myths of modernity But she went on to survive all manner of upheaval personal political and professional and to produce an oeuvre of bracing intelligence and wide cultural sweep The Cambridge Companion to Mary Shelley helps readers to assess for themselves her remarkable body of work In clear accessible essays a distinguished group of scholars place Shelley s works in several historical and aesthetic contexts literary history the legacies of her parents William Godwin and Mary Wollstonecraft and of course the life and afterlife in cinema robotics and hypertext of Frankenstein Other topics covered include Mary Shelley as a biographer and cultural critic as the first editor of Percy Shelley s works and as travel writer This invaluable volume is complemented by a chronology a guide to further reading and a select filmography Studies in Music with Text David Lewin,2006-01-05 Throughout his career David Lewin labored to make even the most abstract theory speak to the experience of the ordinary listener This book combines many of Lewin s classic articles on song and opera with newly drafted chapters on songs of Brahms Robert Schumann Clara Schumann and Milton Babbitt Bound together by Lewin s cogent insight the resulting collection constitutes a major statement concerning the methodological problems associated with interpretation of texted music Musical Messenger ,1922 The Sleep Whisperer Miranda Spencer,2024-11-26 The world flickers for Callie Rivers By day she s adrift haunted by the accident that shattered her brother Finn leaving him trapped in a silent world By night she becomes The Sleep Whisperer a soothing voice in the dark corners of the internet offering comfort to the sleepless But Callie s whispers are more than just words they are commands veiled suggestions with devastating real world consequences A troubled teen s suicide a cryptic online post echoing Callie s whispered phrase Let go Just let go ignites a chilling chain of events Detective Edward Turner a man haunted by the unsolved disappearance of his own sister recognizes a disturbing pattern in a string of seemingly unrelated deaths each preceded by contact with The Sleep Whisperer Callie s waking hours are a blur of fragmented memories and escalating paranoia She avoids sleep terrified of the power her dreams command but the exhaustion inevitably wins Each descent into slumber is a descent into the digital ether where her subconscious holds the strings of life and death The faces of the victims flash before her their final moments a chilling echo of her whispered words Dr Renee Weber a brilliant sleep neurologist enters Callie s fractured world drawn by the unique nature of her ability Renee witnesses a disturbing phenomenon Callie s whispers trigger neurological responses in others mirroring hypnotic suggestion But as Renee guides Callie through experimental dream mapping technology a sinister figure emerges from the digital static Joshua Bailey a charismatic online influencer with piercing blue eyes and a voice that promises understanding Is he a guide a figment of Callie s fractured mind or something far more sinister As Turner s investigation draws closer to Callie he uncovers unsettling parallels between her brother s accident and his sister s disappearance a shared darkness lurking beneath the surface Meanwhile under Joshua s tutelage Callie s power intensifies her whispers weaving a web of destruction around those she believes responsible for her brother s fate But with each act of vengeance the line between victim and perpetrator blurs threatening to consume her entirely In a climactic showdown where

the digital and physical worlds collide Callie must confront the devastating truth of Joshua s identity and the terrifying extent of her own power Trapped in a digitally induced lucid dream she faces the fragmented ghost of her brother a manifestation of her deepest guilt Only by confronting the past can she reclaim her future and break free from the nightmare she has unwittingly created But even if she succeeds can she ever truly escape the whispers that haunt the edges of her mind

Corporal Compassion Ralph R. Acampora,2019-11-21 Most approaches to animal ethics ground the moral standing of nonhumans in some appeal to their capacities for intelligent autonomy or mental sentience Corporal Compassion emphasizes the phenomenal and somatic commonality of living beings a philosophy of body that seeks to displace any notion of anthropomorphic empathy in viewing the moral experiences of nonhuman living beings Ralph R Acampora employs phenomenology hermeneutics existentialism and deconstruction to connect and contest analytic treatments of animal rights and liberation theory In doing so he focuses on issues of being and value and posits a felt nexus of bodily being termed symphysis to devise an interspecies ethos Acampora uses this broad based bioethic to engage in dialogue with other strains of environmental ethics and ecophilosophy Corporal Compassion examines the practical applications of the somatic ethos in contexts such as laboratory experimentation and zoological exhibition and challenges practitioners to move past recent reforms and look to a future beyond exploitation or total noninterference a posthumanist culture that advocates caring in a participatory approach *Animal Others* H.
