James,2004-03-01 From The Ash Tree Everyone who has traveled over Eastern England knows the smaller country houses with which it is studded the rather dank little buildings usually in the Italian style surrounded with parks of some eighty to a hundred acres I have to tell you of a curious series of events which happened in such a house as I have tried to describe It is Castringham Hall in Suffolk I think a good deal has been done to the building since the period of my story but the essential features I have sketched are still there Italian portico square block of white house older inside than out park with fringe of woods and mere The one feature that marked out the house from a score of others is gone As you looked at it from the park you saw on the right a great old ash tree growing within half a dozen yards of the wall and almost or quite touching the building with its branches I suppose it had stood there ever since Castringham ceased to be a fortified place and since the moat was filled in and the Elizabethan dwelling house built At any rate it had well nigh attained its full dimensions in the year

1690 In that year the district in which the Hall is situated was the scene of a number of witch trials Also includes the classic M R James tales Canon Alberic s Scrapbook Lost Hearts The Mezzotint Number 13 Count Magnus Oh Whistle and I ll Come to You My Lad and The Treasure of Abbot Thomas Montague Rhodes James - Ghost Stories of an Antiquary M. Ghost Stories of an Antiquary M R James,2020-11-10 M R James s ghost stories are the perfect example of quality counting over quantity Although he produced these stories over the course of forty years 1894 1935 his complete tally of spectral fiction is only thirty three stories twenty six of which had appeared in four previous collections Four more were added to make up The Collected Ghost Stories of M R James Although this volume excludes three later stories they are only minor pieces and their exclusion does not detract from the completeness of the collected works The volume has the added benefit of James s essay Stories I Have Tried to Write Almost all of James s stories have a common approach and content As the title of his first book suggests they are related by an antiquarian meaning that the incidents are linked to the study of old documents or buildings They develop the theme of a little knowledge is a dangerous thing as the antiquarians in his stories always suffer from delving a little too far into things best left alone This theme is common to almost all of James s stories which therefore can be explored by reference to two in detail

He wrote many of his ghost stories to be read aloud in the long tradition of spooky Christmas Eve tales. By contrast to the gothic tales of predecessors, James's stories often use rural settings with a quiet scholarly protagonist getting caught up in the activities of supernatural forces. The details of horror are almost never explicit; the stories rely on a gentle bucolic background to emphasise the awfulness of the otherworldly intrusions. His tales can thus be said to have derived the subgenre of the antiquarian ghost story.
