Crabgrass Frontier The Suburbanization Of The United States:

Crabgrass Frontier Kenneth T. Jackson, 1987-04-16 This first full scale history of the development of the American suburb examines how the good life in America came to be equated with the a home of one s own surrounded by a grassy yard and located far from the urban workplace Integrating social history with economic and architectural analysis and taking into account such factors as the availability of cheap land inexpensive building methods and rapid transportation Kenneth Jackson chronicles the phenomenal growth of the American suburb from the middle of the 19th century to the present day He treats communities in every section of the U S and compares American residential patterns with those of Japan and Europe In conclusion Jackson offers a controversial prediction that the future of residential deconcentration will be very different from its past in both the U S and Europe

Crabgrass Frontier Kenneth T. Jackson, 1987 Crabgrass Frontier , 1987

Crabgrass Frontier Kenneth T. Jackson, 2005-09-01 □□ , 1990 **Positively No Filipinos Allowed** Antonio T. Tiongson, Ricardo Valencia Gutierrez, Edgardo Valencia Gutierrez, Ricardo V. Gutierrez, 2006 Essays challenging conventional narratives of Filipino American history and culture

City Politics, Pearson eText Dennis R. Judd, 2015-09-16 This text provides a foundation for understanding the politics of America s cities and urban regions Praised for the clarity of its writing careful research and distinctive theme that urban politics in the United States has evolved as a dynamic interaction among governmental power private actors and a politics of identity City Politics remains a classic study of urban politics

The "Underclass" Debate Michael B. Katz, 2018-06-05 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today s underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together

City Politics Annika Marlen Hinze, Dennis R. Judd, 2022-07-12 City Politics has received praise for the clarity of its writing careful research and distinctive theme that urban politics in the United States has evolved as a dynamic interaction between governmental power

private actors and a politics of identity The book's enduring appeal lies in its persuasive explanation careful attention to historical detail and accessible and elegant way of teaching the complexity and breadth of urban and regional politics which unfold at the intersection of spatial cultural economic and policy dynamics This 11th edition has been thoroughly updated while retaining the popular structure of past editions Key updates include Individual chapters introducing students to pressing urban issues such as race and racism gentrification sustainability and the environment urban crises shrinking cities immigration and suburbanization political polarization and the COVID 19 pandemic's impact on cities The most recent census data integrated throughout to provide current figures for analysis discussion and a more nuanced understanding of current trends The effects of the events of 2020 on cities namely the Coronavirus pandemic the murder of George Floyd and its aftermath and the growth of the Black Lives Matter Movement and the U S presidential election in November The new and present challenges of the climate crisis and its growing significance for cities Taught on its own or supplemented with the optional reader *American Urban Politics in a Global Age* for more advanced readers *City Politics* remains the definitive text on urban politics and how they have evolved in the United States over time This is a comprehensive resource for a new generation of undergraduate and graduate students as well as established researchers in the discipline This book is accompanied by Support Material online www.routledge.com/9781032006352 *The Changing American Neighborhood* Alan Mallach, Todd Swanstrom, 2023-08-15 The *Changing American Neighborhood* argues that the physical and social spaces created by neighborhoods matter more than ever for the health and well being of twenty first century Americans and their communities Taking a long historical view this book explores the many dimensions of today's neighborhoods the forms they take the forces and factors influencing them and the people and organizations trying to change them Challenging conventional interpretations of neighborhoods and neighborhood change Alan Mallach and Todd Swanstrom adopt a broad interdisciplinary perspective that shows how neighborhoods are messy complex systems in which change is driven by constant feedback loops that link social economic and physical conditions each within distinct spatial and political contexts The *Changing American Neighborhood* seeks to understand neighborhoods and neighborhood change not only for their own importance but for the insights they offer to help guide peoples efforts sustaining good neighborhoods and rebuilding struggling ones *People and Politics in Urban America* Robert W. Kweit, Mary Grisez Kweit, 1999 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company **Handbook of Population** Dudley L. Poston, Michael Micklin, 2006-04-26 This comprehensive handbook provides an overview and update of the issues theories processes and applications of the social science of population studies The volume's 30 chapters cover the full range of conceptual empirical disciplinary and applied approaches to the study of demographic phenomena This book is the first effort to assess the entire field since Hauser and Duncan's 1959 classic *The Study of Population* The chapter authors are among the leading contributors to demographic scholarship over the past four decades They represent a variety of disciplines and theoretical

perspectives as well as interests in both basic and applied research *Insurance Era* Caley Horan,2024-06-05 Charts the social and cultural life of private insurance in postwar America showing how insurance institutions and actuarial practices played crucial roles in bringing social political and economic neoliberalism into everyday life Actuarial thinking is everywhere in contemporary America an often unnoticed byproduct of the postwar insurance industry s political and economic influence Calculations of risk permeate our institutions influencing how we understand and manage crime education medicine finance and other social issues Caley Horan s remarkable book charts the social and economic power of private insurers since 1945 arguing that these institutions actuarial practices played a crucial and unexplored role in insinuating the social political and economic frameworks of neoliberalism into everyday life Analyzing insurance marketing consumption investment and regulation Horan asserts that postwar America s obsession with safety and security fueled the exponential expansion of the insurance industry and the growing importance of risk management in other fields Horan shows that the rise and dissemination of neoliberal values did not happen on its own they were the result of a project to unsocialize risk shrinking the state s commitment to providing support and heaping burdens upon the people often least capable of bearing them *Insurance Era* is a sharply researched and fiercely written account of how and why private insurance and its actuarial market logic came to be so deeply lodged in American visions of social welfare *CRM* ,2003 *The Urban Geography Reader* NICK FYFE,JUDITH KENNY,2020-04-15 Drawing on a rich diversity of theoretical approaches and analytical strategies urban geographers have been at the forefront of understanding the global and local processes shaping cities and of making sense of the urban experiences of a wide variety of social groups Through their links with those working in the fields of urban policy design urban geographers have also played an important role in the analysis of the economic and social problems confronting cities Capturing the diversity of scholarship in the field of urban geography this reader presents a stimulating selection of articles and excerpts by leading figures Organized around seven themes it addresses the changing economic social cultural and technological conditions of contemporary urbanization and the range of personal and public responses It reflects the academic importance of urban geography in terms of both its theoretical and empirical analysis as well as its applied policy relevance and features extensive editorial input in the form of general section and individual extract introductions Bringing together in one volume classic and contemporary pieces of urban geography studies undertaken in the developed and developing worlds and examples of theoretical and applied research it provides in a convenient student friendly format an unparalleled resource for those studying the complex geographies of urban areas *The Making of Urban America* Raymond A. Mohl,Roger Biles,2023-10-03 The revised and updated third edition of *The Making of Urban America* includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city With emphasis on the social

economic political commercial and cultural aspects of urban history these essays illustrate the growth and change that created modern day urban life Dynamic topics such as technology immigration and ethnicity suburbanization sunbelt cities urban political history and planning and housing are examined The Making of Urban America is the only reader available that covers all of U S urban history and that also includes the most recent interpretive scholarship on the subject

Cold War Cities Richard Brook,Martin Dodge,Jonathan Hogg,2020-12-20 This book examines the impact of the Cold War in a global context and focuses on city scale reactions to the atomic warfare It explores urbanism as a weapon to combat the dangers of the communist intrusion into the American territories and promote living standards for the urban poor in the US cities The Cold War saw the birth of atomic urbanisation central to which were planning politics and cultural practices of the newly emerged cities This book examines cities in the Arctic Europe Asia and Australasia in detail to reveal how military political resistance and cultural practices impacted on the spaces of everyday life It probes questions of city planning and development such as How did the threat of nuclear war affect planning at a range of geographic scales What were the patterns of the built environment architectural forms and material aesthetics of atomic urbanism in difference places And how did the Bomb manifest itself in civic governance popular media arts and academia Understanding the age of atomic urbanism can help meet the contemporary challenges that cities are facing The book delivers a new dimension to the existing debates of the ideologically opposed superpowers and their allies their hemispherical geopolitical struggles and helps to understand decades of growth post Second World War by foregrounding the Cold War

The New American Suburb Katrin B. Anacker,2016-03-03 The majority of Americans live in suburbs and until about a decade or so ago most suburbs had been assumed to be non Hispanic White affluent and without problems However recent data have shown that there are changing trends among U S suburbs This book provides timely analyses of current suburban issues by utilizing recently published data from the 2010 Census and American Community Survey to address key themes including suburban poverty racial and ethnic change and suburban decline suburban foreclosures and suburban policy

The Environmental Imagination Lawrence Buell,1996-09-01 With Thoreau s Walden as a touchstone Buell offers an account of environmental perception the place of nature in the history of Western thought and the consequences for literary scholarship of attempting to imagine a more ecocentric way of being In doing so he provides a profound rethinking of our literary and cultural reflections on nature

The Silent Majority Matthew D. Lassiter,2013-10-24 Suburban sprawl transformed the political culture of the American South as much as the civil rights movement did during the second half of the twentieth century The Silent Majority provides the first regionwide account of the suburbanization of the South from the perspective of corporate leaders political activists and especially of the ordinary families who lived in booming Sunbelt metropolises such as Atlanta Charlotte and Richmond Matthew Lassiter examines crucial battles over racial integration court ordered busing and housing segregation to explain how the South moved from the era of Jim Crow fully into the mainstream of national currents During

the 1960s and 1970s the grassroots mobilization of the suburban homeowners and school parents who embraced Richard Nixon's label of the Silent Majority reshaped southern and national politics and helped to set in motion the center right shift that has dominated the United States ever since The Silent Majority traces the emergence of a color blind ideology in the white middle class suburbs that defended residential segregation and neighborhood schools as the natural outcomes of market forces and individual meritocracy rather than the unconstitutional products of discriminatory public policies Connecting local and national stories and reintegrating southern and American history The Silent Majority is critical reading for those interested in urban and suburban studies political and social history the civil rights movement public policy and the intersection of race and class in modern America
