brunt of globalisation and neo colonialism, the subalterns in *The God of Small Things* face the ire of the deep seated divisions based on caste and gender bias in a postcolonial society. In addition, this book also deals with contemporary social issues like individual identity in a multicultural world where cultures and nature converge into myriad ways of living. It will be of immense benefit to MA and MPhil students all over India as well as to PhD scholars and teachers of English literature both in India and abroad. *The Perturbed Self* Mengxing Fu, 2021-08-30 By comparison of late nineteenth century ghost stories between China and Britain, this monograph traces the entangled dynamics between ghost story writing, history making and the moulding of a gendered self. Associated with times of anxiety, groups under marginalisation and tensions with orthodox narratives, ghost stories from two distinguished literary traditions are explored through the writings and lives of four innovative writers of this period, namely Xuan Ding and Wang Tao in China and Vernon Lee and E Nesbit in Britain. Through this cross cultural investigation, the book illuminates how a gendered self is constructed in each culture and what cultural baggage and assets are brought into this construction. It also ventures to sketch a common poetics underlying a literature of the anomaly that can be both destabilising and constructive, subversive and coercive. This book will be welcomed by the Gothic studies community as well as scholars working in the fields of women's writing, nineteenth century British literature and Chinese literature. *Literary Criticism and Creation* Dr. Prakash B. Tegghalli, 2021-08-12 Criticism is an exercise of judgment and literary criticism is an exercise of judgment on a work of literature. Literary criticism interprets and evaluates a work of literature in a given context. As it is said, literary criticism is not every body's cup of tea; it is rather a difficult task. This book presents the glimpses of critical theories down from Longinus to Derrida. It also provides an account of modern trends in literary criticism. It presents the

theoretical concepts of literary criticism and creative process in brief The book covers major trends and their approaches in brief to convince the reader about the elementary aspects of existed critical theories and creativity Here an attempt has been made to simplify the critical theories keeping in mind the conceptual ability of the students community at graduate level No doubt the book will meet out the basic needs and urge of the students who aspire to understand literature and literary criticism This is the result of my several years of teaching experience particularly the literary criticism critical theories and creative literature Many students of literature feel difficult to understand these critical theories at graduate level The complexities of the students in understanding instigated me to simplify these concepts to their level of understanding In writing this short discourse I have had the guidance of many senior teachers who are well acquainted with critical theories Besides I have leaned more or less heavily on Contemporary Literary Theory A Students Companion by N Krishnaswamy Modern Theories of Poetic Criticism by R S Tiwary Berely Long s Marxism and Art Writings in Aesthetics and Criticism Literary Criticism An Introduction by Prof G B Sajjan I acknowledge all these writers and publishers for their explicit reference in the body of the book I am indebted to Shri R V Prabhu for his DTP Work I am grateful to my entire dear and near friends my parents and family members my wife Akkamahadevi and my daughter Trupti for their constant support and encouragement Dr Prakash B Tegghalli      Arabic, Persian, and Turkic Poetics Hany Rashwan, Rebecca Ruth Gould, Nasrin Askari, 2024-12-19 Drawing on the richness and depth of the literatures from the Islamicate world Arabic Persian and Turkic Poetics Towards a Post Eurocentric Literary Theory paves the way for a more inclusive literary theory that is rooted in Arabic Persian and Turkic literary traditions and which fosters a deeper understanding of global literary discourse      **Research Methods in English** M.P. GNANASEKARAN, 2018-02-28 Stylistics is a branch of Applied Linguistics and deals with the various levels of language graphological phonological lexical syntactic and semantic discourse In this book each level is lucidly explained with relevant theoretical concepts and they are practically applied to two poems as model exercises With the evidences explicitly available and insinuations implicitly conveyed in the text each poem is insightfully examined through a linguistics lens to explore the stylistic nuances embedded in it It can be exciting and interesting to anyone interested in the English language and poetic style in addition to students of literature

**Living with Monsters** Indrani Deb, 2022-05-09 Aldous Huxley is one of the most well known modernist intellectuals of

the first half of the twentieth century excelling in novels essays philosophical tracts and poems His novels are special in that they use a unique form the novel of ideas with which to satirize human nature and the pride regarding human achievement Few readers of English literature are not acquainted with books like Point Counter Point Eyeless in Gaza and Brave New World novels dealt with in detail A proper study of Huxley s characterization in his novels opens up a veritable treasure house of history philosophy psychology and incisive satire Characterology as the art of projecting different kinds of characters is called is an ancient art which either aimed at representing the entire universe in a single individual or the same in a variegated form through various individuals Huxley uses the latter kind in his representation of character and as such a study of the characters of his novels opens up a general interpretation of the universe as a whole *Indian Feminism:*

*Theory and Practice* Dr.A.Rajina Banu,2020-10-30 **Psychoanalytical Study of Rupa Bajwa's The Sari Shop** Rājabīra Randhāwā,2008 Theory in the "Post" Era Christian Moraru,Andrei Terian,Alexandru Matei,2021-08-26 Shortlisted for the AATSEEL 2022 Award for Best Edited Multi Author Scholarly Volume AATSEEL is The American Association of Teachers of Slavic and East European Languages Theory in the Post Era brings together the work and perspectives of a group of Romanian theorists who discuss the morphings of contemporary theory in what the editors call the post era Since the Cold War s end and especially in the third millennium theorists have been exploring the aftermath and sometimes just the after of whole paradigms the crisis or passing of anthropocentrism the twilight of an entire ontological and cultural condition as well as the corresponding rise of an antagonist model of an anti meta or neo alternative with examples ranging from posthumanism and post postmodernism to post aesthetics postanalog interpretation or digicriticism post presentism post memory post or neo critique and so forth It is no coincidence the contributors to this volume argue that this post moment is also a time when theory is practiced as a world genre If theory has always been a worlded enterprise a quintessentially communal cross cultural and international project this is truer at present than ever Perhaps more than other humanist constituencies today s theorists work and belong in a theory commons that is transnational if still uneven economically politically and otherwise Theory in the Post Era reports the results of Romanian theory experiments that join efforts made in other places to foster a theory for the post age *The Quintessence of Humanistic-Existentialism in Postcolonial Literature* Dr.A.Rajina Banu, Kamala Das: A Poetess and A Thinker , When I was student of English literature in M A final it was an ambition in my mind to write a book on Kamala Das After hard endeavor I am able to write this book I am aware of the fact there are a few books purported to be full length studies of Kamala Das s poetry available and there are also scores of articles and papers on the various aspects of her poetry that have appeared in literary journals or included in books on Indian writing in English But the sweep of such publications appear to be very limited In another words their views about Kamala Das s poetry seem truncated In this connection I would like to cite up a story of six blind men They went to acknowledge the elephant Each one touched the different parts of the elephant They touched the feet the leg the ear the trunk and the tail

Each one was confident in one's opinion. They quarreled among themselves for the recognition of the elephant. They all were right separately but all were wrong about the complete shape of the elephant. Such is the recognition of Kamala Das among the critics. Most critics agree she is the poet of Love and Sex. No doubt she had taken love and sex as objective correlative for her presentation. She has presented the prevailing evils of society. If we concentrate our mind on the writing of the literature we get particular stimulus and response. We take Valmiki for his historical poetry. This harbinger of worldly Sanskrit literature keeps the pathetic vision for mankind's destiny. He presents Ram in pathetic situation in course of life. He was exiled. Ravana abducted his wife Sita and in the last phase of his life he submerged in the river Sarayu. Whatever may be the case it is true there is inspiration in every creative work. Kamala gets inspiration from discordancy of woman's love. If we take the history of womankind as a writer we get Love and Sex are deeply delved in the writing therefore it is wrong to charge Kamala Das for the representation of Love and Sex. Kamala Das's poetry has remarkable feature of its own. First it marks the male and female relation in running society of the time in which the writer lives. What she has experienced in her private life she universalised it for contemporary society. If obscenity is charged with her writing it is worth marking the term is elastic it changes its form according to time place and person. Here we must take the realism of discordancy. One must know Kamala Das's poetry follows the pattern of Nissim Ezekiel and Ramanujan. It is most remarkable factor in the soul of Kamala Das's poetry in last phase of her poetry we get sublimation of Love i.e. in Ghanshyam and Vindravan. She discovers the evil through her presentation of poetry and desires a harmonic and balanced love in society. There is magic of her art in her poetry. Indianness and Indian culture I have presented it in the last chapter of the book. There is balance of content and art. Though she is not highly educated she is expert in the portrait of poetry. This book begins with a seminal Introduction following the Background. Kamala Das: Singer of feminine sensibility. Autobiographical and Confessional Note in Kamala Das's poetry. Protest Against Well established Social Conventions. In the last chapter of Evaluation her art is marked. Thanks to all whose works I have employed in my book. After all I am grateful to my husband and parents who have provided me essential help of needed occasion. If Critics and Readers like my simple but honest thinking it would be my ample reward. Thanks to God who guides me time to time in the form of man.

**Against World Literature** Emily Apter, 2014-06-10

**Against World Literature** On the Politics of Untranslatability argues for a rethinking of comparative literature focusing on the problems that emerge when large scale paradigms of literary studies ignore the politics of the Untranslatable the realm of those words that are continually retranslated mistranslated transferred from language to language or especially resistant to substitution. In the place of World Literature a dominant paradigm in the humanities one grounded in market driven notions of readability and universal appeal. Apter proposes a plurality of world literatures oriented around philosophical concepts and geopolitical pressure points. The history and theory of the language that constructs World Literature is critically examined with a special focus on Weltliteratur literary world systems narrative ecosystems language borders and checkpoints theologies of

Canadian Literature K. Balachandran, 2007 The Ends of Meter in Modern Japanese Poetry Scott Mehl, 2022-01-15 In *The Ends of Meter in Modern Japanese Poetry* Scott Mehl analyzes the complex response of Meiji era Japanese poets and readers to the challenge introduced by European verse and the resulting crisis in Japanese poetry Amidst fierce competition for literary prestige on the national and international stage poets and critics at the time recognized that the character of Japanese poetic culture was undergoing a fundamental transformation and the stakes were high the future of modern Japanese verse Mehl documents the creation of new Japanese poetic forms tracing the first invention of Japanese free verse and its subsequent disappearance He examines the impact of the acclaimed and reviled shintaishi a new poetic form invented for translating European language verse and eventually supplanted by the reintroduction of free verse as a Western import *The Ends of Meter in Modern Japanese Poetry* draws on materials written in German Spanish English and French recreating the global poetry culture within which the most ambitious Meiji era Japanese poets vied for position **The Transnational in Literary Studies** Kai Wiegandt, 2020-07-06 This volume clarifies the meanings and applications of the concept of the transnational and identifies areas in which the concept can be particularly useful The division of the volume into three parts reflects areas which seem particularly amenable to analysis through a transnational lens The chapters in Part 1 present case studies in which the concept replaces or complements traditionally dominant concepts in literary studies These chapters demonstrate for example why some dramatic texts and performances can better be described as transnational than as postcolonial and how the transnational underlies and complements concepts such as world literature Part 2 assesses the advantages and limitations of writing literary history with a transnational focus These chapters illustrate how such a perspective loosens the epistemic stranglehold of national historiographies but they also argue that the transnational and national agendas of literary historiography are frequently entangled The chapters in Part 3 identify transnational genres such as the transnational historical novel transnational migrant fiction and translinguistic theatre and analyse the specific poetics and politics of these genres
