Rehabilitation Work Hannah Graham, 2016-05-26 Conversations about rehabilitation and how to address the drugs crime nexus have been dominated by academics and policymakers without due recognition of the experience and knowledge of practitioners Not enough is known about the cultures and conditions in which rehabilitation occurs Why is it that significant numbers of practitioners are leaving the alcohol and other drugs field while disproportionate numbers of criminal justice practitioners are on leave Rehabilitation Work provides a unique insight into what happens behind the closed doors of prisons probation and parole offices drug rehabs and recovery support services drawing on research from Australia This book is among the first to provide a dedicated empirical examination of the interface between the concurrent processes

of desistance from crime and recovery from substance misuse and the implications for rehabilitation work Hannah Graham uses practitioner interviews workforce data and researcher observations to reveal compelling differences between official accounts of rehabilitation work and what practitioners actually do in practice Practitioners express a desire to be the change rather than being subject to change actively co producing progressive reforms instead of passively coping with funding cutbacks and interagency politics Applied examples of how practitioners collaborate lead and innovate in the midst of challenging work are complemented with evocative illustrations of insider humour and professional resilience This book is a key resource for students academics and practitioners across fields including criminology and criminal justice social work psychology counselling and addiction treatment

*The Official History of Criminal Justice in England and Wales* Tim Newburn, 2024-09-12 This is the fifth and final volume in the Official History of Criminal Justice in England and Wales This volume covers the uneven and often irresolute evolution of policing from the late 1940s to the end of the 1990s concentrating on the impact of a succession of scandals on the reputation and regulation of the police and the fluctuating relations between central government local authorities and police forces in shaping the control of police funding policy and organisation particularly in response to a growth in the scale and intensity of social protest and above all on the shifting sands of the policing of public order illustrated in the prolonged miners strike and urban unrest of the 1980s It is a complement to earlier volumes in the series that focused on the liberalisation of the laws on capital punishment abortion and homosexual relations between adult men in the 1960s the founding of the Crown Court in 1971 and the Crown Prosecution Service in 1985 transformations in penal policy and the politics of law and order It will be of much interest to scholars of British political history criminology and sociology

*Neoliberal Moral Economy* Jörg Wiegratz, 2016-11-17 This book offers a fresh take on a major question of global debate what explains the rise in economic fraud in so many societies around the world The author argues that the current age of fraud is an outcome of not only political economic but also moral transformations that have taken place in societies reshaped by neoliberalism Using the case of Uganda the book traces these socio cultural and especially moral repercussions of embedding neoliberalism Uganda

offers an important case of investigation for three reasons the high level of foreign intervention by donors aid agencies international organisations NGOs and corporations that have tried to produce the first fully fledged market society in Africa there the country s reputation as having adopted neoliberal reforms most extensively and the intensification of fraud in many sectors of the economy since the early 2000s The book explores the rise and operation of the neoliberal moral economy and its world of hard and fraudulent practices It analyses especially the moral economic character of agricultural produce markets in eastern Uganda It shows that neoliberal moral restructuring is a highly political contested and conflict ridden process predominantly works via recalibrating the political economic structure of a country and deeply affects how people think and go about earning a living and treat others with whom they do business The book offers an in depth data based analysis of the moral climate of a market society in motion and in so doing offers insights and lessons for elsewhere in the Global South and North
