Making in Canadian Nursing moves beyond the nursing process to deliver focused strategies using a unified process for thinking and decision making that is visible, relatable, real, and needed by future nurses. Introducing useful models and practical frameworks as essential nursing tools, this structured guide for nursing cognitive development is a valuable resource throughout every year of your nursing program. Comprehensive integration of theory and application within the Canadian context makes it easy to understand and apply to nursing practice in the Canadian health care system. Discussions of key concepts such as social determinants of health, social justice, and equity, unconscious bias, and assumptions, reflection, interdisciplinary health care teams, complexity, diverse health care settings, and more are directly related to clinical reasoning, clinical judgement, and decision making in Canadian nursing practice. A vast array of pedagogical features and practical applications, including real-life examples, case scenarios, review questions, and more, along with practical applications, promote your confidence and competence in thinking like a nurse. Focus on applying clinical reasoning skills to practice helps prepare you for success on the Next Generation NCLEX REx PN and CPNRE licensure exams as well as in your nursing career. Content reviewed by current Canadian nursing students ensures this text is accurate, relevant, and applicable to future nursing students.

*Study Guide for Linton and Matteson's Medical-Surgical Practical Nursing in Canada* Katherine Poser, Adrienne Dill Linton, Mary Ann Matteson, 2024-01-22

With chapters corresponding to the chapters in Linton and Matteson's *Medical-Surgical Practical Nursing in Canada*, this study guide provides a variety of questions and exercises to help you master the PN's role in Canadian medical surgical care. Review exercises include fun activities, multiple choice questions, alternate format questions, and more, all divided by level of difficulty. In the chapters on medical conditions, practical questions help you apply your knowledge directly to real-world patient care. This study guide provides the review and practice you need to prepare for the REx PN R or CPNRE R licensure exams. Comprehensive review reflects the latest Canadian Council for Practical Nurse Regulators (CCPNR) national PN competencies, including Ontario and British Columbia. Variety of exercises reinforces learning with matching, multiple choice, multiple response, labelling, diagram, reading, fill in the blank, questions, case studies, and more. Consistent format in each chapter.

Part I: Mastering the Basics focuses on basic knowledge and comprehension of medical surgical nursing. Part II: Putting it All Together integrates chapter content related to basic pathophysiology and basic nursing content and focuses on comprehension and application levels. Part III: Challenge Yourself Getting Ready for PN Examinations focuses on the application or analysis levels of cognitive ability and can include case studies, nursing care plans, and nursing assessment. Questions arranged by level of difficulty move from simple recall to more difficult exercises designed to help you apply, analyze, and synthesize basic concepts. Alternate format questions include multiple response, labelling, prioritizing, ordering, and calculation questions to help you practice for the REx PN R and CPNRE R licensure examinations. Review questions on care for older adults focus on long-term care and community-based settings, asking you to apply content to real-world practice. Additional review questions are provided on the Evolve website for the
