Can Israel Survive In A Hostile World:

The Pentecostal Mission in Palestine Eric Nelson Newberg, 2012-06-13 The Pentecostal mission in Palestine is a virtually unknown episode in the history of Pentecostalism Its story begins in 1906 at the Azusa Street Revival from which missionaries were sent to Palestine In its first thirty years the Pentecostal mission in Palestine gained a foothold in Jerusalem and expanded its reach into Jordan Syria and Iran It was severely tested and lost traction during the tumultuous period of the Arab Revolts World War II and the Partition Crisis With the catastrophic war of 1948 the Pentecostal missionaries fled as their Arab clients were swept away in the Palestinian Diaspora After 1948 a valiant attempt was made to revive the mission but only with relative success Although the Pentecostal missionaries failed in their objective of converting Jews and Muslims they were eyewitnesses of the formative events of the Arab Israeli conflict Newberg argues that the Pentecostal missionaries functioned as brokers of Pentecostal Zionism He offers a postcolonial assessment of the Pentecostal missionaries crediting them for advocating philosemitism yet bringing them up short for disregarding the civil rights of Palestinian Arabs espousing Islamophobia and contributing to the forces working against peace in the Holy Land The Last War Jim Fletcher, David Allen Lewis, 2001-04-01 Exclusive interview with Ariel Sharon A probing look at the war on terrorism Conflict in the Middle East has simmered and boiled for decades Now war and terrorism are global in scope The Last War contains supremely relevant information for all concerned Why do Islamic radicals hate the West What is the radical Moslem's world view Who are Osama bin Laden's allies Who are the Little Satan and the Great Satan Are we being told the whole truth about our enemies Tragically a decade of intense diplomacy and negotiation has given way to widespread violence some analysts aware of the real potential for catastrophic war in the region openly wonder if this will all lead to a last war of sorts After seven years of confidence building measures that are the framework of the Oslo Accords an ambitious attempt to bring Israelis and Palestinians to a final peace agreement the whole affair is unraveling Violence in the West Bank has accelerated dramatically since Yitzak Rabin and Yasser Afarat signed the Declaration of Principles on the White House lawn in 1993 In this indepth study of the peace process the reader will learn little reported facts about the peace process and the people involved and will be able to see clearly that the latest confrontations are a prelude to a devastating conclusion Dictionary of **Premillennial Theology** Mal Couch,1996 More than 50 scholars combine their expertise to present a historical and topical dictionary of premillennial theology Israel and the Church Chuck Missler, 2023-01-23 Has God abandoned Israel Has the Church replaced Israel What does the Bible say As we watch the world events it is clear that Israel is following her prophetic scenario and a new chapter is about to be written and there may be a big surprise on our near horizon Conflict & Connection Moshe Aumann, 2003 Discusses a number of Church documents issued by both the Catholic and Protestant Churches concluding that there has been a real repentance based post Holocaust revision of Christian theology which now rejects anti Judaism Stresses that in order for these changes to reach the rank and file further educational efforts are needed

also notes the need for Jewish partners in dialogue to wipe out vestiges of Christian antisemitism Aumann from 1987 90 a minister counselor for relations with Christian churches at the Israeli Embassy in Washington notes the gradual recognition by Churches of the Jewish state but expresses disappointment that some institutions like the World Council of Churches sympathize with the Palestinians this is interpreted as anti Zionist support for terror Some of the documents appear in the The Anatomy of Israel's Survival Hirsh Goodman, 2011-09-06 The question Can Israel survive appendixes pp 189 274 has echoed loud for Israelis and Jews their supporters and adversaries worldwide since the Holocaust The recent upheavals in Egypt Tunisia and beyond have raised it anew Israeli journalist and security analyst Hirsh Goodman set out to answer it through rigorous factual assessment of each of the challenges his country faces and by consulting experts and participants on all sides of every complex issue But what he learned was that this once essential question has become a dangerous distraction In this provocative and deeply informed book Goodman shares his clarifying analyses both of recent political events and of Israel's strategic position. He shows how the country's obsession with dangers posed by outside forces has obscured the harder issues facing it from within ever since its leaders disregarded Ben Gurion s advice to leave the territories captured during the Six Day War By yoking itself to the demographic timebomb of the West Bank and Gaza Israel propelled itself towards an invidious choice democracy or Jewish identity Now Goodman argues Israel s survival is jeopardized more by the competence of its leaders and fissures in its social and political system than by any outside threat even the apocalyptic sounding ones from Iran Dynamic Studies in Romans Fred A. Scheeren, 2014-07-21 Scholars and students alike have hailed the book of Romans as one of the greatest single literary works of all time When you consider that it is also the Word of God it makes the study of his remarkable book all the more valuable for help in day to day living Relying on the truth that Scripture is the best commentary on Scripture author Fred Scheeren walks us through Romans by tracing the concepts and promises found in this awe inspiring book through the New and Old Testaments If you ve ever wondered about how to access the grace of God how to walk victoriously in the Spirit what it means to be grafted in as a believer what it means to be heart circumcised the role and meaning of baptism in a believer s life or how to avoid error when studying the Scriptures then you won t want to miss this Bible study guide Better yet find a group of like minded friends to join you in creating a small study group experience Such a collection of people might also quite appropriately be called a life group as the members do more than enhance their knowledge of Scripture They develop close personal relationships as they apply God's Word to their lives and support each other in the positive growth they experience as a result Zionism and the Ouest for Justice in the Holy Land Donald E. Wagner, Walter T. Davis, 2014-07-01 A critical examination of political Zionism a topic often considered taboo in the West is long overdue Moreover the discussion of Christian Zionism is usually confined to Evangelical and fundamentalist settings The present volume will break the silence currently reigning in many religious political and academic circles and in so doing will provoke and inspire a new challenging conversation on theological and

ethical issues arising from various aspects of Zionism a conversation that is vital to the quest for a just peace in Israel and Palestine The eight authors offer a rich diversity of religious faith academic research and practical experience as they represent all three Abrahamic faiths and five different Christian traditions Among the many themes that run through Zionism and the Quest for Justice in the Holy Land is the contrast between exclusivist narratives both biblical and political and the more inclusive narratives of the prophetic Scriptures which provide the theological foundation and the moral imperative for human liberation Readers will be drawn into a compelling readable and stimulating series of essays that tackle many of the complex issues that still confound clergy politicians diplomats and academic experts **The Babylon Code** Richard N. Rhoades, 2014-10-29 At a reception in the Kremlin on November 17 1956 Nikita Khrushchev made a startling comment aimed at America Whether you like it or not history is on our side We will bury you The break up of the USSR in 1991 was hailed by the Westespecially Americaas a victory over communism and its global threat of tyranny Throughout the world the cry was heard Communist rule is over The evil empire is gone But was it In The Babylon Code Is AMERICA in Prophecy author Richard N Rhoades examines the writings of Russian dissidents and high ranking communist military leaders to explain the real reason behind Khrushchevs angry outburst and to illustrate why Russia is more dangerous today than ever before His research reveals a long range KGB strategic plan for global domination known among some of the highest ranking Communist military defectors to the West Rhoades also explores the real reason Russia is now flexing its muscles to the United States and the world and what the ancient Hebrew prophets said about a great latter nation in the Bible code named Babylon whose real identity is mentioned in the Hebrew Scriptures not once but twice as AMERIKA AMERICA The Babylon Code offers a well researched in depth look at the causes of these threats and actions viewing Russia America and its Jewish inhabitants with a new perspective The Ashgate Research Companion to War Hall Gardner, Oleg Kobtzeff, 2016-03-23 Many different social scientists have been challenged by the origins of wars their immediate causes and the mechanisms leading to the breakdown of peaceful relations Many have speculated whether conflicts were avoidable and whether alternative policies might have prevented conflict The Ashgate Research Companion to War provides contributions from a number of theorists and historians with a focus on long term systemic conflicts. The problematique is introduced by the Editors highlighting the need for interdisciplinary approaches to the study of war as a global phenomenon The following 29 essays provide a comprehensive study guide in four sections Part I explicates differing theories as to the origins of war under the general concept of polemology Part II analyzes significant conflicts from the Peloponnesian wars to World War II Part III examines the ramifications of Cold War and post Cold War conflict Part IV looks at long cycles of systemic conflict and speculates in part whether another global war is theoretically possible and if so whether it can be averted This comprehensive volume brings us a much needed analysis of wars throughout the ages their origins their consequences and their relationship to the present A valuable understanding that is ideal for social scientists from a variety of backgrounds

Hamilton, 2018-03-05 The political rhetoric of ancient Israel took several literary architectural and graphic forms Much of the relevant material concerns kingship but other loci of authority and submission also drew significant attention Mark W Hamilton illustrates how these texts interacted with other political rhetorics especially those of the great Mesopotamian empires By paying close attention to the argumentation of the Israelite literature as well as their function as epideictic oratory building solidarity with hearers he reveals the complexity of Israelite intellectual activity both during and after the period of the monarchy By doing this he shows that this body of thought lies at the heart of Western political thought even today Israel's Strategic Agenda Efraim Inbar, 2013-09-13 Divided into two clear parts the first part of this book examines political and economic factors in the global strategic environment including the approach of US and EU foreign policies towards Israel global trends in the field of defence industries and the energy sector and their implications for the Middle East and Israel The second part focuses on Israel's strategic agenda as reflected in its military force design and doctrine the dilemmas the country has faced in the course of fighting its wars of attrition the relations between military and civil sectors in Israel the struggle against Israel on the part of non governmental organizations Israel s main security challenges and national grand strategy This book was previously published as a special issue of Israel Affairs Master of the Game Martin Indyk, 2021-10-26 A perceptive and provocative history of Henry Kissinger's diplomatic negotiations in the Middle East that illuminates the unique challenges and barriers Kissinger and his successors have faced in their attempts to broker peace between Israel and its Arab neighbors A wealth of lessons for today not only about the challenges in that region but also about the art of diplomacy the drama dazzling maneuvers and grand strategic vision Walter Isaacson author of The

Here is a roster of larger than life characters Anwar Sadat Golda Meir Moshe Dayan Yitzhak Rabin Hafez al Assad and Kissinger himself Indyk s account is both that of a historian poring over the records of these events as well as an inside player seeking to glean lessons for Middle East peacemaking He makes clear that understanding Kissinger's design for Middle East peacemaking is key to comprehending how to and how not to make peace American Jewish Year Book 2015 Arnold Dashefsky, Ira M. role in the realization of Zionist objectives in Palestine But academic support of Israel in the West has been a neglected issue with Western academic knowledge being regarded as impartial and objective This book reveals that this understanding of Western academic knowledge is wrong when it comes to the Israel Palestine question Rather knowledge has been biased misleading and dogmatic and Western college students are subscribing to factual histories based on theories at best if not fiction The book is the first empirical investigation able to document this partial reporting of history Seyed Hadi Borhani examines the most popular college level textbooks used to teach the history of the Israel Palestine in Western universities combining textbook analysis to determine how the dominant academic texts report the question and a context analysis to identify who manufactures the dominant knowledge The book provides a historical map of how the Israel Palestine conflict is understood in the West The book can be used as a critique for students and professors to use alongside textbooks and is a vital and much needed intervention into the state of affairs in Western academia
