revenue generation and employment opportunities      Depression in Kerala Claudia Lang, 2018-06-18 This book examines depression as a widely diagnosed and treated common mental disorder in India and offers a significant ethnographic study of the application of a traditional Indian medical system Ayurveda to the very modern problem of depression Based on over a year of fieldwork it investigates the Ayurvedic response to the burden of depression in the Indian state of Kerala as one of the key processes of the local appropriation or glocalization of depression More broadly Lang considers What happens with the category of depression when it leaves the West and travels to South Asia How is depression appropriated in a South Asian society characterized by medical pluralism She explores on the level of ideas institutions and materialities how depression interacts with and changes local worlds clinical practice and knowledge and subjectivities As depression travels from the West to South India its ontology Lang argues multiplies and thus leads to what she calls depression multiple      **In Search of Creative Commons: Crisis, Catastrophe, and Responsive Literature in India** Dhritiman Chakraborty, Sanchayita Paul Chakraborty, Mukunda Mishra, 2024-12-18 This book contains selected papers presented at the international conference titled In Search of Creative Commons Crisis Catastrophe and Responsive Literature in India held at the Abid Ali Khan Centre for Digital Archive and Translation of Cultures Gour Mahavidyalaya College from 31 August to 2 September 2023 in collaboration with the Department of English Dr Meghnad Saha College The conference was funded by the Indian Council of Social Science Research ICSSR In this book three basic questions are considered First as humans try to live in and through catastrophes and exceptional situations in the contemporary world what new perspective can literature as a creative form offer for healing and restorative purposes Second what new idioms and narrative styles massive crises such as famine partition migration the decimation of forests rivers and the disappearance of villages held up in creative articulations in colonial and postcolonial times in India Can these representations be called responsive literature Further and this is the third major contention of this book how can responsive literature be thought of as a conceptual category What new transdisciplinary optic should be adopted to go beyond the limits of the literary and eventually include the non literary The objective of these discussions was to contribute to the larger discursive literature on disaster studies which we believe has been excessively hegemonized by concepts from the West By bringing in indigenous ideas from Bhasa Sahitya language and literature the images of samaj society samata equity and ahimsa non violence the existing literature on catastrophe and crisis studies can finally be decolonized      *Acts of Authority/Acts of Resistance* Nandi Bhatia, 2010-02-01 Despite its importance to literary and cultural texts of resistance theater has been largely overlooked as a field of analysis in colonial and postcolonial studies Acts of Authority Acts of Resistance seeks to address that absence as it uniquely views drama and performance as central to the practice of nationalism and anti colonial resistance Nandi Bhatia argues that Indian theater was a significant force in the struggle against oppressive colonial and postcolonial structures as it sought to undo various schemes of political and cultural power through its engagement with subjects derived from mythology history and available colonial models such

as Shakespeare Bhatia's attention to local histories within a postcolonial framework places performance in a global and transcultural context Drawing connections between art and politics between performance and everyday experience Bhatia shows how performance often intervened in political debates and even changed the course of politics One of the first Western studies of Indian theater to link the aesthetics and the politics of that theater *Acts of Authority Acts of Resistance* combines in depth archival research with close readings of dramatic texts performed at critical moments in history Each chapter amplifies its themes against the backdrop of specific social conditions as it examines particular dramatic productions from *The Indigo Mirror* to adaptations of Shakespeare plays by Indian theater companies illustrating the role of theater in bringing nationalist anticolonial and gendered struggles into the public sphere Nandi Bhatia is Associate Professor of English at the University of Western Ontario
