Aquinas and the Early Chinese Masters Joshua Brown, Joshua R. Brown, 2024 Aquinas and the Early Chinese Masters lays intellectual foundations for the integration of Chinese philosophy into Catholic theology Although Catholic theology in Chinese contexts has drawn upon Chinese philosophical concepts few have attempted to develop a rigorous systematic approach to testing what in the Chinese philosophical traditions can be fruitful or unfruitful for Catholic theological expression This book attempts to model such an approach by engaging classical Chinese philosophy with the mind and spirit of St Thomas Aquinas who read Aristotle and other pagan philosophers with both charitable appreciation and a firm critical eye It applies this Thomistic lens through concrete comparative engagements with three main representatives of early Chinese philosophy Mencius Mengzi Xunzi and Mozi In each chapter the book presents Aquinas thought as an evaluative frame for perceiving how Chinese philosophical commitments and concepts do or do not seem fit for adoption into Catholic theological science Following the general structure of the Summa theologiae the book is comprised of six chapters touching on the doctrine of God morality and Christology The first two chapters engage Confucian master Mengzi's notion of Heaven Tian and then the Mohist doctrine of Heaven's Will Tian zhi Chapter three provides a Thomistic assessment of the two main positions in the classical Confucian debate on the goodness of man's moral nature renxing Chapter four compares Aquinas account of charity and Mozi's doctrine of universal love jian ai Chapter 5 offers a Thomistic assessment of the possibility of understanding Christ in terms of Xunzi's sage shengren Finally Chapter 6 explores Christ as a moral teacher by putting Aquinas reading of Matt 8 21 22 into conversation with Confucian ethics of filial virtue

The Grass Lark, It is remarkable how persistent a minor writer may be He may lack the large vision and universal message of the great writer but instead possess a clear true intense view of particular places peoples and situations that renders his work unique and irreplaceable Lafcadio Hearn 1850-1904 is such a figure in American literature Best known as a scholar of Japanese culture Hearn was a remarkable journalist translator travel writer and perhaps second only to Poe in the literature of the macabre and supernatural Hearn's life as strange and colorful as his work is brilliantly recounted in Elizabeth Stevenson's sensitive and sympathetic biography The range of Hearn's writing is reflected in the peripatetic course of his life The son of an Irish father and a Greek mother he

was born on the Ionian island of Leucadia was raised in Dublin and came to America at the age of nineteen His early career was spent as a journalist Without a trace of condescension or pity he entered into the lives of the dock workers of Cincinnati the Creoles of New Orleans and Martinique and later the common villagers of Japan describing how they lived and worked and what they believed No mere seeker after the exotic Hearn's immersion in Japanese culture following his emigration in 1890 was born of a profound affinity of mind and sensibility In Japan the clarity and force of his expression matured Here Hearn found a beautifully ordered artistically sensitive society but one indifferent to individualism In later years he saw a society also increasingly susceptible to modern forces of authoritarianism militarism and xenophobia Horrified by the dehumanizing potential of these forces in East and West alike Hearn remained acutely sensitive to the most minute experience His study of Japanese folklore and his retelling of its tales and ghost stories combine insight into the universals of the larger human world with an exquisite appreciation of how small things matter Elizabeth Stevenson's book is as much about the writer as the man While giving an accurate measure of the scale of Hearn's achievement she makes a compelling case for its artistry Her reading demonstrates that his writings are not mere aids to the understanding of various cultures but ends in themselves Hearn did not just translate the folklore of other cultures he recreated it *The Grass Lark* will interest literary scholars American studies specialists and folklorists Elizabeth Stevenson held a variety of positions during her working life She found a home at Emory University and retired as Candler Professor of American Studies in its graduate division The Institute of the Liberal Arts She is the author of *Henry Adams and Babbitts* and *Bohemians* both available from Transaction
