and negotiation firm that helps managers their negotiations INTRODUCTION The most hard to imagine but just a few decades  
ago decisions were made almost by one person whoever won the argument then the world was a  
hierarchy that made every decision by the fewest people and the fewest people dictated by the most powerful  
The truth is increasingly the hierarchy is flattening it is more balanced and more democratic In the future  
participate in company decisions Even the least powerful managers democratic In the future  
unhappily because the hierarchy can just go on and find another way to dominate the area of influence  
Arguing with friends but which must see very different haggling over prices with suppliers or negotiating international arms embargoes  
The managers are more to each other Bringing with the right knowledge and tools you will see the outcomes fall into  
patterns And every day of our lives we are negotiating with all the time to do Learn to negotiate well with people based on patterns
