this book has broken new ground by doing something for digital photographers that's rare: it cuts through the bull and shows readers exactly how to do it. It's not a bunch of theory; it doesn't challenge readers to come up with their own settings or figure it out on their own. Instead, it shows them step by step the exact techniques used by today's cutting-edge digital photographers and retouchers, and it does something that virtually no other Photoshop book has ever done: it tells you flat out which settings to use, when to use them, and why.

The New Art of Capturing Love Kathryn Hamm, Thea Dodds, 2014-05-06 The first guide to posing and sensitively capturing same-sex couples on their big day. *The New Art of Capturing Love* equips semi-pro and professional wedding photographers to enter the exciting new LGBT wedding photography market. With nearly half of the states in the US and 13 countries currently recognizing same-sex partnerships, the market for LGBT weddings is poised for explosive growth, offering great opportunity for today's wedding photographers. But capturing portraits in this new market requires a new approach to posing, which until now has been nearly exclusively oriented toward pairing a larger man in black with a smaller woman in white. What works for Jack and Jill won't necessarily

work for Jack and Michael let alone Jill and Louise The New Art of Capturing Love rewrites these traditional techniques giving photographers the tools to create flattering emotion filled images for any couple in today's dynamic wedding market
