Katherine Bersch

Contesting Trade In Central America Market Reform And Resistance:

Contesting Trade in Central America Rose J. Spalding, 2014-04-01 In 2004 the United States five Central American countries and the Dominican Republic signed the Central American Free Trade Agreement CAFTA signaling the region's commitment to a neoliberal economic model For many however neoliberalism had lost its luster as the new century dawned and resistance movements began to gather force *Contesting Trade in Central America* is the first book length study of the debate over CAFTA tracing the agreement's drafting its passage and its aftermath across Central America Rose J Spalding draws on nearly two hundred interviews with representatives from government business civil society and social movements to analyze the relationship between the advance of free market reform in Central America and the parallel rise of resistance movements She views this dynamic through the lens of Karl Polanyi's double movement theory which posits that significant shifts toward market economics will trigger oppositional self protective social countermovements Examining the negotiations political dynamics and agents involved in the passage of CAFTA in Costa Rica El Salvador and Nicaragua Spalding argues that CAFTA served as a high profile symbol against which Central American oppositions could rally Ultimately she writes post neoliberal reform involves not just the design of appropriate policy mixes and sequences but also the hard work of building sustainable and inclusive political coalitions ones that prioritize the quality of social bonds over raw economic freedom

Social Movements in Chile Sofia Donoso, Marisa von Bülow, 2017-01-21 This book presents rich empirical analyses of the most important movements in Chile's post transition era the Student Movement the Mapuche Movement the Labor Movement the Feminist Movement and the Environmental Movement The chapters illuminate the processes that led to their emergence and detail how actors developed new strategies or revisited old ones to influence the political arena The book also offers contributions that situate these cases both in terms of the general trends in protest in Chile as well as in comparison to other countries in Latin America Emphasizing various facets of the debate about the relationship between institutional and non institutional politics this volume not only contributes to the study of collective action in Chile but also to the broader social movement literature

[The Oxford Handbook of Central American History](#) Robert H. Holden, 2022 Leading scholars of Central America offer critical analyses of major themes in the historiography of this seven country region of Latin America Chapters engage both the novice's search for basic orientation and context and the experienced scholar's interest in evaluative critiques of the historical literature

The Oxford Handbook of the Sociology of Latin America Xóchitl Bada, Liliana Rivera Sánchez, 2021 The essays included in this volume provide both an assessment of key areas and current trends in sociology specifically with regard to contemporary sociology in Latin America as well as a collection of innovative empirical studies The volume serves as an effective bridge of communication allowing sociological academics to mobilize and disseminate research dynamics from Latin America to the rest of the world

Legacies of the Left Turn in Latin America Manuel Balán, Françoise Montambeault, 2020-01-31 *Legacies of the Left Turn in Latin America* The Promise of Inclusive

Citizenship contains original essays by a diverse group of leading and emerging scholars from North America Europe and Latin America The book speaks to wide ranging debates on democracy the left and citizenship in Latin America What were the effects of a decade and a half of left and center left governments The central purpose of this book is to evaluate both the positive and negative effects of the Left turn on state society relations and inclusion Promises of social inclusion and the expansion of citizenship rights were paramount to the center left discourses upon the factions arrival to power in the late 1990s and early 2000s This book is a first step in understanding to what extent these initial promises were or were not fulfilled and why In analyzing these issues the authors demonstrate that these years yield both signs of progress in some areas and the deepening of historical problems in others The contributors to this book reveal variation among and within countries and across policy and issue areas such as democratic institution reforms human rights minorities rights environmental questions and violence This focus on issues rather than countries distinguishes the book from other recent volumes on the left in Latin America and the book will speak to a broad and multi dimensional audience both inside and outside the academic world Contributors Manuel Bal n Fran oise Montambeault Philip Oxhorn Maxwell A Cameron Kenneth M Roberts Nathalia Sandoval Rojas Daniel M Brinks Benjamin Goldfrank Roberta Rice Elizabeth Jelin Celina Van Dembroucke Nora Nagels Merike Blofield Jordi D ez Eve Bratman Gabriel Kessler Olivier Dab ne Jared Abbott Steve Levitsky

Central America's Forgotten History Aviva Chomsky, 2021-04-20 Restores the region s fraught history of repression and resistance to popular consciousness and connects the United States interventions and influence to the influx of refugees seeking asylum today At the center of the current immigration debate are migrants from Central America fleeing poverty corruption and violence in search of refuge in the United States In *Central America's Forgotten History* Aviva Chomsky answers the urgent question How did we get here Centering the centuries long intertwined histories of US expansion and Indigenous and Central American struggles against inequality and oppression Chomsky highlights the pernicious cycle of colonial and neocolonial development policies that promote cultures of violence and forgetting without any accountability or restorative reparations Focusing on the valiant struggles for social and economic justice in Guatemala Nicaragua El Salvador and Honduras Chomsky restores these vivid and gripping events to popular consciousness Tracing the roots of displacement and migration in Central America to the Spanish conquest and bringing us to the present day she concludes that the more immediate roots of migration from El Salvador Guatemala and Honduras lie in the wars and in the US interventions of the 1980s and the peace accords of the 1990s that set the stage for neoliberalism in Central America Chomsky also examines how and why histories and memories are suppressed and the impact of losing historical memory Only by erasing history can we claim that Central American countries created their own poverty and violence while the United States enjoyment and profit from their bananas coffee mining clothing and export of arms are simply unrelated curiosities **The Oxford**

Handbook of Latin American Social Movements Federico M. Rossi, 2023 Cover Page Half Title Series Page Title Page

Copyright Dedication Contents About the Editor About the Contributors Introduction 1 Multiple Paradigms for Understanding a Mobilized Region Part I Theoretical Perspectives 2 Marxist Theories of Latin American Social Movements 3 Resource Mobilization and Political Process Theories in Latin America 4 New Social Movements in Latin America and the Changing Socio Political Matrix 5 Relational Approaches to Social Movements in and beyond Latin America 6 Network Approaches to Latin America Social Movements 7 Feminist and Queer Perspectives on Latin American Social Movements 8 Decolonizing Approaches to Latin American Social Movements Part II Main Processes and Dynamics 9 Protest Waves in Latin America Facilitating Conditions and Outcomes 10 Social Movements and Nationalism in Latin America 11 Social Movements and Revolutions in Latin America A Complex Relationship 12 Social Movements under Authoritarian Regimes in Latin America 13 Social Movements and Democratization Processes in Latin America 14 Social Movements and Capitalist Models of Development in Latin America 15 Social Movements and Globalization in Latin America 16 Movements and Territorial Conflicts in Latin America 17 Demobilization Processes in Latin America Part III Main Social Movements 18 Transformations of Workers Mobilization in Latin America 19 Peasant Movements in Recent Latin American History 20 Women s Movements in Latin America From Elite Organizing to Intersectional Mass Mobilization 21 Indigenous Movements in Latin America Characteristics and Contributions 22 Afro Social Movements and the Struggle for Racial Equality in Latin America

Popular Politics and Protest Event Analysis in Latin America Moisés Arce, Takeshi Wada, 2024-04-01 The arrival of democracy and globalization was a watershed moment for Latin America It produced a changing political and economic environment where democracy provided challengers with expanding political opportunities but globalization precipitated economic threats to livelihoods and human welfare This changing environment removed the state from modes of political representation such as urban labor movements and their affiliated mass party organizations while unleashing more pluralistic heterogenous and decentralized patterns of popular representation Reducing its role in production the state became mostly a regulator of economic activities Arce and Wada s volume examines the consequences of democracy and globalization on popular protests in Latin America theorizing a broad shift of popular politics involving reactive and proactive mobilizations A collaboration of sixteen distinguished scholars with different specializations economists historians sociologists and political scientists in both the Global North and South the volume provides a unique collection of studies of protest events in ten Latin American countries Bolivia Brazil Chile Colombia Costa Rica Ecuador Mexico Nicaragua Peru and Venezuela

The Political Economy of Elites in Latin America Jan Ickler, Rebeca Ramos Padrón, 2024-12-31 Recent years have seen renewed interest in elites around the world and their interconnection with power privilege social stratification and social change The contributors to this edited volume explore the many facets of the role of elites in the political economy of Latin America their position within society their impact upon the economy and their influence within governing institutions The book demonstrates that in Latin America as in many other parts of the world structural change and movements toward

more just inclusive and sustainable societies seem impossible without the involvement of elites at some level This raises important questions Under what conditions do elites push for reform How do elites react to societal and economic challenges and changes To what extent can popular classes successfully pressure elites Bringing together a selection of case studies covering different Latin American countries the book focuses on three key themes to address these questions first it explores how elites react to economic and societal challenges with some chapters looking at moments of change as well as measures taken by individual elites to alter the status quo Second it seeks to understand the interrelation between external and domestic factors that engender elite action including global markets geopolitics state institutions social forces and the internal structure of elite groups Third it reflects upon methodological questions of studying elites in Latin America laying bare the potential pitfalls and offering possible routes to further inquiry This book will be vital reading for researchers in political economy development economics economic sociology and Latin American studies more broadly

Social Movement Dynamics Federico M. Rossi, Marisa von Bülow, 2016-03-03 This book presents an overview of new approaches to the study of social movements emerging out of Latin America based on original and innovative analyses of the recent changes in collective action across the region Over the past decade new repertoires of contention have emerged in parallel to changes in the configuration of actors in previously established patterns of relationship between social movements and political institutions and in the shapes of collaborative networks both domestic and transnational The authors analyze a broad set of countries and social movements while focusing on three key theoretical debates the interactions between routine and contentious politics the relationship between protest and context and the organizational configurations of social movements The research agenda put forward by this book is neither defined nor restricted by geographical boundaries even though the chapters are based on field research undertaken in Latin America In doing so this volume contributes to a still underdeveloped dialogue in theory building in social movement studies among scholars from the South and from the North as well as among scholars specialized in different regions

Captured Peace Christine J. Wade, 2016-01-15 El Salvador is widely considered one of the most successful United Nations peacebuilding efforts but record homicide rates political polarization socioeconomic exclusion and corruption have diminished the quality of peace for many of its citizens In *Captured Peace* Elites and Peacebuilding in El Salvador Christine J Wade adapts the concept of elite capture to expand on the idea of captured peace explaining how local elites commandeered political social and economic affairs before war s end and then used the peace accords to deepen their control in these spheres While much scholarship has focused on the role of gangs in Salvadoran unrest Wade draws on an exhaustive range of sources to demonstrate how day to day violence is inextricable from the economic and political dimensions In this in depth analysis of postwar politics in El Salvador she highlights the local actors primary role in peacebuilding and demonstrates the political advantage an incumbent party in this case the Nationalist Republican Alliance ARENA has throughout the peace process and the consequences of this to the quality of peace that

results *Opening Up By Cracking Down* Adam Dean, 2022-10-06 Details how democratic developing countries used labor repression to overcome labor union opposition to free trade *U.S. and Latin American Relations* Gregory B. Weeks, Michael E. Allison, 2022-12 A textbook providing theoretical and historical analyses for understanding contemporary US Latin American relations **Rethinking Latin American Social Movements** Richard Stahler-Sholk, Harry E. Vanden, Marc Becker, 2014-11-25 This groundbreaking text explores the dramatic evolution in Latin American social movements over the past fifteen years. Leading scholars examine a variety of cases that highlight significant shifts in the region. First is the breakdown of the Washington Consensus and the global economic crisis since 2008 accompanied by the rise of new paradigms such as *buen vivir* (living well). Second are transformations in internal movement dynamics and strategies, especially the growth of horizontalism (*horizontalidad*) which emphasizes non-hierarchical relations within society rather than directly tackling state power. Third are new dynamics of resistance and repression as movements interact with the pink tide, rise of left-of-center governments in the region. Exploring outcomes and future directions, the contributors consider the variations between movements arising from immediate circumstances such as Oaxaca's 2006 uprising and Brazil's 2013 bus fare protests and longer-lasting movements like the *Campesina* in Brazil, the MST, and Mexico's Zapatistas. Assessing both the continuities in social movement dynamics and important new tendencies, this book will be essential reading for all students of Latin American politics and society. Contributions by Marc Becker, George Ciccariello-Maher, Kwame Dixon, Fran Espinoza, Daniela Issa, Nathalie Lebon, Maurice Rafael Maga, María Elena Martínez Torres, Sara C. Motta, Leonidas Oikonomakis, Suyapa Portillo Villeda, Peter M. Rosset, Marina Sitrin, Rose J. Spalding, Richard Stahler-Sholk, Alicia Swords, Harry E. Vanden, and Raúl Zibechi **Fifty Years of Peasant Wars in Latin America** Leigh Binford, Lesley Gill, Steve Striffler, 2020-01-10 Informed by Eric Wolf's *Peasant Wars of the Twentieth Century* published in 1969, this book examines selected peasant struggles in seven Latin American countries during the last fifty years and suggests the continuing relevance of Wolf's approach. The seven case studies are preceded by an Introduction in which the editors assess the continuing relevance of Wolf's political economy. The book concludes with Gavin Smith's reflection on reading Eric Wolf as a public intellectual today **Latin American Politics and Development** Harvey F. Kline, Christine J. Wade, Howard J. Wiarda, 2018-04-24 For over thirty years *Latin American Politics and Development* has kept instructors and students abreast of current affairs and changes in Latin America. Now in its ninth edition, this definitive text has been updated throughout and features contributions from experts in the field, including twenty new and revised chapters on Mexico, Central America, the Caribbean, and South America *The Ends of Modernization* David Johnson Lee, 2021-08-15 *The Ends of Modernization* studies the relations between Nicaragua and the United States in the crucial years during and after the Cold War. David Johnson Lee charts the transformation of the ideals of modernization, national autonomy, and planned development as they gave way to human rights protection, neoliberalism, and sustainability. Using archival material, newspapers, literature, and interviews with historical actors in

countries across Latin America the United States and Europe Lee demonstrates how conflict between the United States and Nicaragua shaped larger international development policy and transformed the Cold War In Nicaragua the backlash to modernization took the form of the Sandinista Revolution which ousted President Anastasio Somoza Debayle in July 1979 In the wake of the earlier reconstruction of Managua after the devastating 1972 earthquake and instigated by the revolutionary shift of power in the city the Sandinista Revolution incited radical changes that challenged the frankly ideological and economic motivations of modernization In response to threats to its ideological dominance regionally and globally the United States began to promote new paradigms of development built around human rights entrepreneurial internationalism indigenous rights and sustainable development Lee traces the ways Nicaraguans made their country central to the contest over development ideals beginning in the 1960s transforming how political and economic development were imagined worldwide By illustrating how ideas about ecology and sustainable development became linked to geopolitical conflict during and after the Cold War *The Ends of Modernization* provides a history of the late Cold War that connects the contest between the two then prevailing superpowers to trends that shape our present globalized multipolar world *The Salvador Option* Russell Crandall, 2016-05-23 El Salvador's civil war between the Salvadoran government and Marxist guerrillas erupted into full force in early 1981 and endured for eleven bloody years Unwilling to tolerate an advance of Soviet and Cuban backed communism in its geopolitical backyard the US provided over six billion dollars in military and economic aid to the Salvadoran government El Salvador was a deeply controversial issue in American society and divided Congress and the public into left and right Relying on thousands of archival documents as well as interviews with participants on both sides of the war *The Salvador Option* offers a thorough and fair minded interpretation of the available evidence If success is defined narrowly there is little question that the Salvador Option achieved its Cold War strategic objectives of checking communism Much more difficult however is to determine what human price this success entailed a toll suffered almost entirely by Salvadorans in this brutal civil war **When Democracies Deliver** Katherine Bersch, 2019-01-17 Drawing on cognitive psychological findings and fieldwork this book explains how government reforms are enacted and why they succeed or fail

The Sociology of Development Handbook Gregory Hooks, 2016-09-06 *The Sociology of Development Handbook* gathers essays that reflect the range of debates in development sociology and in the interdisciplinary study and practice of development The essays address the pressing intellectual challenges of today including internal and international migration transformation of political regimes globalization changes in household and family formations gender dynamics technological change population and economic growth environmental sustainability peace and war and the production and reproduction of social and economic inequality

This Enthralling World of E-book Books: A Detailed Guide Revealing the Pros of Kindle Books: A World of Ease and Versatility

Contesting Trade In Central America Market Reform And Resistance Introduction

In the digital age, access to information has become easier than ever before. The ability to download Contesting Trade In Central America Market Reform And Resistance has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Contesting Trade In Central America Market Reform And Resistance has opened up a world of possibilities. Downloading Contesting Trade In Central America Market Reform And Resistance provides numerous

advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading *Contesting Trade In Central America Market Reform And Resistance* has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download *Contesting Trade In Central America Market Reform And Resistance*. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading *Contesting Trade In Central America Market Reform And Resistance*. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading *Contesting Trade In Central America Market Reform And Resistance*, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download *Contesting Trade In Central America Market Reform And Resistance* has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Contesting Trade In Central America Market Reform And Resistance Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works.
