Clergy Public Speaking Guide Improve:

Clergy Public Speaking Guide John Zehring, 2015-12-02 The Clergy Public Speaking Guide is written by a senior pastor who also served as a professor of public speaking at a university. It is designed for experienced clergy who desire to improve their delivery of sermons and their ability to connect with their people. Many clergy excel at the content of their messages but may need to gain tools to affect their delivery of the message. Included in the eBook are The Ten Commandments of Public Speaking which provide useful delivery tips for clergy as well as the Self Evaluation Checklist to aid clergy to identify areas of strength as well as those in need of work. There are two parts to speeches and sermons: CONTENT and DELIVERY. What is wrought in the one must be woven into the fabric of the other. However, surpassing even those two pillars towers the importance of connecting with your listeners. That may be the most important contribution of the book to aid clergy to build rapport and connect with their people so that their message is well received, appreciated, and remembered. **Public**

Lampe,2012-01-01 This work in the MSU Press Rhetoric and Public Affairs Series chronicles Frederick Douglass s preparation for a career in oratory his emergence as an abolitionist lecturer in 1841 and his development and activities as a public speaker and reformer from 1841 to 1845 Lampe s meticulous scholarship overturns much of the conventional wisdom about this phase of Douglass s life and career uncovering new information about his experiences as a slave and as a fugitive it provokes a deeper and richer understanding of this renowned orator s emergence as an important voice in the crusade to end slavery Contrary to conventional wisdom Douglass was well prepared to become a full time lecturer for the Massachusetts Anti Slavery Society in 1841 His emergence as an eloquent voice from slavery was not as miraculous as scholars have led us to believe Lampe begins by tracing Douglass s life as slave in Maryland and as fugitive in New Bedford showing that experiences gained at this time in his life contributed powerfully to his understanding of rhetoric and to his development as an orator An examination of his daily oratorical activities from the time of his emergence in Nantucket in 1841 until his departure for England in 1845 dispels many conventional beliefs surrounding this period especially the belief that Douglass was under the wing of William Lloyd Garrison Lampe s research shows that Douglass was much more outspoken and independent than previously thought and that at times he was in conflict with white abolitionists Included in this work is a complete itinerary of Douglass s oratorical activities correcting errors and omissions in previously published works as well as two newly discovered complete speech texts never
