Cavanaugh,2011-04-20 This book is about our early family life But the story is much more It is about life itself the life experiences that all of us share A Legacy for the Eight of Us begins with a look back at some of our ancestors next describes Daddy and Mama's early lives and continues with their marriage in 1925 It then focuses on the early life of their family my seven siblings and myself concentrating on our life during the 1930s and 40s This life took place in another era on a farm in central Illinois You will read vivid details of that life You will share in our family's interactions our heritage our faith our love of the land but you also will share in our challenges and shortcomings As I wrote this book I kept in mind the admonition heard at a series of Barn Lectures at the Carson Valley Museum We cannot know where we are going as a people until we know where we have been It can be beneficial for each of us to discover our own individual legacies From the memories captured in these pages I hope you discover more about our family's legacy      When Jack Meets Jill Anthony Shang,2014-05-01 Everybody knows that Jack and Jill went up the hill together but have you ever wondered how Jack and Jill came to meet in the first place When Jack Meets Jill presents a prequel to the nursery rhyme that many of us grew up with Jack and Jill live in opposite neighbourhoods in their hometown of Happyville the happiest place in the world Their backgrounds are very different Jack a skinny quiet eleven year old is the son of a penniless farm labourer Jill one year younger is a spirited girl who feels like she is a captive in the home of her father the mayor whose greed and cruelty are well known When the two of them meet their lives change forever Their friendship grows and the bond between them strengthens It isn't long however before that friendship is put to the test When Jack Meets Jill conveys a clear message to young readers that the feeling of kinship knows no bounds Through empathy and devotion you can develop the strength to seek out right from wrong      Reclamation Era United States.     **New Reclamation Era** ,1928      **Scenes From a Misbegotten Life** Victoria Maiden,2024-08-21 What if your whole life was like a badly written play Asinine plot tedious dialogue poorly paced performance dreadful costumes Would you walk out

of the theater or stay until the final curtain call hoping it would get better This is the kind of decision our protagonist must make as she grapples with and chronicles her messy and lopsided life from preadolescence to senior citizen in a captivating memoir that often reads like a novel *Scenes From a Misbegotten Life* features fascinating characters bizarre events impossible situations even a bit of suspense It takes the reader from the crooked streets of Greenwich Village to the Greek Isles from the garish colors of Hollywood Boulevard to the ancient ruins of Rome But this book is far from fiction Rather it is a ruthlessly candid case history of a woman whose life has been marred by mental illness in various and surprising ways not only as a sufferer herself but as witness to the struggles of similarly afflicted family members and friends This is the kind of sickness that can be as plain as day but just as often is subtle insidious and invisible to outsiders Yet it plagues millions of our friends and neighbors Perhaps it is time to take it out of the closet *Scenes From a Misbegotten Life* pulls back the curtain and offers a vivid glimpse of what it looks like and feels like to wrestle with this condition on a daily basis The thrill of getting her first transistor radio flipping baseball cards with the boys on the block chalking up the sidewalk to play hopscotch with the girls watching *I Love Lucy* and *Leave It to Beaver* on a black and white TV Just some of the fond recollections prized by a child of 1950s era New York City Victoria Maiden was raised in a solid working class neighborhood in the Bronx at a time when America's future looked so innocent so full of possibilities The first member of her family to attend college she looked forward to a career in publishing law or academia But Fate had other plans as painstakingly revealed in the pages of this unusual memoir Today she lives by herself less than fifteen minutes from where she grew up surrounded by books music and memories
