Contested Statehood Kosovos Struggle For Independence

Tom Ginsburg, Sumit Bisarya

Contested Statehood Kosovos Struggle For Independence:

Contested Statehood Marc Weller, 2009-03-12 This is the first critical analysis of the international attempts to settle the Kosovo crisis written from first hand insights of the settlement attempts It covers several strands of analysis including the tension between state sovereignty and humanitarian concerns and the role of the threat or use of force in coercive international diplomacy

Kosovo, A Documentary History Robert Elsie, Bejtullah D. Destani, 2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998 This volume is a compilation of key documents on Kosovo from the first half of the twentieth century These texts including numerous diplomatic despatches from the British Foreign Office deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders including those of the so called Kosovo Committee in exile to bring the plight of their people to the attention of the outside world endeavours which largely failed Further documents reflect the situation in Kosovo up to the outbreak of World War II This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now It sheds new light on many of the major and minor episodes that channelled and determined subsequent events including the Kosovo War of 1998 1999 and the declaration of independence in February 2008

State-Building in Kosovo Andrea Lorenzo Capussela, 2015-03-19 The history of Kosovo is a complicated one which typifies the darker side of modern Balkan history Milosevic's Serbia withdrew from Kosovo in 1999 and the province was handed over to a special UN body who governed until 2008 when the West allowed Kosovo to become independent The aim was to erect a stable and well governed democracy but the outcome was a fragile state which still threatens the stability of the Balkans and Europe's internal security How did this happen Here Andrea Lorenzo Capussela offers an inside look at the process of building democracy in Kosovo As head of the economics unit of Kosovo's international supervisor Capussela has had access to previously unknown sources and information regarding the roles of the EU and the US in the crisis This will be an essential reading for those studying the Kosovo crisis

Research Handbook on Secession Jure Vidmar, Sarah McGibbon, Lea Raible, 2022-12-13 Combining both theoretical and practical insights the Research Handbook on Secession addresses a wide range of legal issues and concepts surrounding secessions It considers both well known examples such as Kosovo and Bangladesh alongside less frequently discussed cases including Somaliland and Palestine The Research Handbook offers state of the art analysis of international law on among other topics statehood secession self determination as well as comparative constitutional perspectives

European Foreign Policy Panos Koutrakos, 2011-01-01 Like early mariners politicians and officials trying to navigate European foreign policy find themselves in an environment of unpredictable hazards hidden institutional shoals and legal reefs that can tear the bottom out of a policy This insightful

collection of contrasted studies shines the twin beams of political science and legal analysis into these opaque depths. Practitioners as well as scholars will benefit from the illumination. Nick Witney, European Council on Foreign Relations and Former Chief Executive of the European Defence Agency, UK. This collection on EU foreign policy is an attractive one for several reasons: it contains a very nice set of essays on a topic which has loomed large on the European Union agenda for some years; namely the international role of the EU. The chapters are written by a range of interesting and eminent scholars in the field. Most importantly, in terms of its distinctive contribution, the book brings together perspectives from law and from political science. This is done in part by including chapters by authors from different disciplines but also by choosing cross-pillar themes and topics such as the European Neighbourhood Policy, EU policy on Kosovo security and defence policy as well as more general cross-cutting themes like the idea of coherence, the position of the EU within international organizations and the approach of the EU to the international legal order. Each of the individual chapters is well worth reading and the book as a whole is a useful and interesting contribution to the existing literature.

Grinne de Brcia, Harvard Law School, US. Written by leading experts, this book focuses on central issues of the foreign policy of the European Union. The issues explored include how the EU's judges understand its relationship with the international order, the coherence of the Union's external action, the EU's approach to its neighbours, the Common Security and Defence Policy and the EU's participation in international organisations. By addressing each topic from a legal, political science and international relations standpoint, this relevant book highlights the different perspectives that these disciplines bring to the central issues of the EU's foreign affairs and starts a conversation between the respective communities. Scholars and students in European and international law, politics and international relations will find this book insightful. It will also prove timely for policy makers in the EU and international organisations as well as think tanks and non-governmental organisations specialising in European affairs.

Research Handbook on Post-Conflict State Building, Paul R. Williams, Milena Sterio, 2020-08-28. As a conflict ends and the parties begin working towards a durable peace, practitioners and peacebuilders are faced with the thrilling possibilities and challenges of building new or reformed political, security, judicial, social and economic structures. This Handbook analyzes these elements of post-conflict state building through the lens of international law, which provides a framework through which the authors contextualize and examine the many facets of state building in relation to the legal norms, processes and procedures that guide such efforts across the globe. The volume aims to provide not only an introduction to and explanation of prominent topics in state building but also a perceptive analysis that augments ongoing conversations among researchers, lawyers and advocates engaged in the field.

Das Kosovo-Gutachten des IGH vom 22. Juli 2010, 2011-10-28. The ICJ's Opinion on Kosovo of 22 July 2010 has touched upon many pivotal questions of international law. This book contains a comprehensive stock-taking on this subject, written by several international law experts from different European countries. Das IGH Gutachten zum Kosovo vom 22. Juli 2010 spricht eine Vielzahl an grundlegenden Fragen des internationalen Rechts an. Dieser Band enth

eine grundlegende Bestandsaufnahme zu dieser Thematik mit Beiträgen einer Reihe von Autoren aus verschiedenen europäischen Staaten

Negotiating Peace in Kosovo Ramadan Ilazi, Bekim Çollaku, Fisnik Rexhepi, 2025-07-15 This book offers an account of the European Union EU facilitated dialogue for normalization of relations between Kosovo and Serbia examining how the EU's approaches local politics and civil society shaped the process Rich with sources it is essential reading for peace negotiations and EU's work in the Western Balkans Using first hand experience the book explains why the talks scored significant wins but have yet to achieve full normalization of relations between the two countries Chapter 1 outlines the objectives of the normalization dialogue Chapter 2 examines why the normalization dialogue became necessary even after the International Court of Justice ICJ ruled that Kosovo's independence was legal Chapter 3 dissects the dialogue's so called technical phase while Chapter 4 examines the shift to the political phase Chapter 5 showcases civil society's corrective power and limits while the conclusion deduces lessons for future EU mediation approaches and conflict resolution

The Use of Force in International Law Tom Ruys, Olivier Corten, Alexandra Hofer, 2018-04-26 The international law on the use of force is one of the oldest branches of international law It is an area twinned with the emergence of international law as a concept in itself and which sees law and politics collide The number of armed conflicts is equal only to the number of methodological approaches used to describe them Many violent encounters are well known The Kosovo Crisis in 1999 and the US led invasion of Iraq in 2003 spring easily to the minds of most scholars and academics and gain extensive coverage in this text Other conflicts including the Belgian operation in Stanleyville and the Ethiopian Intervention in Somalia are often overlooked to our peril Ruys and Corten's expert written text compares over sixty different instances of the use of cross border force since the adoption of the UN Charter in 1945 from all out warfare to hostile encounters between individual units targeted killings and hostage rescue operations to ask a complex question How much authority does the power of precedent really have in the law of the use of force

The Power of Legality Nikolas Rajkovic, Tanja E. Aalberts, Thomas Gammeltoft-Hansen, 2016-07-28 Legality today commands substantial currency in world affairs and this volume examines the struggle over its meaning in diverse practices

The Law and Politics of the Kosovo Advisory Opinion Marko Milanovic, Michael Wood, 2015-03-19 This volume is an edited collection of essays on various aspects of the 2010 Kosovo Advisory Opinion of the International Court of Justice The main theme of the book is the interplay between law and politics regarding Kosovo's independence generally and the advisory opinion specifically How and why did the Court become the battleground in which Kosovo's independence was to be fought out or not How and why did political arguments in favour of Kosovo's independence e.g. that Kosovo was a unique sui generis case which set no precedent for other secessionist territories change in the formal legal setting of advisory proceedings before the Court How and why did states supporting either Kosovo or Serbia choose to frame their arguments How did the Court perceive them What did the Court want to achieve and did it succeed in doing so And how was the opinion received and what broader implications did it have so far

These are the questions that the book hopes to shed some light on To do so the editors assembled a stellar cast of contributors many of whom acted as counsel or advisors in the case as well a number of eminent scholars of politics and international relations whose pieces further enrich the book and give it an interdisciplinary angle The book thus tells the story of the case places it within its broader political context and so attempts to advance our understanding of how such cases are initiated litigated and decided and what broader purposes they may or may not serve The Legacy of Yugoslavia Othon Anastasakis,Adam Bennett,David Madden,Adis Merdzanovic,2020-06-25 What are the consequences of Yugoslavia s existence and breakup for the present This book reflects on this very question identifying and analysing the political legacies left behind by Yugoslavia through the prism of continuities and ruptures between the past and present of the area After the collapse of Yugoslavia it s former states adopted a nation building process which opted to eradicate the past as such an approach seemed more convenient for the new national projects The new states adopted new institutions new market oriented economic paradigms and new national symbols Yugoslavia existed for 70 years and to consider the current political situation in post Yugoslav states such as Slovenia Croatia Bosnia and Herzegovina Serbia Montenegro North Macedonia and Kosovo without taking into account the legacy and remnants of Yugoslavia is to discount a vital part of their political history This volume takes a multi disciplinary and multi faceted approach to examining the legacy of Yugoslavia covering politics society international relations and economics Focusing on distinctive features of Yugoslavia including worker self management the combination of liberalism and communism and the Cold War policy of Non Alignment The Legacy of Yugoslavia places Yugoslavia in historical perspective and connects the region s past with its contemporary political situation

Judicial Application of International Law in Southeast Europe Siniša Rodin,Tamara Perišin,2015-04-24 This edited volume presents comparative research on how the courts in Southeast Europe apply international law After the introductory Part I Part II discusses specific areas of international law notably the law of Association Agreements between the EU and third countries the law of the World Trade Organization and international environmental law the Aarhus Convention Part III consists of country reports on how national courts in Albania Bosnia and Herzegovina Croatia Kosovo Macedonia Montenegro Serbia and Slovenia are currently applying international law **Debating the End of Yugoslavia** Florian Bieber,Armina Galijaš,2016-05-13 Countries rarely disappear off the map In the 20th century only a few countries shared this fate with Yugoslavia The dissolution of Yugoslavia led to the largest war in Europe since 1945 massive human rights violations and over 100 000 victims Debating the End of Yugoslavia is less an attempt to re write the dissolution of Yugoslavia or to provide a different narrative than to take stock and reflect on the scholarship to date New sources and data offer fresh avenues of research avoiding the passion of the moment that often characterized research published during the wars and provide contemporary perspectives on the dissolution The book outlines the state of the debate rather than focusing on controversies alone and maps how different scholarly communities have reflected on the dissolution of the country what arguments remain

open in scholarly discourse and highlights new innovative paths to study the period

Self-Determination and Humanitarian Secession in International Law of a Globalized World Juan Francisco Escudero Espinosa, 2018-03-24 This book addresses questions in connection with the international legal regime on demands for secession which have arisen in various States. More specifically it examines the unilateral declarations of independence by Kosovo in 2008 and by Crimea and its subsequent annexation by the Russian Federation in 2014. The work investigates the two cases so as to shed light on the international legal regime affecting entities that are smaller than a sovereign State. It analyzes the relevant principles of international law, the intention being to determine their scope and review them in light of the most recent practice and developments in international law. In turn, the book examines and explains the events of relevance for international law that occurred in the changing situations in Kosovo and Crimea. On the basis of these legal considerations, it explores how the international community can respond when faced with situations that may violate international law together with the effectiveness of various measures. It also discusses whether certain situations might be legitimate as a concept could now be emerging that secession may be justified in specific circumstances such as serious and widespread violations of basic human rights.

The Nagorno-Karabakh deadlock Azer Babayev, Bruno Schoch, Hans-Joachim Spanger, 2019-05-02 The book examines all relevant models which have been employed in settling ethno territorial conflicts since the time of the League of Nations. Eight of these models have been studied in depth. The aim of this analysis is to gain expertise and insights that could prove relevant to resolving the conflict in Nagorno Karabakh. This potential is evaluated in the closing chapters of the volume where novel ideas on how to apply the lessons of these cases to the conflict in Nagorno Karabakh are presented. This conflict carries many features typical of ethno territorial conflicts in present and past times; it is neither unique nor does its settlement depend on others than the parties to the conflict. Rather, it is as in all other cases, entrenched historical narratives and enemy images which lead to zero sum calculations and can conceivably only be overcome in a gradual process.

Content
Part I Nagorno Karabakh and ethno territorial conflict settlement
Part II Case studies of ethno territorial conflict settlement
land Bosnia and Herzegovina Kosovo South Tyrol Trieste Cyprus Northern Ireland Quebec
Part III Results and conclusions
A way out for Nagorno Karabakh

The Editors: Dr Azer Babayev is Assistant Professor of Political Science at ADA University Baku. Dr Bruno Schoch is Associated Researcher at PRIF Peace Research Institute Frankfurt Frankfurt Main. Dr Hans Joachim Spanger is Head of the Dissemination Division at PRIF Peace Research Institute Frankfurt Frankfurt Main.

The Oxford Handbook of United Nations Peacekeeping Operations Joachim Koops, Norrie MacQueen, Thierry Tardy, Paul D. Williams, 2015-07-09 The Oxford Handbook on United Nations Peacekeeping Operations presents an innovative authoritative and accessible examination and critique of the United Nations peacekeeping operations. Since the late 1940s but particularly since the end of the cold war, peacekeeping has been a central part of the core activities of the United Nations and a major process in global security governance and the management of international relations in general. The volume will present a

chronological analysis designed to provide a comprehensive perspective that highlights the evolution of UN peacekeeping and offers a detailed picture of how the decisions of UN bureaucrats and national governments on the set up and design of particular UN missions were and remain influenced by the impact of preceding operations The volume will bring together leading scholars and senior practitioners in order to provide overviews and analyses of all 65 peacekeeping operations that have been carried out by the United Nations since 1948 As with all Oxford Handbooks the volume will be agenda setting in importance providing the authoritative point of reference for all those working throughout international relations and beyond

Constitution Makers on Constitution Making Tom Ginsburg, Sumit Bisarya, 2022-11-17 Constitution making is a major event in the life of a country with constitutions often acting as a catalyst for social and political transformation But what determines the visions aspirations and compromises that go into a written constitution In this unique volume constitution makers from countries around the world come together to offer their insights Using a collection of case studies from countries with recently written constitutions Constitution Makers on Constitution Making provides a common framework to explain how constitutions are created Scholars and practitioners very close to the process illuminate critical insights into how participants see constitutional options how deadlocks are broken and how changes are achieved This vital volume also draws lessons concerning the role of courts in policing the process on international involvement and on public participation

The Routledge History of World Peace since 1750 Christian Philip Peterson, William M. Knoblauch, Michael Loadenthal, 2018-10-10 The Routledge History of World Peace since 1750 examines the varied and multifaceted scholarship surrounding the topic of peace and engages in a fruitful dialogue about the global history of peace since 1750 Interdisciplinary in nature the book includes contributions from authors working in fields as diverse as history philosophy literature art sociology and Peace Studies The book crosses the divide between historical inquiry and Peace Studies scholarship with traditional aspects of peace promotion sitting alongside expansive analyses of peace through other lenses including specific regional investigations of the Middle East Africa Latin America and other parts of the world Divided thematically into six parts that are loosely chronological in structure the book offers a broad overview of peace issues such as peacebuilding state building and or conflict resolution in individual countries or regions and indicates the unique challenges of achieving peace from a range of perspectives Global in scope and supported by regional and temporal case studies the volume is an essential resource for educators activists and policymakers involved in promoting peace and curbing violence as well as students and scholars of Peace Studies history and their related fields

The UN and Human Rights Guglielmo Verdirame, 2011-09-08 Through an analysis of UN operations including international territorial administration refugee camps peacekeeping the implementation of sanctions and the provision of humanitarian aid this book shows that the powers exercised by the UN carry a serious risk of human rights abuse The International Law Commission has codified and developed the law of institutional responsibility but while indispensable these principles and rules cannot on their own

ensure compliance and accountability The liberty deficit of the UN and of other international organisations thus remains an urgent legal and political problem Some solutions may be available indeed recent state and institutional practice offers interesting examples in this respect But at a fundamental level we need to ask ourselves whether judged on the basis of the principle of liberty the power shift from states to international organisations is always beneficial

Contested Statehood Kosovos Struggle For Independence Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change. nonlinear system identification from classical - Mar 19 2023

web jan 1 2001 from classical approaches to neural networks and fuzzy models the book covers the most common and important approaches for the identification of nonlinear

nonlinear system identification from classical approaches to - Jun 22 2023

web nonlinear system identification from classical approaches to neural networks fuzzy models and gaussian processes responsibility oliver nelles edition 2nd ed imprint

pdf classical system identification researchgate - Jan 05 2022

web nonlinear system identification from classical approaches to neural networks and fuzzy models is written by oliver nelles and published by springer the digital and

nonlinear system identification from classical approaches to - Jul 11 2022

web sep 9 2020 oliver nelles nonlinear system identification from classical approaches to neural networks fuzzy models and

gaussian processes 2nd edition kindle edition

nonlinear system identification from classical approaches to - Feb 06 2022

web may 1 2022 volterra series approximate a broad range of nonlinear systems their identification is challenging due to the curse of dimensionality the number of model

nonlinear system identification of neural systems from - Nov 03 2021

open access nonlinear system identification from classical - Apr 08 2022

web sep 1 2020 this paper compares radial basis function networks for identification of nonlinear dynamic systems with classical methods derived from the volterra series

nonlinear system identification from classical approaches to - Oct 14 2022

web buy nonlinear system identification from classical approaches to neural networks fuzzy models and gaussian processes 2nd ed 2020 by nelles oliver isbn

nonlinear system identification from classical - Jul 23 2023

web sep 9 2020 in the past nonlinear system identification was a field characterized by a variety of ad hoc approaches each applicable only to a very limited class of systems

nonlinear system identification of neural systems from - Jan 17 2023

web mar 3 2021 nonlinear behaviours in neural systems are thought to be associated with various neural functions including neuronal encoding neural processing of synaptic

nonlinear system identification from classical approaches to - Apr 20 2023

web 3 reviews reviews aren t verified but google checks for and removes fake content when it s identified the goal of this book is to provide engineers and scientists in academia and

nonlinear system identification from multiple model networks to - Aug 12 2022

web the book covers the most common and important approaches for the identification of nonlinear static and dynamic systems additionally it provides the reader with the

nonlinear system identification from classical approaches to - Sep 13 2022

web oct 1 2008 in this review we highlight recent advances in nonlinear system identification of neural systems corresponding time and frequency domain analysis

nonlinear dynamic system identification springerlink - May 09 2022

web nov 5 2000 nonlinear system identification from classical approaches to neural networks and fuzzy models oliver nelles 05 nov 2000 tl dr this chapter discusses

[nonlinear system identification from classical approaches to](#) - May 21 2023

web jan 1 2020 to identify the nonlinear properties of the mechanical system at hand the nonlinear arx model is studied as the identification method the nonlinear arx

[nonlinear system identification from classical approaches to](#) - Aug 24 2023

web this book provides engineers and scientists in academia and industry with a thorough understanding of the underlying principles of nonlinear system identification it equips them to apply the models and methods discussed to real problems with confidence while

nonlinear system identification wikipedia - Nov 15 2022

web nov 6 2000 this chapter discusses optimization techniques which focuses on the development of static models and applications which focus on the application of

nonlinear system identification from classical - Feb 18 2023

web mar 15 2021 in this review we highlight recent advances in nonlinear system identification of neural systems corresponding time and frequency domain analysis

nonlinear system identification of neural systems from - Dec 16 2022

web nonlinear system identification system identification is a method of identifying or measuring the mathematical model of a system from measurements of the system

[nonlinear system identification from classical approaches to](#) - Jun 10 2022

web may 19 2022 oliver nelles2 chapter first online 19 may 2022 2908 accesses 5 citations abstract this chapter addresses many fundamental issues arising when transitioning
