Robert C. Rowland, David A. Frank

Crafting Equality Americas Anglo African Word New Practices Of Inquiry:

Crafting Equality Celeste Michelle Condit, John Louis Lucaites, 1993-05-15 Drawing on speeches newspapers magazines and other public discourse Condit and Lucaites survey the shifting meaning of equality from 1760 to the present as a process of interaction and negotiation among different social groups in American politics and culture

Crafting Equality Celeste Michelle Condit, John Louis Lucaites, 2012-12-10 Philosophers and historians often treat fundamental concepts like equality as if they existed only as fixed ideas found solely in the canonical texts of civilization In Crafting Equality Celeste Michelle Condit and John Louis Lucaites argue that the meaning of at least one key word equality has been forged in the day to day pragmatics of public discourse Drawing upon little studied speeches newspapers magazines and other public discourse Condit and Lucaites survey the shifting meaning of equality from 1760 to the present as a process of interaction and negotiation among different social groups in American politics and culture They make a powerful case for the critical role of black Americans in actively shaping what equality has come to mean in our political conversation by chronicling the development of an African American rhetorical community The story they tell supports a vision of equality that embraces both heterogeneity and homogeneity as necessary for maintaining the balance between liberty and property A compelling revision of an important aspect of America s history Crafting Equality will interest anyone wanting to better understand the role public discourse plays in affecting the major social and political issues of our times It will also interest readers concerned with the relationship between politics and culture in America s increasingly multi cultural society

Shared Land/Conflicting Identity Robert C. Rowland, David A. Frank, 2002-12-31 Shared Land Conflicting Identity Trajectories of Israeli and Palestinian Symbol Use argues that rhetoric ideology and myth have played key roles in influencing the development of the 100 year conflict between first the Zionist settlers and the current Israeli people and the Palestinian residents in what is now Israel The Israeli Palestinian conflict is usually treated as an issue of land and water While these elements are the core of the conflict they are heavily influenced by the symbols used by both peoples to describe understand and persuade each other The authors argue that symbolic practices deeply influenced the Oslo Accords and that the breakthrough in the peace process that led to Oslo could not have occurred without a breakthrough in communication styles Rowland and Frank develop four crucial ideas on social development the roles of rhetoric ideology and myth the influence of symbolic factors specific symbolic factors that played a key role in peace negotiations and the identification and value of criteria for evaluating symbolic practices in any society
