Gartner, 2016-09-30 There is growing recognition that entrepreneurship can be better understood within its context s This carefully designed book invites readers to take a journey from reflecting critically on where the discussion on context and entrepreneurship stands today towards identifying future research questions and themes that deserve the attention of entrepreneurship scholars This collection draws attention to the research challenges the entrepreneurship field faces by reviewing the many facets of contexts and by reflecting on methods and theoretical approaches that are required in order to contextualize entrepreneurship research Students and academics interested in context and entrepreneurship will benefit from this far reaching and forward thinking book **Social Innovations in the Urban Context** Taco Brandsen, Sandro Cattacin, Adalbert Evers, Annette Zimmer, 2016-04-05 This book addresses the practice of social innovation which is currently very much in the public eye New ideas and approaches are needed to tackle the severe and wicked problems with which contemporary societies are struggling Especially in times of economic crisis social innovation is regarded as one of the crucial elements needed to move forward Our knowledge of its dynamics has significantly progressed thanks to an abundance of studies on social innovation both general and sector specific However despite the valuable research conducted over the past years the systematic analysis of social innovation is still contested and incomplete The questions asked in the

book will be the following

- 1 What is the nature of social innovations
- 2 What patterns can be identified in social innovations emerging at the local level
- 3 How is the emergence and spread of social innovations related to urban governance

More precisely which conditions and arrangements facilitate and hinders social innovation We explore these questions using different types of data and methods and studying different contexts In particular we focus on innovations that aim at solving problems of the young unemployed single parents and migrants This analysis is based on original research carried out in the period 2010-2013 in the framework of a European project with a specific empirical research strategy Research was carried out in 20 cities in 10 different European countries

Context in Action and How to Study It Ninna Meier, Sue Dopson, 2019-06-20 Context is a central concept in organization and management studies yet it is often used in a generalized unspecific manner This book offers an interactionist view on context as a dynamic relational and socially enacted phenomenon It explores context in action and the theoretical methodological and analytical consequences of this approach through a collection of reflections and research experiences from the dynamic field of health care In the opening chapters the editors present their framework for studying context in action and outline three main approaches centered on the following questions What constitutes context for a phenomenon or an event How do actors understand experience and engage with context How do contexts change and what is the role of actors in such processes Context and action are then explored through a range of topics such as enactment and organizational change policy implementation executive work strategic change materiality technology patients and relatives perspectives integrated care quality improvement and health care support work Relevant to both management researchers and practitioners this volume provides a definition of context as theoretical construct based on interactionist and process based perspectives and a practical framework for studying context in action which the reader can use in their own work

Subversion in Institutional Change and Stability Jan Olsson, 2016-07-13 This book theorizes subversive action a neglected mechanism in the new institutionalism literature Subversive action is political in nature secretly undermining some institutions to open up alternative ideas or to secure existing institutions by secretly undermining adversaries An example is a politician who promises change in public but does something else behind the scenes to preserve the status quo The book addresses the nature and meaning of subversive action and the contexts that give rise to it as well as how it can work as an important mechanism behind institutional change and continuity The book will interest students and scholars of public policy public administration and political science

Green Inside Activism for Sustainable Development Erik Hysing, Jan Olsson, 2017-08-21 This book considers how public sector institutions can be transformed to better support sustainable

development by exploring the concept of green inside activism and its importance for institutional change The phenomenon of inside activism has been shown to be crucial for green policy change and this book focuses on public officials as green inside activists committed to green values and engaged in social movement acting strategically from inside public administration to change public policy and institutions in line with such value commitment The book theorizes how green inside activism can contribute to a more sustainable development through institutional change This theorizing builds on and relates to highly relevant theoretical arguments in the existing literature The authors also consider the legitimacy of inside activism and how it can be reconciled with democratic ideals This innovative work will appeal to students and scholars of public policy political science and environmental politics

Perspectives on Local Governance Across Europe Björn Egner, Hubert Heinelt, Jakub Lysek, Patricia Silva, Filipe Teles, 2022-12-12 This book focuses on local state society relations understood as institutionalised relations between local municipalities across Europe and individual collective or corporate societal actors It presents a typology of local state society relations and applies this to characterise the most relevant institutionalised relations between local government and societal actors at the municipal level in 22 European countries The comparative volume will clarify whether or not patterns can be detected in the makeup of different types of networks whether or not these patterns are country specific or policy specific and why cases exist which are so distinct that they are not subsumable under a certain pattern Taken together this book will go beyond national typologies to emphasise the role of agency and innovation in particular policy sectors providing a major contribution in the study of the local governance of Europe It will appeal to scholars and students of local governance public administration urban planning and European studies
