The Mythology of Dance Harry Eiss, 2013-09-18 The lights dim and soon the theatre becomes dark The audience conversations end with a few softly dissipating whispers and the movie begins Nina Sayers a young ballerina dances the prologue to Tchaikovsky's *Swan Lake* a ballet expressing a story drawn from Russian folk tales about a princess who has been turned into a White Swan and can only be turned back if a man swears eternal fidelity to her However this is not that ballet This is the beginning of *Black Swan* a controversial movie employing symbolism in a complex interweaving of dance and film to reveal the struggles and paradoxes of everything from a female rite of passage to questions about where artistic expression should demand self sacrifice and whether such sacrifice is worth the price The dance floor is the stage of life the place where physical actions take on the symbolic meanings of mythology and express the deepest archetypes of the human mind This book explores how dance gives

shape to those human needs and how it reflects and even creates the maps of meaning and value that structure our lives Though the volume looks at all the forms of dance it focuses on three main categories in particular religious social and artistic Since the American Musical and subsequent Musical Videos have both reflected and influenced our current world they receive the most space such acclaimed performers as Fred Astaire Gene Kelly Judy Garland Ricky Nelson Elvis Presley and Michael Jackson such important composers and lyricists as Gershwin Rodgers and Hammerstein Porter Berlin Webber Bernstein the Beatles and the Who and such choreographers as Graham Balanchine Robbins and Fosse are examined in particular detail Classical Mythology & More Marianthe Colakis, Mary Joan Masello, 2007-01-01 Designed as an

Revisited Susan B. Levin, 2000-12-07 In this study Levin explores Plato's engagement with the Greek literary tradition in his treatment of key linguistic issues This investigation conjoined with a new interpretation of the Republic's familiar critique of poets supports the view that Plato's work represents a valuable precedent for contemporary reflections on ways in which philosophy might benefit from appeals to literature The Archetype of the Dying and Rising God in World Mythology Paul

Rovang, 2023-01-09 The Archetype of the Dying and Rising God in World Mythology is the first global treatment of the dying and rising god archetype since that classification was called into serious doubt in the final decades of the twentieth century While assaults on the concept have focused on the Classical and ancient Near Eastern Biblical traditions this study goes beyond but also includes these areas to encompass world mythology Beginning with an interrogation of the most influential criticisms the author then examines evidence for the archetype's validity by analyzing dying and rising god myths from ancient Near Eastern Classical and non Classical sources from around the world He treats implications of the archetype for religious studies literature and psychology both in discussing the myths themselves and in separate chapters dedicated to these fields The focused treatment on single myths makes this book a useful reference source At the same time its inductive approach to evidence provides a conclusive argument on the question with applications that warrant reading it from cover to cover Additional distinctive features of this book include a thematic interpretation of T S Eliot's Waste Land a new perspective on the Jungian archetypes and a call for a neo archetypal approach to literary criticism Religion ,

The Christian Goddess Bonnie Gaarden, 2011-04-29 The Christian Goddess Archetype and Theology in the Fantasies of George MacDonald examines this British Victorian writer's employment of female figures to represent Deity Such symbolism is extremely unusual for a Christian author of this period and anticipates the efforts of many modern

theologians to develop an image of God as Mother Bonnie Gaarden reads the goddess figures in MacDonald's fantasies as both archetypes of the collective unconscious and as emblems articulating MacDonald's unique Christian theology which is Trinitarian Neo Platonic mystical and universalist The goddesses become the central figures around which the author develops her interpretations of MacDonald's adult fantasy novels his children's books and some of his fairy tales These readings discover MacDonald's ideas about God and the nature of good and evil models of spiritual and psychological development that foreshadow the theories of Carl Jung and Eric Neumann and acerbic commentary on the values and customs of Victorian society and religion According to *The Christian Goddess* MacDonald's Romantic belief in God's self revelation in Nature led him to create Nature mothers such as the Green Lady in *The Golden Key* and Lilith's Eve which evoke both the Great Mother archetype described by Eric Neumann and the modern neopagan Great Mother as developed in the works of James Frazer Robert Graves and Marija Gimutas MacDonald dramatized his view of evil and its cure in the title character of Lilith a Terrible Mother archetype historically embodied in the Hindu goddess Kali MacDonald's notion of the world as Keats's vale of Soulmaking also elaborated by religious philosopher John Hick is conveyed by Magic Cauldron archetypes in *The Wise Woman* *The Gray Wolf* and Lilith Muse figures in *Phantastes* and *At the Back of the North Wind* express MacDonald's conviction that a right imagination is the voice of God while *Divine Children* in *The Wise Woman* and *The Golden Key* communicate his belief that true childhood is the Divine nature The great grandmother in the *Princess* books a personification of the multi dimensional activity of Divine Wisdom springs from the Judeo Christian Sophia and the classical Athena while Kore figures in *The Princess* and the Goblin Lilith and *Phantastes* represent the transforming descents of Persephone and Christ This book shows MacDonald's fantasies as a chronological bridge anchored in the traditions of the Hebrew Bible and the New Testament incorporating the teachings of Christian mysticism and theistic Romanticism and linking to the contemporary concerns in Western society that have given birth to the New Age The Christian goddess portrayed in these fantasies may strike the reader as a Deity whose time has come
