

Keystone STARS Continuous Quality Improvement Plan Instructions and Template #1

Instructions for Completion:

Purpose: Keystone STARS is a system of continuous quality improvement (CQI) that guides early learning and school-age programs toward achieving and maintaining high quality and best practices. CQI is an ongoing process that includes reviewing sources of evidence that indicate program quality, planning goals, and implementing strategies that move learning programs toward best practices. A well-developed plan is an essential tool in guiding the development of CQI across all areas of the program.

Overview: This document contains general requirements and instructions on creating a STARS Continuous Quality Improvement Plan (CQI Plan). Practitioners may design their own CQI Plan format; however, the submitted plan must address the information requested in the instructions below. In addition, programs can complete their CQI Plan in the PD Registry Designation System. Assistance in the creation and completion of a CQI Plan is available from the Early Learning Resource Center. Following these instructions is CQI Plan Template #1.

Instructions: The following steps (1-5) outline the required components of a CQI Plan. The plan should be site-specific and focus on the needs of the community served including children, families, staff, etc. The goals chosen by a facility should be based on needs identified through a variety of sources of evidence and should reflect the program's philosophy and mission.

1. Background Information: Include the following information in the CQI Plan:

- Facility name, address, and other contact information.
- Overall time frame for the plan including current and projected STAR levels.
- Facility size and projected grant requests (if applicable).

2. Goal Planning: determine specific goals needed to guide the program toward achieving and maintaining high quality and best practices. Each goal must address the following points (a-f).

- a) Goal Statement** – Write a clearly defined goal statement that is specific and measurable.
- b) Time Frame** – Identify the goal as immediate, short term (1-2 years), or long term (3-5 years) and select a projected date of completion.
- c) Quality Standard** - Align each goal with a quality standard or criterion. Quality standards/criteria include, but are not limited to, Keystone STARS Performance Standards, Pennsylvania Learning Standards, accreditation criteria (including NAEYC, NAA, NAFCC, etc.), Head Start Performance Standards and Caring for Our Children (CFOC) national health and safety standards for children.
- d) Source(s) of Evidence** - Identify the source(s) of evidence that indicate the need for the goal. Sources of evidence are typically assessments that provide information about the quality of services in the facility. There are a variety of quality indicators completed at different STAR levels that may serve as sources of evidence for the CQI plan.
 - Feedback from Designation Visits.
 - Yearly Internal Assessment and/or External Assessment feedback provided by an OCDEL-approved assessor from selected Program Observation Instruments (POI).
 - Illness and Injury Tracking Review
 - Program Assessment tools – including Family, Staff, and School-Age Surveys
 - Financial Review
