Canadian Foreign Policy Brian Bow, Andrea Lane, 2020-11-01 Canadian Foreign Policy as an academic discipline is in crisis Despite its value CFP is often considered a stale and pale subfield of political science with an unfashionably state centred focus This book asks why Contributors from both inside and around the field investigate how they came to view themselves as participating in CFP as an academic project or not and what that means for both their intellectual trajectory and the development of the field How were they taught to think about Canada How does that affect their interpretation of this country s place in the world And how do they teach the subject themselves The thoughtful essays in this nuanced collection shine a light on issues such as the casualization of academic labour the prospect of Indigenizing the field and the relationship between study and practice More broadly they offer a much needed assessment of the boundaries goals and values of the discipline and an important guide to its revitalization

Do Think Tanks Matter? Third Edition Donald E. Abelson, 2018-12-30 It is often assumed that think tanks carry enormous weight with lawmakers and other key stakeholders In *Do Think Tanks Matter* Donald Abelson argues that the question of how think tanks have evolved and under what conditions they can and do have an impact continues to be ignored Think tank directors often credit their institutes with influencing major policy debates and government legislation and many journalists and scholars believe the explosion of think tanks since the latter part of the twentieth century is indicative of their growing importance in the policy making process Abelson goes beyond assumptions highlighting both the visibility and relevance of

public policy institutes in what has become a contentious and polarized political arena in the United States and in Canada where despite recent growth in numbers they enjoy less prominence than their US counterparts By focusing on how think tanks engage in issue articulation policy formation and implementation Abelson argues that they have helped to shape the political dialogue and the policy preferences and choices of decision makers but in different ways and at different stages of the policy cycle This expanded and revised third edition includes additional institutional profiles of key think tanks an updated chapter on presidents and think tanks a new chapter on the efforts of a group of public policy institutes to shape the discourse around the possible construction of the controversial Keystone XL pipeline and dozens of new graphs and tables that track the public visibility and perceived policy relevance or impact of top tier think tanks

Culture of Control Ken Motiuk, 2025-03-21 In 1935 the Canadian Wheat Board was established to oversee the marketing handling and transportation of Western Canadian grain Under the CWB's increasingly rigid regulations farmers in the West were prohibited from responding to free market conditions by setting their own prices and selling their grain when and where they chose By the 1970s the single desk system was completely controlled by federal government agencies and had become dysfunctional In *Culture of Control* Farming with the Shackles of the Canadian Wheat Board author and grain farmer Ken Motiuk meticulously documents how this system began to take shape in the late 1800s and continued until the Canadian Wheat Board was officially abolished by an Act of Parliament on August 1 2012 From 1977 until 2015 when the last remnants of the CWB were finally dismantled Motiuk wore many hats in both the farming and political arenas and contributed to the efforts that led to the successful deregulation of the grain industry Let me begin by thanking Ken for this insightful accounting of the many trials incurred by Western Canadian farmers foisted on them by the Canadian Wheat Board These pages are an accurate decades long analysis of a government policy that had outlived its usefulness Excerpted from the Foreword by the Hon Gerry Ritz Minister of Agriculture 2007-2015

Domestic Counter-Terrorism in a Global World Daniel Alati, 2017-07-14 Although both Canada and the United Kingdom had experienced terrorism prior to the attacks of 9 11 and already had in place extensive provisions to deal with terrorism the events of that day led to the enactment of new and expansive counter terrorism legislation being enacted in both jurisdictions This book explores these changes to counter terrorism laws and policies in the UK and Canada in order to demonstrate that despite the force of international legal instruments including the heavily scrutinized UN Security Council Resolution 1373 the evolution of counter terrorism policies in different jurisdictions is best analyzed and understood as a product of local institutional structures and cultures The book compares legal and political structures and cultures within Canada and the United Kingdom It analyses variations in the evolution post 9 11 counter terrorism measures in the two jurisdictions and explores the domestic reasons for them While focus is primarily geared towards security certificates and bail with recognizance investigative hearings in Canada and

detention without trial control orders and TPIMs in the UK the use of secret evidence in the wider national security context terrorist listing civil litigation criminal prosecutions etc is also discussed The book reveals how domestic structures and cultures including the legal system the relative stability of government local human rights culture and geopolitical relationships all influence how counter terrorism measures evolve In this sense the book utilizes a methodology that is both comparative and interdisciplinary by engaging in legal political historical and cultural analyses This book will be particularly useful for target audiences in the fields of comparative law and criminal justice counter terrorism law human rights law and international relations and politics
