Twentieth-century Music Arthur Wenk, 1983 The thesis of this book may be simply stated Debussy's importance lies in his contribution to the central issues of twentieth century music Debussy's influence was not limited to a few new idioms which lesser composers could imitate Rather Debussy's music offered a new way of thinking about music in general His greatest influence has been not on his immediate contemporaries but on composers since 1945 when a revolution in thinking about musical time permitted a truer evaluation of Debussy's achievement and a new exploration of his tonal resources The liberation of the musical moment the new emphasis on timbre and the concept of rhythm as duration rather than relation all depend on Debussy's work as contemporary composers have demonstrated both in their remarks about music and in their interest in reanalyzing Debussy's late music in light of contemporary techniques Our picture of Debussy has come full circle Perceived as a radical composer in the 1890s as a charming but minor figure in the decades following his death Debussy now emerges as a true revolutionary whose subtle overturning of musical conventions has had as great an effect on the music of our time as the more celebrated revolutions of Stravinsky and Schoenberg Preface *La Mer and Other Works for Piano Four Hands* Claude Debussy, 2012-04-19 The brilliant pianism at the heart of Debussy's musical imagery and his affinity for

the unexpected abound in these two four hand works *Marche Ecossaise* and *La Mer* Reprinted from authoritative French editions **Anthology of 20th century piano music** Maurice Hinson,2003 The early 20th century was a period of dramatic changes when composers were venturing in new directions and seeking new sounds The pairing of the *Anthology of 20th Century Piano Music* with the *Piano Practices in Early 20th Century Piano Music* DVD provides pianists with a unique opportunity to hear informed performances of the music they are studying On the DVD Dr Hinson shares historical anecdotes about the composers represented using examples by Bartk Debussy Joplin Grainger Hindemith MacDowell Coleridge Taylor Satie and Schoenberg from the *Anthology* **Encyclopedia of Music in the 20th Century** Lol Henderson, Lee Stacey,2014-01-27 The *Encyclopedia of Music in the 20th Century* is an alphabetically arranged encyclopedia of all aspects of music in various parts of the world during the 20th century It covers the major musical styles concert music jazz pop rock etc and such key genres as opera orchestral music be bop blues country etc Articles on individuals provide biographical information on their life and works and explore the contribution each has made in the field Illustrated and fully cross referenced the *Encyclopedia of Music in the 20th Century* also provides Suggested Listening and Further Reading information A good first point of reference for students librarians and music scholars as well as for the general reader
