Gibberish A Bipolar Survival Story:

Gibberish Scott James Jordan,2004-02 **Healing the Mind through the Power of Story** Lewis

Mehl-Madrona,2010-06-18 Psychiatry that recognizes the essential role of community in creating a new story of mental health Provides a critique of conventional psychiatry and a look at what mental health care could be Includes stories used in the author s healing practice that draw from traditional cultures around the world Conventional psychiatry is not working The pharmaceutical industry promises it has cures for everything that ails us yet a recent study on antidepressants showed there is no difference of success in prescribed pharmaceuticals from placebos when all FDA reported trials are considered instead of just the trials published in journals Up to 80 percent of patients with bipolar depression remain symptomatic despite conventional treatment and 10 to 20 percent of these patients commit suicide In *Healing the Mind through the Power of Story* Dr Mehl Madrona shows what mental health care could be He explains that within a narrative psychiatry model of mental illness people are not defective requiring drugs to fix them What needs fixing is the ineffective stories they have internalized and succumbed to about how they should live in the world Drawing on traditional stories from cultures around the world Dr Mehl Madrona helps his patients re story their lives He shows how this innovative approach is actually more compatible with what we are learning about the biology of the brain and genetics than the conventional model of psychiatry Drawing on wisdom both ancient and new he demonstrates the power and success of narrative psychiatry to bring forth change and lasting transformation One Case History John Paul Gallagher,2024-11-16 One Case History A Documentary It s Go Ask Alice meets *The Outsiders* The story is told through sessions with psychiatrists My substance abuse that later interrupted my therapy I got off the substances and made significant progress with my mental health I went on for eight years working for nonprofits in the grassroots mental health movement in Madison Wisconsin as a key person Because of this work I was listed Who s Who of the Midwest 1996 Who s Who of America 1998 and Who s Who The Millenium Edition 2000
