*Teaching Modernist Women's Writing in English* Janine Utell, 2021-04-25. As authors and publishers, individuals and collectives, women significantly shaped the modernist movement. While figures such as Virginia Woolf and Gertrude Stein have received acclaim, authors from marginalized communities and those who wrote for mass, middlebrow audiences also created experimental and groundbreaking work. The essays in this volume explore formal aspects and thematic concerns of modernism while also challenging rigid notions of what constitutes literary value as well as the idea of a canon with fixed boundaries. The essays contextualize modernist women's writing in the material and political concerns of the early twentieth century and in life on the home front during wartime. They consider the original print contexts of the works and propose fresh digital approaches for courses ranging from high school through graduate school. Suggested assignments provide opportunities for students to write creatively and critically, recover forgotten literary works and engage with their communities. **Theatre and the Macabre** Meredith Conti, Kevin J. Wetmore, Jr., 2022-03.

The macabre as a process and product has been haunting the theatre and more broadly performance for thousands of years. In its embodied meditations on death and dying, its thematic and aesthetic grotesquerie and its sensory-rich environments, macabre theatre invites artists and audiences to trace the stranger, darker contours of human existence. In this volume, numerous scholars explore the morbid and gruesome onstage, from freak shows to the French Grand Guignol, from Hell Houses to German Trauerspiel, from immersive theatre to dark tourism, stopping along the way to look at phantoms, severed heads, dark rides, haunted mothers and haunting children, dances of death and dismembered bodies. From Japan to Australia to England to the United States, the global macabre is framed and juxtaposed to understand how the theatre brings us face to face with the deathly and the horrific.

*Adapturgy* Jane Barnette, 2018. Challenging the binary categories of new play and production, dramaturgy, this book offers both a theoretical model for understanding adaptation for the stage and a practical guide for dramaturgs and others involved in the creation of theatrical adaptations. *A Gambler's Instinct* Milly S. Barranger, 2010-07-01. As Barranger traces Crawford's career as an independent producer, she tells the parallel story of American theater in the mid-twentieth century, making *A Gambler's Instinct* both an enjoyable and informative biography of a remarkable woman and an important addition to the literature of the modern theater. **Documentary Trial Plays in Contemporary American Theater**

Jacqueline O'Connor, 2013-06-21. From the Chicago Conspiracy Trial and the O.J. Simpson trial to the Clarence Thomas Anita

Hill congressional hearings legal and legislative proceedings in the latter part of the twentieth century kept Americans spellbound. Situated on the shifting border between imagination and the law, trial plays edit, arrange, and reproduce court records, media coverage, and first person interviews, transforming these elements into a performance. In this first book-length critical study of contemporary American documentary theater, Jacqueline O'Connor examines in depth ten such plays, all written and staged since 1970, and considers the role of the genre in re-creating and revising narratives of significant conflicts in contemporary history. Documentary theater, she shows, is a particularly appropriate and widely utilized theatrical form for engaging in debate about tensions between civil rights and institutional power, the inconsistency of justice, and challenges to gender norms. For each of the plays discussed, including *The Trial of the Catonsville Nine*, *Unquestioned Integrity*, *The Hill*, *Thomas Hearings*, and *The Laramie Project*, O'Connor provides historical context and a brief production history. Before considering the trial, the play focuses on grouping plays historically and thematically; she demonstrates how dramatic representation advances our understanding of the law's power while revealing the complexities that hinder society's pursuit of justice.

*Childhood and Nineteenth-Century American Theatre* Shauna Vey, 2015-10-08. This study of the daily work lives of five members of the Marsh Troupe, a nineteenth-century professional acting company composed primarily of children, sheds light on the construction of idealized childhood inside and outside the American theatre.
