This e-book brings together 13 chapters written by aviation English researchers and practitioners settled in six different countries representing institutions and universities from around the globe. This e-book is an offshoot of the 8th GEIA Seminar that counts on the collaboration of GEIA and ICAEA researchers as well as guest speakers. One of our guests and a keynote speaker, Prof. Eric Frigonal, added the excellent contribution of his graduate students from Georgia State University in the USA and kindly wrote the Preface. Regarding its content, this e-book has been divided into three parts according to GEIA's areas of research: language description and analysis, aeronautical English teaching, and assessment practices.
