Canada What It Is What It Can Be Rotman Utp Publishing:

Canada Roger Martin,James Milway,2012-05-07 Canadians have achieved an enviable balance of economic prosperity and civic harmony but as emerging countries like China India and Brazil take their place alongside developed economies we cannot be complacent Our high paying jobs world class learning and research institutes excellent health care and social safety nets exist only to the extent that we are innovative and competitive globally Canada What It Is What It Can Be provides an incisive examination of this country s increasing prosperity gap the difference in value between what we do create and what we could create if we performed at our full potential As Roger Martin and James Milway demonstrate although we are proud of our trading prowess we do not participate as aggressively in world markets with innovative products and services as we could While we want to take risks to achieve success our business strategies and economic policies need to set the bar higher to achieve the success we want for Canada Written in an accessible style that helps general readers understand complex economic concepts Canada What It Is What It Can Be exposes the myths currently guiding our public policy and provides ground breaking new approaches for realizing our full prosperity potential **Innovating for the Global South**

Dilip Soman,Janice Gross Stein,Joseph Wong,2014-01-22 Despite the vast wealth generated in the last half century in today s world inequality is worsening and poverty is becoming increasingly chronic Hundreds of millions of people continue to live on less than 2 per day and lack basic human necessities such as nutritious food shelter clean water primary health care and education Innovating for the Global South offers fresh solutions for reducing poverty in the developing world Highlighting the multidisciplinary expertise of the University of Toronto s Global Innovation Group leading experts from the fields of engineering medicine management and global public policy examine the causes and consequences of endemic poverty and the challenges of mitigating its effects from the perspective of the world s poorest of the poor Can we imagine ways to generate solar energy to run essential medical equipment in the countryside Can we adapt information and communication technologies to provide up to the minute agricultural market prices for remote farming villages How do we create more inclusive innovation processes to hear the voices of those living in urban slums Is it possible to reinvent a low cost toilet that operates beyond the water and electricity grids Motivated by the imperatives of developing delivering and harnessing innovation in the developing world Innovating for the Global South is essential reading for managers practitioners and scholars of development business and policy **From Wall Street to Bay Street** Christopher Kobrak,Joe

Martin,2018-01-01 From Wall Street to Bay Street is the first book for a lay audience to tackle the similarities and differences between the financial systems of Canada and the United States Christopher Kobrak and Joe Martin reveal the different paths each system has taken since the early nineteenth century **Wicked Strategies** John C. Camillus,2016-01-01 Wicked

Strategies offers a comprehensive framework for identifying responding to and profiting from wicked problems

Leadership in the Eye of the Storm Bill Tibbo,2016-10-27 Corporations need great leaders particularly during times of

distress and crisis Shareholders employees and longtime customers all experience firsthand the disastrous effects poor leadership can have on the human side of the business equation Leadership in the Eye of the Storm is a practical and inspirational guide that helps professionals create opportunity out of chaos The book s insights are gleaned from the real life experiences of four North American profiled leaders who successfully navigated through the epicenter of their own storms by focusing first on the needs of their employees and families and then the needs of their organizations Events discussed include the 9 11 attacks Hurricane Katrina and the SARS outbreak Tibbo offers a framework emerging from these narratives that enable future leaders to identify and cultivate the skills and behaviours required to not only meet the challenges but seize the opportunities that arise in times of chaos

Working in a Multicultural World Luciara Nardon,2017-10-31 Measureable data driven outcomes are not the only indicators of success in today s multicultural and globalized workforce How employees interact with their colleagues and customers is also a significant factor in their career development Luciara Nardon draws on her extensive research and international experience to guide employees and managers through the ambiguous and uncertain waters of today s multicultural workplace Each intercultural encounter is unique involving different people contexts dynamics and actions which general cultural protocols are unable to address In Working in a Multicultural World Nardon offers a comprehensive framework for understanding intercultural interactions and developing skills for successful intercultural situations Numerous examples and exercises including how to reconcile personal beliefs of equality with a hierarchical workplace and how to respond to perceived aggressiveness in business negotiations enable employees and managers to embark on reflective processes that will springboard their intercultural competence Working in a Multicultural World is an accessibly written and valuable resource for all professionals in today s workplace as well as students and travelers interested in intercultural relations

Diaminds Mihnea C. Moldoveanu,Roger L. Martin,2010-01-01 What constitutes successful thinking in business What are the techniques used by some of the top minds in the business world to solve problems and create value In Diaminds Mihnea Moldoveanu and Roger Martin creators of the Integrative Thinking curriculum at the Rotman School of Management draw upon numerous case studies and interviews as well as theories and models from cognitive psychology epistemology analytic philosophy and semiotics to present a new conception of successful intelligence that is immediately applicable to business situations The diamind or dialogical mind is characterized by a number of qualities the ability to simultaneously hold opposing plans models and courses of action in mind while retaining the ability to act bi stability logical depth and informational breadth in one s thinking processes meliorism the ability to choose among various representations of the world the self and others choicefulness and the capacity to think about how to analyse and solve a problem while at the same time thinking about the problem itself polyphony The authors discuss these concepts in detail and provide examples and exercises throughout to encourage readers to examine and re engineer their own thought patterns to develop these qualities and cultivate their own diaminds

The Technological Revolution in Financial

Services Michael R. King, Richard W. Nesbitt, 2020-08-26 The financial services industry is being transformed by heightened regulation technological disruption and changing demographics These structural forces have lowered barriers to entry increasing competition from within and outside the industry in the form of entrepreneurial fintech start ups to large non financial technology based companies The Technological Revolution in Financial Services is an invaluable resource for those eager to understand the evolving financial industry This edited volume outlines the strategic implications for financial services firms in North America Europe and other advanced economies The most successful banks insurance companies and asset managers will partner with financial technology companies to provide a better and more innovative experience services to retail customers and small businesses Ultimately this technological revolution will benefit customers and lead to a more open and inclusive financial system

The Carrot and the Stick William Putsis, 2020-02-03 In today's business environment companies that find and win points of strategic control are those that win This book is about not only how to spot them but how to control them and extend them to multiple market opportunities

Flux David Soberman, Dilip Soman Consulting, 2012-12-05 The past decade has seen a number of developments that threaten the very fabric of how marketing activities have traditionally been conducted On one hand consumers are increasingly socially networked and value conscious with heightened expectations of how companies will react to their demands Along with the challenges however come new opportunities the growth of behavioural economics and the emergence of new data collection techniques for instance give marketers unprecedented access to previously hidden aspects of consumer behavior Clearly business as usual is not an option for marketing managers who want their firms to stay in the game To help managers adapt to the rapidly changing business environment Flux offers a collection of the very best thinking on key areas of marketing activity and decision making Each chapter is written by a leading expert in a specific new marketing subject area from managing brands to dealing with new media and addresses substantive challenges in that area while providing steps for taking action The book's integrated approach makes it an excellent resource not only for marketing managers but any managers dealing with customers

Artistry Unleashed Hilary Austen, 2010-10-27 Imagine if you could make effective progress with no clear plan or destination in view achieve excellence without sacrificing creativity and invest passion even as you apply reason and intelligence Artistry Unleashed is about working and living at the edge of what you know and beyond Surprise uncertainty ambiguity intensity and change are all disruptive forces that we often avoid or fear Yet they are the essential origin of both creativity and great performance Learn how artistry when allowed to escape studio walls can motivate painters CEOs athletes scientists chefs and you to achieve these powerful capabilities Artistry Unleashed provides original and practical tools to transform what we think about artistry's role in professions in organizations in education and most importantly in everyday life

Intrapreneurship Kevin C. Desouza, 2011-12-10 As an employee you suspect that your best ideas are valuable and could greatly benefit your organization Management also recognizes that a company's ability to compete is

contingent on how well it leverages its employees ideas So why are individuals at all levels of organizations typically poor advocates for ideas Intrapreneurship provides an engaging guide for both managers and employees on how to direct the flow of ideas and foster a culture of entrepreneurship within their company s existing structure Based on Kevin C Desouza s research and experience consulting with thirty global organizations Intrapreneurship outlines ways to mobilize all types of ideas including blockbusters with the potential to create radically new external products and services and more incremental innovations for improving internal processes With practical frameworks and real life examples for both employees and managers Intrapreneurship will help you to identify the value in your own ideas and those of others to ultimately benefit your organization *Three Plays of Maureen Hunter* Hunter, Maureen,2003 Book is clean and tight No writing in text Like New

Living with China Wendy Dobson,2019-08-22 Living with China urges Canadians to adopt a forward looking China strategy that recognizes the significance of China s history and values for its development model of authoritarian state capitalism and managed markets Market reforms will be key drivers of China s long term growth yet Chinese policy is ambivalent about the potential dangers of spontaneous market forces undermining the Party s central goal of political stability The tensions between market forces and state intervention and between political and economic goals are identified in the book s early chapters that outline what Canadians need to know about the Chinese economy The book also examines how Chinese enterprises are going global through direct investments and participation in the dynamic but troubled Belt and Road Initiative In an environment of rising tensions over trade and technology evident in negotiating the USMCA with the United States and doing business with Huawei the China based telecommunication giant Canada needs a China strategy Living with China is one of the first comprehensive volumes on a forward looking Canada China strategy The recommended strategy includes more leadership from top officials building a Canada brand strengthening our international human capital addressing security issues and negotiating bilateral trade and investment liberalization Dobson also acknowledges the importance of addressing such key issues as intellectual property protection cybersecurity and value differences such as respect for individual rights **The Finance Crisis and Rescue** Rotman School of Management,2008-12-15 The 2008

global financial crisis affects everyone but its root causes and potential cures knowledge necessary in order to make strong financial decisions moving forward are confusing to many This compilation of expert views from the University of Toronto s Rotman School of Management navigates what went wrong why and the lessons that these events can teach business people policy makers and interested observers alike The Finance Crisis and Rescue features essays from ten leading Rotman professors and renowned journalist Michael Hlinka as well as a foreword by Rotman Dean Roger Martin These intellectual leaders from the front lines of business thinking tackle the subject from varied perspectives analyzing the crisis through their diverse backgrounds in fields such as structured finance behavioural finance value investing pension plans risk management corporate governance public policy and leadership A timely and considered response to current events The Finance Crisis

and Rescue will be of interest to all those following recent global financial developments **Gravity Shift** Wendy Dobson,2010-07-31 The rapid growth diversity and strategic importance of the emerging Chinese and Indian economies have fired the world's imagination with both hopes and fears for the future Wendy Dobson's perceptive analysis of changing institutions demographics and politics paints a thoughtful and surprising picture of India and China as economic powerhouses in the year 2030 Examining past events and current trends Gravity Shift offers bold predictions of the changes we can expect in key economic and political institutions in China and India changes that will inform and shape tomorrow's business decisions Dobson's work anticipates that by 2030 China's economy will be larger than those of the United States India and Japan though its population will be ageing and its growth slowing India will also come into its own making major strides in modernizing its vast rural population vanquishing illiteracy and emerging as an innovative manufacturing powerhouse A China India free trade agreement could well become the foundation of a cooperative Asian economic community As the world re-evaluates business practices in the wake of the global economic crisis Gravity Shift provides a clear vision of how India and China will reshape the Asian region to inform and transform global economic institutions

Fixing the Future Bruce Little,2008-12-15 In 1993 most Canadians believed that big government deficits were permanent and that the Canada Pension Plan CPP was in such deep trouble that younger Canadians would never collect a retirement pension They believed too that Canada's politicians were incapable of dealing with either problem Yet by 1998 both were essentially solved While the deficit battles have been recounted many times the story of the reform that rescued the CPP has gone almost entirely untold In Fixing the Future Bruce Little explains the CPP overhaul and shows why it stands as one of Canada's most significant public policy success stories in part because it demanded an almost unparalleled degree of federal provincial co-operation Providing an overview of the CPP's entire history from its beginning in 1965 Little pulls together published and new unpublished material relating to the CPP reform and interviews over fifty politicians government officials and others who were deeply involved in the reforms for their recollections insights and observations A superbly told history of one of Canada's most important public policy issues Fixing the Future will be of interest to political scientists historians economists and anyone concerned about their retirement

Evolutionary Ideas Sam Tatam,2022-05-10 When faced with new challenges it's easy to feel our solutions need to be equally unprecedented We think we need a revolution But what if this is a big mistake In Evolutionary Ideas Sam Tatam shows how behavioural science and evolutionary psychology can help us solve tomorrow's challenges not by divining something the world has never seen but by borrowing from yesterday's solutions often in the most unexpected ways Just as millions of years of evolution have helped craft the wing and dorsal fin thousands of engineers designers marketers and advertisers have toiled to solve many of the problems you face today Over time through intent design social learning and sheer luck we have found what works Armed with an enhanced ability to see these patterns in human innovation we can now systematically approach the creative process to develop more

effective ideas more readily and rapidly In the same way Japanese engineers reduced bullet train noise by studying the evolved biology of the owl and kingfisher today we can see how Disney improved the queueing experience in the same way Houston airport made arrivals feel faster while making people walk further We ll learn how the chocolate at the bottom of a Cornetto ice cream can improve an Error 404 message and what a bowl of M Ms has in common with a canary in a coal mine These are Evolutionary Ideas Exploring five of the most critical challenges we face today we learn how to breed more effective solutions from those that have survived The result is a dynamic and exciting way of solving problems and supercharging creativity for anyone in any endeavour Leadership is Half the Story Marc Hurwitz,Samantha

Hurwitz,2015-01-01 Can you imagine a choreographer only training one dancer to lead while his or her partner sits in the lobby staring at the wall Yet we do this all the time in organizations Half the partnership is missing Leadership is Half the Story introduces the first model to seamlessly integrate leadership followership and partnerships This research backed field tested book contributes many new ideas and practical advice for everyone in an organization from CEO to HR director to front line manager to consultant All of us lead not just those with the formal title All of us follow not just front line staff In great collaborations one moment we are leading and then we flip to following in other words the relationship between leadership and followership is dynamic context specific and ever evolving This empowering perspective opens up leadership to everyone normalizes followership and enables more productive and innovative collaborations Candid discussions about both roles allow for better coaching mentoring skill development and interpersonal agility and result in stronger teams Marc and Samantha Hurwitz give us a category busting book that practically glows with energy and vision according to Marshall Goldsmith executive coach and best selling author of What Got You Here Won t Get You There **The Last Mile** Dilip

Soman,2015-07-27 Most organizations spend much of their effort on the start of the value creation process namely creating a strategy developing new products or services and analyzing the market They pay a lot less attention to the end the crucial last mile where consumers come to their website store or sales representatives and make a choice In The Last Mile Dilip Soman shows how to use insights from behavioral science in order to close that gap Beginning with an introduction to the last mile problem and the concept of choice architecture the book takes a deep dive into the psychology of choice money and time It explains how to construct behavioral experiments and understand the data on preferences that they provide Finally it provides a range of practical tools with which to overcome common last mile difficulties The Last Mile helps lay readers not only to understand behavioral science but to apply its lessons to their own organizations last mile problems whether they work in business government or the nonprofit sector Appealing to anyone who was fascinated by Dan Ariely s Predictably Irrational Richard Thaler and Cass Sunstein s Nudge or Daniel Kahneman s Thinking Fast and Slow but was not sure how those insights could be practically applied The Last Mile is full of solid concrete advice on how to put the lessons of behavioral science to work
