Can Do! William Bradford Huie, 1997-11-14 When William Bradford Huie a reporter for H L Mencken's American Mercury joined the U S Navy in 1943 he received a commission as a public relations officer in the little known Civil Engineer's Corps Construction Battalions the Seabees With the publication of Can Do the following year Americans soon came to appreciate the significance of the corps work and the danger of their wartime activities As readable and entertaining today as it was some fifty years ago this account tells the story of the Seabees who landed with the Marines at Guadalcanal and Wake Island Sicily and Salerno Experienced civilian engineers carpenters steam shovel operators plumbers truck drivers surveyors and the like they landed with the first waves of American assault troops bringing heavy equipment ashore to build roads bridges and airfields and repair whatever they could Often working under enemy fire they incurred many casualties and won the deep respect of everyone who came into contact with them Huie's book is filled with spirited accounts of the Seabees achievements in the Aleutians the South Sea islands Europe and Africa A passionate and convincing advocate Huie wrote the book not only to call attention to their accomplishments but to serve as an inspiration to others and he often has the Seabees tell their stories in their own words Appendixes offer valuable details including lists of casualties award recipients and Seabees poems An introduction by Donald R Noble is included in this new paperback edition *Can Do* William Bradford Huie, 2020-02-19 Born in the hellish aftermath of Pearl Harbor the Seabees began as barely armed civilians with no military training They had an average age of 35 GI's would joke Never hit a Seabee for his son might be a Marine But America's bulldozing jungle hacking Jap cracking Construction Battalion or the Seabees C B's soon proved themselves miracle construction workers in seemingly impassable combat zones Before World War 2 Marines were the ones to get their first but the need for roads in the muddy battlefields of the Pacific meant that claim would pass to the Construction Battalion Their early motto was Can Do Forthcoming Books Rose Arny, 1999-04 From Omaha to Okinawa William Bradford Huie, 2012-04-15 In this rousing sequel to his classic Can Do The Story of the Seabees William Bradford Huie continues the saga of the combat trained civilian plumbers carpenters heavy equipment operators wharf builders and civil engineers who served in the U S Navy construction battalions The story begins in 1944 with the battle for Iwo Jima when the Seabees braved concentrated enemy fire and Iwo's daunting terrain to rig floating causeways blow up wrecked landing craft and drive their bulldozers up three terraces that rose from the ocean to secure the beachhead This book fully chronicles their heroism including the unforgettable efforts of the men of the 31st Battalion who crawled the length of a landing strip to pick up shrapnel as Japanese snipers fired away Huie does equal justice to the historic actions of the Seabees on D Day at Omaha Beach where they manned fifteen hundred vehicles during the first wave of landings at Normandy He provides fascinating accounts of the creation and testing of various pierheads floating steel bridges and Rhino ferries His narrative of Seabee accomplishments is heavily laced with colorful stories of moonshining brawling and carousing juxtaposed with compassionate

stories of the children in the prisoner of war camps His enthusiasm for the Seabees gained instant acceptance when this book was first published in 1945 and is often cited as inspiring succeeding generations to rise to the same spirit of devotion and loyalty to their task **Operation Goodtime and the Battle of the Treasury Islands, 1943** Reg Newell,2012-10-05

A force of New Zealanders and Americans invaded the Treasury Islands in the South Pacific on October 27 1943 retaking them from their Japanese occupiers Codenamed Operation Goodtime the action marked the first time New Zealand forces took part in an opposed landing since Gallipoli in 1915 In an unusual allocation of troops in the American dominated theater New Zealand provided the fighting men and America the air naval and logistical support Confronting extreme risks against a determined Japanese foe the Allies nevertheless succeeded with relatively few casualties Because of the need for operational security Operation Goodtime received little publicity and has been relegated to a footnote in the history of the war in the Pacific This is the first complete account of the Allied seizure of the Treasury Islands **United States Naval Institute**

Proceedings ,2003 *The First Lady of World War II* Shannon McKenna Schmidt,2023-05-02 The first book to tell the full story of Eleanor Roosevelt s unprecedented and courageous trip to the Pacific Theater during World War II On August 27 1943 news broke in the United States that First Lady Eleanor Roosevelt was on the other side of the world A closely guarded secret she had left San Francisco aboard a military transport plane headed for the South Pacific to support and report the troops on WW2 s front lines Americans had believed she was secluded at home As Allied forces battled the Japanese for control of the region Eleanor was there on the frontlines spending five weeks traveling on a mission as First Lady of the United States to experience what our servicemen were experiencing and report back home The most remarkable journey any president s wife has ever made Washington Times Herald September 28 1943 Mrs Roosevelt s sudden appearance in New Zealand well deserves the attention it is receiving This is the farthest and most unexpected junket of a First Lady whose love of getting about is legendary Detroit Free Press August 28 1943 By a happy chance for Australia this famous lady s taste for getting about her habit of seeing for herself what is going on in the world and most of all her deep concern for the welfare of the fighting men of her beloved country have brought her on the longest journey of them all across the wide war clouded Pacific Sydney Morning Herald September 4 1943 No other U S mother had seen so much of the panorama of the war had been closer to the sweat and boredom the suffering Time October 4 1943 **Writer's Guide to Book Editors, Publishers**

and Literary Agents, 2001-2002 Jeff Herman,2000 The classic reference guide for book authors has been completely revised and updated with the names and specific areas of interest of thousands of editors at over 500 book publishing houses

The Publishers Weekly ,1999 *The Conquering Tide* Ian W. Toll,2015-09-21 A New York Times Bestseller A beautiful blend of history and prose and proves again Mr Toll s mastery of the naval war narrative Wall Street Journal This masterful history encompasses the heart of the Pacific War the period between mid 1942 and mid 1944 when parallel Allied counteroffensives north and south of the equator washed over Japan s far flung island empire like a conquering tide

concluding with Japan's irreversible strategic defeat in the Marianas. It was the largest, bloodiest, most costly, most technically innovative and logistically complicated amphibious war in history and it fostered bitter interservice rivalries leaving wounds that even victory could not heal. Often overlooked, these are the years and fights that decided the Pacific War. Ian W. Toll's battle scenes in the air, at sea, and in the jungles are simply riveting. He also takes the reader into the wartime councils in Washington and Tokyo where politics and strategy often collided and into the struggle to mobilize wartime production which was the secret of Allied victory. Brilliantly researched, the narrative is propelled and colored by firsthand accounts, letters, diaries, debriefings, and memoirs that are the raw material of the telling details, shrewd judgment, and penetrating insight of this magisterial history. This volume continues the marvelously readable dramatic narrative. *San Francisco Chronicle* of Pacific Crucible marks the second installment of the Pacific War Trilogy which will stand as the first history of the entire Pacific War to be published in at least twenty-five years.
