Humes, 1993-03-24 By focusing on contemporary popular religious traditions the book represents a substantial contribution to the study of modern religious practices in Banaras holy city of India This book offers in depth ethnographic views of many contemporary popular religious practices that have for the most part received little attention by scholars Topics covered include the Ramlila celebrations devotion to Hanuman and goddess worship and the way that Banarsi Boli the local dialect of Banaras supports its users in their identification with the sacred city Thaipusam in Malaysia Carl Vadivella

Belle, 2018-02-14 This book explores the festival of Thaipusam in terms of its own inner dynamics the traditions and belief structures which ensure the festival s continuing relevance to Malaysian Hindus It argues that Thaipusam reflects a growing sense of Hindu identity in Malaysia and an as yet inchoate unity It contends that while the kavadi ritual provides profound meaning at the individual and group level Thaipusam furnishes a public arena for and gives expression to a powerful Hindu resurgence largely though not exclusively fuelled by Dravidian assertiveness In situating the festival within the context of a Malaysia dominated by Malay and Islamic power brokers a society in which both the Indian community and Hinduism are relegated to the margins the book explores the festival of Thaipusam as a vehicle for mobilization of religious symbols and values which not only simultaneously articulate ethnicity and thus resist the forces which threaten cultural and religious integrity but which also ultimately signal wider allegiances to the broader politico cultural world of an imagined immeasurably rich and enduring Indo Hindu civilization **Hinduism** Axel Michaels, 2004 In this text Axel Michaels
