The Campus Rape Frenzy KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by

President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

Ending Sexual Violence in College Joanne H. Gavin, James Campbell Quick, David J. Gavin, 2021-03-23 How do we create a culture of zero tolerance for sexual violence on college campuses In a world where one in five women on campus experience some form of sexual assault what would it take to create a campus culture that was free of violence against women From a public health perspective sexual assault is an epidemic on campuses but why What is it about a campus community culture that permits or encourages this at a time when a majority of students are now female In this practical guide for colleges and universities Joanne H Gavin James Campbell Quick and David J Gavin lay out a community based model that is designed to eliminate sexual misconduct spot it before it happens punish its perpetrators support its victims survivors and end this epidemic

Ending Sexual Violence in College is a prescriptive guide for creating a campus culture that is intolerant of sexual misconduct regardless of who is involved or the context in which it happens A culture of intolerance the authors argue does not consider the role or status of either the perpetrator or victim survivor Rather this culture protects all members Using a public health model with an emphasis on prevention to create this cultural change the book utilizes psychological and organizational research to understand the challenges of making these changes while enhancing the odds of permanent cultural change for the better Designed to spur community wide conversations on how we can make our campuses safe from sexual violence this book's preventive approach allows communities to self monitor The authors include case studies of institutions that have not been proactive in putting programs in place to protect students as well as examples of institutions that are effectively addressing

these problems Aimed at college administrators and Title IX coordinators who are responsible for leading campuses that are safe for everyone Ending Sexual Violence in College also enables those who work or live on a college campus to take an active role in making the campus safer
