It is part of a series of books that has 5 levels designed for Primary school children from Grade 2 to Grade 6. It introduces the fundamentals of the Catholic faith which incorporates both the tradition and the beauty. The manual is ideal for schools and homeschooling. The manual can be taught over a year or in months depending on your preference. The teaching manual takes a step by step approach in explaining all facets of the faith; it assumes the child has little or no knowledge. The teaching manual is also a starting point for those adults who are beginners in the Catholic faith. The Catholic Faith Teaching Manual contains 15 lessons which include Catechism questions, Bible stories, Sacraments, Lives of the Saints, Prayers, and Church Sacramentals. Each level has simple questions throughout to help children remember the truths of the faith. At the completion of level 2, the child will have a thorough knowledge of Catholic truths, be familiar with Bible stories, prayers, and the lives of saints. They will have a deeper understanding of Catholic traditions and devotions. The child will learn prayers such as the Angelus. The student will become more familiar with Old and New Testament Bible stories such as the trials of Joseph and Moses. They will learn about the Rosary, its mysteries, history, and Our Lady of Fatima, and introducing more wonderful lives of the saints. The Seven Corporal Works of Mercy are presented and explained in this Level. The Catholic Teaching Manual is a perfect continuation of Level 1 by expanding on the truths learnt in Level 1. It is full of illustrations and high quality photographs to help express the faith in its full glory while educating the child.

Catholic Classical Enrichment Cycle 3 Kathleen Lewis, 2021-06-11

A hallmark of classical education is laying strong foundations in both the liberal arts and a broad knowledge base for core subjects. The bedrock skill of memorization sets elementary age students up for success in all later learning. Memory work builds the powers of the mind to be nimble, strong, and prepared to apply itself to any area of study. To that end, TAN Academy's flagship memory work program, Classical Catholic Enrichment (CCE), helps develop children's love of learning and trains their minds for long-term retention. CCE engages students in fun memory work through music and chanting exercises in key disciplines. Watch their self-confidence and excitement grow as they master a broad range of facts and foundations in seven subjects weekly. The program is flexible for families of every size and is featured in the TAN Academy lesson plans for grades 1-5. The work may be scaled to any age and is suitable for every learning style. Families may use this product for multiple children. Your purchase includes the textbook with a full year's worth of memory work in Latin, math, the Catholic faith, grammar, geography, maps, history facts, and history timeline dates, a set of maps and timeline for the history work, full access to audio recordings of music chants, and vocab pronunciation.
