Peace Advocacy in the Shadow of War Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book

**Fighting for Peace** Lisa Leitz, 2014-04-15 Fighting for Peace brings to light an important yet neglected aspect of opposition to the Iraq War the role of veterans and their families Drawing on extensive participant observation and interviews Lisa Leitz

demonstrates how the harrowing war experiences of veterans and their families motivated a significant number of them to engage in peace activism Married to a Navy pilot herself Leitz documents how military peace activists created a movement that allowed them to merge two seemingly contradictory sides of their lives an intimate relation to the military and antiwar activism Members of the movement strategically deployed their combined military peace activist identities to attract media attention assert their authority about the military and war and challenge dominant pro war sentiment By emphasizing the human costs of war activists hoped to mobilize American citizens and leaders who were detached from the wars in Iraq and Afghanistan bring the wars to an end and build up programs to take care of returning veterans and their families The stories in *Fighting for Peace* ultimately reveal that America's all volunteer force is contributing to a civilian military divide that leaves civilians with little connection to the sacrifices of the military Increasingly Leitz shows veterans and their families are being left to not only fight America's wars but also to fight against them

**Critical Aspects of Gender in Conflict Resolution, Peacebuilding, and Social Movements** Anna Christine Snyder, Stephanie Phetsamay Stobbe, 2011-11-02 Investigates gendered aspects of social activism and peacebuilding This title focuses on the agency of grassroots citizens refugee indigenous and ethnic minority women It brings gendered aspects of practice that assists scholars and practitioners in research and policy development

**Freaking Out** Joshua Woods, 2012-01-01 After 9 11 research on the perceived threat of terrorism moved in several directions Some scholars examined the social construction of terrorism scrutinizing the political rhetoric and media coverage associated with the threat Other researchers investigated the public's elevated worries about terrorism and their effect on public opinion while still other analysts elucidated the post 9 11 changes in U S foreign and domestic policies In *Freaking Out A Decade of Living with Terrorism* Joshua Woods unites these areas of research interweaving the sociology and psychology of terrorism to create a broader and more compelling explanation of how the attacks on 9 11 have changed American society Offering a concise review of the shifting policy arena in the post 9 11 era Woods chronicles not only major U S government actions such as the wars in Afghanistan and Iraq but also less visible changes such as shifts in immigration policy and the use and abuse of Homeland Security funding by state and local governments Investigating the public's response to terrorism Woods examines the link between media coverage of terrorism and public perceptions of the threat demonstrating how some news coverage elevates people's worries more than others The events of 9 11 influenced the thoughts feelings and behaviors of public officials members of the press and ordinary people The reactions of these groups are deeply interrelated but the study of them has remained isolated and compartmentalized across several academic disciplines until now Demonstrating the virtue of multidisciplinary synthesis this book advances the growing field of terrorism studies in new directions

**Research in Social Movements, Conflicts and Change** Patrick G. Coy, 2011-01-12 Part of the *Research in Social Movements Conflicts and Change* series this title contains three sections of data driven articles that address topics central to scholarship on social movements and conflict resolution It also showcases research on a variety

of movements organizations and conflicts in ways that contribute to theory building      **Pushing the Boundaries** Rosemary O'Leary, Rachel Fleishman, Catherine Gerard, 2008-11-13 Contains papers presented at a conference entitled Cutting Edge Theories and Recent Developments in Conflict Resolution This work explores some of the major themes of conflict analysis including how dominant discourses can soothe and exacerbate conflict and the importance of a structural understanding of ethnocentrism and racism      **Bringing Down Divides** Lisa Leitz, Eitan Y. Alimi, 2019-10-07 Dedicated to the memory of Gregory M Maney Bringing Down Divides engages with and continues Maney's work on international conflicts peace and justice movements and community based research to explore three types of divides attributional divides ideological divides and epistemological divides      Post-Ethical Society Douglas V. Porpora, Alexander G. Nikolaev, Julia Hagemann May, Alexander Jenkins, 2013-09-07 We've all seen the images from Abu Ghraib stress positions US soldiers kneeling on the heads of prisoners and dehumanizing pyramids formed from black hooded bodies We have watched officials elected to our highest offices defend enhanced interrogation in terms of efficacy and justify drone strikes in terms of retribution and deterrence But the mainstream secular media rarely addresses the morality of these choices leaving us to ask individually Is this right In this singular examination of the American discourse over war and torture Douglas V Porpora Alexander Nikolaev Julia Hagemann May and Alexander Jenkins investigate the opinion pages of American newspapers television commentary and online discussion groups to offer the first empirical study of the national conversation about the 2003 invasion of Iraq and the revelations of prisoner abuse at Abu Ghraib a year later Post Ethical Society is not just another shot fired in the ongoing culture war between conservatives and liberals but a pensive and ethically engaged reflection of America's feelings about itself and our actions as a nation And while many writers and commentators have opined about our moral place in the world the vast amount of empirical data amassed in Post Ethical Society sets it apart and makes its findings that much more damning      *Strategies for Social Change* Gregory M. Maney, 2012 Examines how strategies within social movements develop and work      **Understanding Nonviolence** Maia Carter Hallward, Julie M. Norman, 2015-09-15 The use of nonviolent action is on the rise From the Occupy Movement to the Arab Spring and mass protests on the streets of Brazil activists across the world are increasingly using unarmed tactics to challenge oppressive corrupt and unjust systems But what exactly do we mean by nonviolence How is it deployed and to what effect Do nonviolent campaigns with political motivations differ from those driven by primarily economic concerns What are the limits and opportunities for activists engaging in nonviolent action today Is the growing number of nonviolence protests indicative of a new type of twenty first century struggle or is it simply a passing trend Understanding Nonviolence Contours and Contexts is the first book to offer a comprehensive introduction to nonviolence in theory and practice Combining insightful analysis of key theoretical debates with fresh perspectives on contemporary and historical case studies it explores the varied approaches aims and trajectories of nonviolent campaigns from Gandhi to the present day With cutting edge contributions from leading scholars and

practitioners in the field this accessible and lively book will be essential reading for activists students and teachers of contentious politics international security and peace and conflict studies      **Friendship, Peace and Social Justice** Heather Devere, 2023-06-20 A just peaceful world How can that be achieved What sorts of relationships might be needed Could the concept of friendship assist Assembling the work of twenty scholars this book creates a resource for those aiming to deal with conflict non violently and promotes peaceful attitudes and outcomes in a troubled world The book posits that making the connections between Friendship Peace and Social Justice is vital for living in a functioning and sustainable world Firstly it makes connections between scholars of peace and conflict studies friendship studies ethics and social justice Secondly it explores the connections between the ethical concepts and practices of friendship peace and social justice Thirdly it links academic researchers who use a variety of methodological approaches Fourthly it provides different academic perspectives of scholars from diverse ethnic and cultural backgrounds The topics covered include civic social and virtue friendship peace and psycho social development the role of social media and friendship cultures of peace activism resistance justice movements environmental campaigns community building art collectives dialogue facilitative listening Ubuntu reconciliation healing and relationship building This book will be of great interest to researchers and scholars in Politics Sociology Social Justice and Peace and Conflict Studies The chapters in this book were originally published as a special issue of Peace Review

Movements for Human Rights David L. Brunnsma, Keri Iyall Smith, Brian Gran, 2016-09-07 How do people work together to advance human rights Do people form groups to prevent human rights from being enforced Why In what ways do circumstances matter to the work of individuals collectively working to shape human rights practices Human society is made of individuals within contexts tectonic plates not of the earth's crust but of groups and individuals who scrape and shift as we bump along competing for scarce resources and getting along These movements large and small are the products of actions individuals take in communities within families and legal structures These individuals are able to live longer yet continue to remain vulnerable to dangers arising from the environment substances struggles for power and a failure to understand that in most ways we are the same as our neighbors Yet it is because we live together in layers of diverse communities that we want our ability to speak to be unhindered by others use spirituality to help us understand ourselves and others possess a space and objects that are ours alone and join with groups that share our values and interests including circumstances where we do not know who our fellow neighbor is For this reason sociologists have identified the importance of movements and change in human societies When we collaborate in groups individuals can change the contours of their daily lives Within this book you will find the building blocks for human rights in our communities To understand why sometimes we enjoy human rights and other times we experience vulnerability and risk sociologists seek to understand the individual within her context Bringing together prominent sociologists to grapple with these questions Movements for Human Rights Locally and Globally offers insights into the ways that people move for and against human rights      *The Future of Social Movement Research*

Jacqueline van Stekelenburg, Conny Roggeband, Bert Klandermans, 2013-07-01 Are the dynamics of contention changing This is the question confronted by the contributors of this volume among the most influential scholars in the field of social movements The answers arriving at a time of extraordinary worldwide turmoil not only provide a wide ranging and varied understanding of how social movements arise and persist but also engender unanswered questions pointing to new theoretical strands and fields of research The Future of Social Movement Research asks How are the dynamics of contention shaped by globalization By societies that are becoming increasingly more individualized and diverse By the spread of new communication technologies such as social media cell phones and the Internet Why do some movements survive while others dissipate Do local and global networks differ in nature The authors essays explore such questions with reference to changes in three domains of contention the demand of protest changes in grievances and identities the supply of protest changes in organizations and networks and how these changes affect the dynamics of mobilization In doing so they theorize and make empirically insightful how globalization individualization and virtualization create new grievances new venues for action new action forms and new structures of contention The resulting work brought together through engaging discussions and debates between the contributors is interdisciplinary and unusually broad in scope constituting the most comprehensive overview of the dynamics of social movements available today Contributors Marije Boekkooi VU U Amsterdam Pang Ching Bobby Chen U of California Merced Donatella della Porta European U Institute Mario Diani U of Trento Italy Jan Willem Duyvendak U of Amsterdam Myra Marx Ferree U of Wisconsin Madison Beth Garrity Gardner Ashley Gromis Swen Hutter U of Munich Ruud Koopmans WZB Berlin Hanspeter Kriesi U of Zurich Nonna Mayer National Centre for European Studies Doug McAdam Stanford U John D McCarthy Pennsylvania State U Debra Minkoff Barnard College Columbia U Alice Motes Pamela E Oliver U of Wisconsin Madison Francesca Polletta U of California Irvine Jacomijne Prins VU U Amsterdam Patrick Rafail Tulane U Christopher Rootes U of Kent Canterbury Dieter Rucht Free U of Berlin David A Snow U of California Irvine Sarah A Soule Stanford U Suzanne Staggenborg U of Pittsburgh Sidney Tarrow Cornell U Verta Taylor U of California Santa Barbara Marjoka van Doorn Martijn van Zomeren U of Groningen Stefaan Walgrave U of Antwerp Saskia Welschen

Routledge Handbook of Radical Politics Ruth Kinna, Uri Gordon, 2019-05-16 Successive waves of global protest since 1999 have encouraged leading contemporary political theorists to argue that politics has fundamentally changed in the last twenty years with a new type of politics gaining momentum over elite representative institutions The new politics is frequently described as radical but what does radicalism mean for the conduct of politics Capturing the innovative practices of contemporary radicals Routledge Handbook of Radical Politics brings together leading academics and campaigners to answer these questions and explore radicalism s meaning to their practice In the thirty five chapters written for this collection they collectively develop a picture of radicalism by investigating the intersections of activism and contemporary political theory Across their experiences the authors articulate radicalism s critical politics and discuss how diverse

movements support and sustain each other Together they provide a wide ranging account of the tensions overlaps and promise of radical politics while utilising scholarly literatures on grassroots populism to present a novel analysis of the relationship between radicalism and populism Routledge Handbook of Radical Politics serves as a key reference for students and scholars interested in the politics and ideas of contemporary activist movements

*Pursuing Peace in Godzone* Phillip Fountain, Geoffrey Troughton, 2018-06-15 This is a book about how New Zealanders have been inspired by visions for peace Focusing on diverse Christian communities it explores some of the ways that peace has influenced their practices lifestyles and politics from the Second World War to the present the period in which New Zealand's peaceable image and reputation as God's Own Country grew and flourished New Zealand Christians and others have worked for peace in many different ways from attention grabbing protests against nuclear weapons apartheid and war to quieter but no less important efforts to improve relationships within their churches communities and the natural environment Taken together their stories reveal a multifaceted but deeply influential thread of Christian peacemaking within New Zealand culture These stories are by turns challenging and inspiring poignant and amusing and they continue to reverberate today in a world where peace remains elusive for many

*From Child Terrorism to Peace Activism* Jonathan Matusitz, 2022-10-14 This book examines the reasons for which children join terrorist movements and how they eventually become peace activists fighting the very crimes that they once committed The transformation of child terrorists into peace activists has received scant attention from academics and practitioners alike Particular focus is placed on child jihadism child terrorism in Africa and Latin America child separatist terrorism and White child supremacism These five groups of child terrorists represent about 80% of the problem across the world The text serves as a primer for anti terrorism and peace activism for global social change It includes original applied research and features personal accounts from former child terrorists who became peace activists themselves One of the nine chapters provides an in depth thematic analysis of the lives of 24 subjects from all five aforementioned groups The analysis produced four main themes that encapsulate the time and effort that it takes to become a peace activist today metamorphosis terrorist behavior disillusionment and anti terrorist behavior The book ends with multiple solutions from the perspective of social work including the reintegration of former child terrorists into society *From Child Terrorism to Peace Activism* is a resource of deep and broad appeal The text is essential reading for upper level undergraduate and Master's students in political science military studies international relations international law and peace and conflict studies It can be pertinent reading for students and instructors in international social work contemplating social work related solutions to rehabilitate former child terrorists and child soldiers into society through peace activism anti terrorist endeavors and other socio psychological methods that will produce social change The text also would appeal to faculty and students in childhood studies with an interest in child terrorism child development and child trauma and resilience Given the essentials depth and possibilities that the book offers it is a useful resource for audiences within counterterrorism institutes national security

agencies and academic think tanks Information on motives strategies radicalization processes and recruitment methods used by terrorist organizations as well as their effects on various audiences will draw readers from law enforcement agencies and institutions

**Social Movements in the World-System** Jackie Smith,Dawn Wiest,2012-01-01 Global crises such as rising economic inequality volatile financial markets and devastating climate change illustrate the defects of a global economic order controlled largely by transnational corporations wealthy states and other elites As the impacts of such crises have intensified they have generated a new wave of protests extending from the countries of the Middle East and North Africa throughout Europe North America and elsewhere This new surge of resistance builds upon a long history of transnational activism as it extends and develops new tactics for pro democracy movements acting simultaneously around the world In *Social Movements in the World System* Jackie Smith and Dawn Wiest build upon theories of social movements global institutions and the political economy of the world system to uncover how institutions define the opportunities and constraints on social movements which in turn introduce ideas and models of action that help transform social activism as well as the system itself Smith and Wiest trace modern social movements to the founding of the United Nations as well as struggles for decolonization and the rise of national independence movements showing how these movements have shifted the context in which states and other global actors compete and interact The book shows how transnational activism since the end of the Cold War including United Nations global conferences and more recently at World Trade Organization meetings has shaped the ways groups organize Global summits and UN conferences have traditionally provided focal points for activists working across borders on a diverse array of issues By engaging in these international arenas movements have altered discourses to emphasize norms of human rights and ecological sustainability over territorial sovereignty Over time however activists have developed deeper and more expansive networks and new spaces for activism This growing pool of transnational activists and organizations democratizes the process of organizing enables activists to build on previous experiences and share knowledge and facilitates local actions in support of global change agendas As the world faces profound financial and ecological crises and as the United States dominance in the world political economy is increasingly challenged it is especially urgent that scholars policy analysts and citizens understand how institutions shape social behavior and the distribution of power *Social Movements in the World System* helps illuminate the contentious and complex interactions between social movements and global institutions and contributes to the search for paths toward a more equitable sustainable and democratic world A Volume in the American Sociological Association's Rose Series in Sociology

*Intersectionality and Social Change* Lynne M. Woehrle,2014-09-17 Volume 37 asks what can the emerging discipline of intersectionality studies contribute to our quest to understand and analyze social movements conflict and change Through the intersectional lens questions often ignored and populations traditionally marginalized become the heart of the analysis
