*Criminal Injustice* Matthew B. Robinson, 2020 This book examines the influence of politics and ideology on criminal justice practice Politics refers to governing decisions about how to deal with social problems and distribute resources in society and ideology means the beliefs and values that guide political decisions and underlie our societal institutions The book clearly illustrates that criminal justice practice is directly and meaningfully impacted by politics and ideology beginning with law making The main argument of *Criminal Injustice* is that politics and ideology distort America's ideal goals of crime control and due process oftentimes resulting in ineffective and unfair criminal justice policies That is politics and ideology distort the ideals of Americans found in the Declaration of Independence and the U S Constitution *Lessons in Criminology and Criminal Justice* Matthew Robinson, 2023-05-03 This book explores twenty five facts about crime and criminal justice that the author has learned in his quarter century of working in the fields of criminology and criminal justice The book lays out each fact one at a time and then presents research in support of that fact The facts pertain to issues of crime justice policing courts corrections the drug war and the death penalty Though the book is scholarly in nature it is written for the layperson and novice student Using humor where appropriate but also utilizing a tell it like it is approach the book will captivate readers and keep their attention throughout This book will be occasionally funny as well as consistently interesting timely and engaging

**Social Justice, Criminal Justice** Cyndy Caravelis, Matthew Robinson, 2015-12-14 *Social Justice Criminal Justice* is a thought provoking examination of the U S legal system focusing on how criminal justice and social justice are related The book provides a solid foundation of key philosophical and theoretical issues and goes on to examine the function of the law as it relates to social justice issues The authors present and explain the foundational legal documents of the United States and critically examine how those same documents which espoused the rhetoric of equality for all contribute toward the perpetuation and maintenance of a system of exclusion for groups with minority status such as racial and ethnic minorities the poor women and the LGBT lesbian gay bisexual transgender community Succinct but comprehensive this text offers a careful examination of possible relationships between social justice theory and criminal justice practice and illuminates the role that the legal system has played in both preventing and assisting social change and power dynamics For each identified group important landmark court decisions are used to demonstrate the plight of the powerless and the quest for equal rights The book provides an important perspective and understanding of the relationships among criminal justice social justice and the law Suitable for undergraduate and early graduate courses in Social Justice Justice Studies Critical Issues Ethics and American Government and Law this text provides easily digestible content for those interested in thinking critically about the U S legal system

**Contemporary Critical Criminology** Walter S. DeKeseredy, 2021-09-22 The concept of critical criminology that crime and the present day processes of criminalization are rooted in the core structures of society is of more relevance today than it has been at any other time Written by an internationally renowned scholar

Contemporary Critical Criminology introduces the most up to date empirical theoretical and political contributions made by critical criminologists around the world In its exploration of this material the book also challenges the erroneous but widely held notion that the critical criminological project is restricted to mechanically applying theories to substantive topics or to simply calling for radical political economic cultural and social transformations Now fully updated and expanded in a new edition this book offers further coverage of new directions in critical criminology covering topics such as Green criminology Indigenous criminology Intersectionality Narrative criminology Rural critical criminology Queer criminology Zemiology Critical research methods Contemporary critical criminological policies Written in a clear and direct style this book is an essential source of reference for both undergraduate and postgraduate students of criminology deviance and social control criminological theory social policy research methodology and criminal justice Food Crime Matthew Robinson,2023-08-11 This book addresses the various forms of deviance and criminality found within the conventional food system This system made up of numerous producers processors distributors and retailers of food has significant far reaching consequences bearing upon the environment and society Food Crime broadly outlines the processes and impacts of this food system most relevant for the academic discipline of criminology with a focus on the negative health outcomes of the US diet e g obesity and diabetes and negative outcomes associated with the system itself e g environmental degradation The author introduces the concept of food criminology a new branch of criminology dedicated to the study of deviance in the food industry Demonstrating the deviance and criminality involved in many parts of the conventional food system this book is the first to provide exhaustive coverage of the major issues related to what can be considered food crime Embedded in the context of state corporate criminality the concepts and practices exposed in this book bring attention to harms associated with the conventional food system and illustrate the degree of culpability of food companies and government agencies for these harms This book is of interest to students scholars and practitioners seeking a more just and healthy food system and encourages further future research into food crimes in the disciplines of criminology criminal justice and sociology **Bulletin of the Atomic Scientists** ,1955-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Domsday Clock stimulates solutions for a safer world *Marxism and Criminological Theory* Mark Cowling,2008-11-03 This volume looks at Marxist thought in criminology the work of Willem Bonger Georg Rusche and Otto Kirchheimer and assesses the role of Marxist analysis in areas such as Critical Criminology and Left Realism Arguing that Marxism is relevant in the post Soviet era it offers a toolkit of Marxist theories and how to use them *Konrad Morgen* H. Pauer-Studer,J. Velleman,2015-05-07 Konrad Morgen The Conscience of a Nazi Judge is a moral biography of Georg Konrad Morgen who prosecuted crimes committed by members of the SS in Nazi concentration camps and eventually came face to face with the system of industrialized murder at Auschwitz His wartime papers and postwar testimonies yield a study in moral complexity

**Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 14**

**(1998)** Inter-American Commission on Human Rights, Inter-American Court of Human Rights, 2022-10-24 The print edition is available as a set of four volumes 9789041115171 *The Rich Get Richer and the Poor Get Prison* Jeffrey Reiman, Paul Leighton, 2023-04-28 For 40 years this classic text has taken the issue of economic inequality seriously and asked Why are our prisons filled with the poor Why aren't the tools of the criminal justice system being used to protect Americans from predatory business practices and to punish well off people who cause widespread harm This new edition continues to engage readers in important exercises of critical thinking Why has the U S relied so heavily on tough crime policies despite evidence of their limited effectiveness and how much of the decline in crime rates can be attributed to them Why does the U S have such a high crime rate compared to other developed nations and what could we do about it Are the morally blameworthy harms of the rich and poor equally translated into criminal laws that protect the public from harms on the streets and harms from the suites How much class bias is present in the criminal justice system both when the rich and poor engage in the same act and when the rich use their leadership of corporations to perpetrate mass victimization *The Rich Get Richer the Poor Get Prison* shows readers that much of what goes on in the criminal justice system violates citizens sense of basic fairness It presents extensive evidence from mainstream data that the criminal justice system does not function in the way it says it does nor in the way that readers believe it should The authors develop a theoretical perspective from which readers might understand these failures and evaluate them morally and they do it in a short text written in plain language Readers who are not convinced about the larger theoretical perspective will still have engaged in extensive critical thinking to identify their own taken for granted assumptions about crime and criminal justice as well as uncover the effects of power on social practices This engagement helps readers develop their own worldview New to this edition Presents recent data comparing the harms due to criminal activity with the harms of dangerous but not criminal corporate actions Updates research on class discrimination at every stage of the criminal justice system Updates statistics on crime victimization incarceration and wealth Increased material for thinking critically about criminal justice and criminology New material on global warming and why Black Lives Matter protests did not cause increases in crime in 2020 Expanded discussion of marijuana and drug legalization Stronger chapter overviews clearer chapter structure and expanded review questions Streamlined and condensed prose for greater clarity *Violent and Verdant* KangJae Jerry Lee, 2025-03-21 Public parks in the U S are one of the most contentious and paradoxical places Many Americans believe public parks are encapsulations of nature promoters of health and embodiments of egalitarianism and democracy providing a wide range of health economic cultural and social benefits to users Yet the historical reality of American public parks has been riddled with greed hypocrisy prejudice and ulterior motives of the rich and powerful Numerous people have been displaced exploited and even killed because of public parks Drawing from multiple disciplines such as sociology history geography urban planning environmental science and leisure studies

Violent and Verdant Systemic Injustice in Public Parks in the U S takes a two pronged approach to provide critical and fresh insights on public parks in the U S It looks back illuminating how parks have been sites of enduring violence and oppression But it also looks forward offering practical strategies and philosophical reimaginations of parks conception development and management The Blackwell Companion to Criminology Colin Sumner,2008-04-15 The Blackwell Companion to Criminology provides a contemporary and global resource to scholarship in both classical and topical areas of criminology Written accessibly and with its international perspective and first rate scholarship this is truly the first global handbook of criminology Editors and contributors are international experts in criminology offering a comparative perspective on theories and systems Contains full discussion of key debates and theories the implications of new topics studies and ideas and contemporary developments Coverage includes class gender and race criminal justice juvenile delinquency punishment mass media international crimes and social control **Sociological Abstracts** Leo P. Chall,1983 Privileged Populists Micah J. Fleck,2022-02-10 Counter revolution has long been a tool of propagandists to redirect populist movements from achieving actual liberation for themselves But what happens when counter revolutionaries begin to believe their own claims of genuine revolution What leads to such a phenomenon And how big a role does mainstream political ideology and policy play in the mass ignorance and revisionism that has now allowed nationalism to influence national elections Privileged Populists sets out to answer these questions while aiming to understand the organic emergence of anti political populism within the context of late stage capitalism in the West This book analyses how these elements inform and validate each other as means of appealing to the growing sense of cultural angst and economic unrest within the conservative working class and unwittingly giving undue credence to some of the most extreme right wing ideological claims in the process What results is a journey through the history of revolutionary thought and how that history has been distorted over time as well as an anthropological investigation of populism itself as a naturally occurring logic within groups and how it can be exploited in the absence of substantive mainstream solutions to present day economic crises **Purpose, Practice, and Pedagogy in Rhetorical Criticism** Jim A. Kuypers,2014-02-07 This edited volume fills a void in the literature concerning the purpose practice and pedagogy associated with performing rhetorical criticism Literature regarding these issues predominantly purpose exists primarily as scattered journal articles and as sections within chapters of textbooks on rhetorical criticism This book brings together 15 established rhetorical critics each of whom offers well thought out and argued opinion pieces that stress the more personal nature of criticism The purpose of this book is to serve as a disciplinary resource and as a teaching and learning aid Accessibility across areas of expertise and experience is stressed in this book Critics range from junior faculty to emeritus and represent a broad spectrum of views on criticism In this sense the book offers a snapshot of the views of a wide swath of successfully practicing contemporary rhetorical critics *Race, Rights, and Redemption* Janet Dewart Bell,2021-11-16 Leading legal lights weigh in on key issues of race and the law collected in honor of one of the originators of

critical race theory Penetrating essays on race and social stratification within policing and the law in honor of pioneering scholar Derrick Bell Kirkus Reviews starred review When Derrick Bell one of the originators of critical race theory turned sixty five his wife founded a lecture series with leading scholars including critical race theorists many of them Bell s former students Now these lectures given over the course of twenty five years are collected for the first time in a volume Library Journal calls potent and Kirkus Reviews in a starred review says powerfully acknowledge s the persistence of structural racism To what extent does equal protection protect asks Ian Haney Lopez in a penetrating analysis of the gaps that remain in our civil rights legal codes Sherrilyn Ifill president and director counsel of the NAACP Legal Defense Fund describes the hypersegregation of our cities and the limits of the law s ability to change deep seated attitudes about race Patricia J Williams explores the legacy of slavery in the law s current constructions of sanity Anita Allen discusses competing privacy and accountability interests in the lives of African American celebrities Chuck Lawrence interrogates the judicial backlash against affirmative action And Michelle Alexander describes what caused her to break ranks with the civil rights community and take up the cause of those our legal system has labeled unworthy Race Rights and Redemption which was originally published in hardcover under the title Carving Out a Humanity gathers some of our country s brightest progressive legal stars in a volume that illuminates facets of the law that have continued to perpetuate racial inequality and to confound our nation at the start of a new millennium With contributions by Michelle Alexander Anita Allen Derrick Bell Stephen Bright Paul Butler John Calmore Devon W Carbado William Carter Jr Emma Coleman Jordan Richard Delgado Annette Gordon Reed Jasmine Gonzales Rose Lani Guinier Cheryl I Harris Ian Haney Lopez Sherrilyn Ifill Charles Lawrence Kenneth W Mack Mari Matsuda Charles Ogletree Angela Onwuachi-Willig Theodore M Shaw Kendall Thomas Patricia J Williams Robert A Williams

**Algorithms** Tobias Matzner,2023-10-02 Algorithms Technology Culture Politics develops a relational situated approach to algorithms It takes a middle ground between theories that give the algorithm a singular and stable meaning in using it as a central analytic category for contemporary society and theories that dissolve the term into the details of empirical studies The book discusses algorithms in relation to hardware and material conditions code data and subjects such as users programmers but also data doubles The individual chapters bridge critical discussions on bias exclusion or responsibility with the necessary detail on the contemporary state of information technology The examples include state of the art applications of machine learning such as self driving cars and large language models such as GPT The book will be of interest for everyone engaging critically with algorithms particularly in the social sciences media studies STS political theory or philosophy With its broad scope it can serve as a high level introduction that picks up and builds on more than two decades of critical research on algorithms *Prison Power* Lisa M. Corrigan,2016-11-04 Winner of the 2017 Diamond Anniversary Book Award and the African American Communication and Culture Division s 2017 Outstanding Book Award both from the National Communication Association In the Black liberation movement imprisonment emerged as a key rhetorical theoretical

and media resource Imprisoned activists developed tactics and ideology to counter white supremacy Lisa M Corrigan underscores how imprisonment a site for both political and personal transformation shaped movement leaders by influencing their political analysis and organizational strategies Prison became the critical space for the transformation from civil rights to Black Power especially as southern civil rights activists faced setbacks Black Power activists produced autobiographical writings essays and letters about and from prison beginning with the early sit in movement Examining the iconic prison autobiographies of H Rap Brown Mumia Abu Jamal and Assata Shakur Corrigan conducts rhetorical analyses of these extremely popular though understudied accounts of the Black Power movement She introduces the notion of the Black Power vernacular as a term for the prison memoirists rhetorical innovations to explain how the movement adapted to an increasingly hostile environment in both the Johnson and Nixon administrations Through prison writings these activists deployed narrative features supporting certain tenets of Black Power pride in Blackness disavowal of nonviolence identification with the Third World and identity strategies focused on Black masculinity Corrigan fills gaps between Black Power historiography and prison studies by scrutinizing the rhetorical forms and strategies of the Black Power ideology that arose from prison politics These discourses demonstrate how Black Power activism shifted its tactics to regenerate even after the FBI sought to disrupt discredit and destroy the movement
