Gifts From The Enemy The Humankind Project:

My Gift to You Lyle Smith,2015-10-08 Author Lyle Smith is convinced a belief in God is still relevant and desirable in the current century for it is belief in God that gives meaning and purpose to our lives In My Gift to You he offers a collection of essays showing how we might conceive and create within our world of conflicting nations and religions a worldwide community for all humans working and living in peace Divided into two parts the first section combines faith and science and the second melds philosophy and religion Both illustrate how people with a secular view and those of various religious beliefs can live together in harmony with each other and nature The essays address topics such as an imagined dream of what the creation might be made to become how we might partner with God to extend the dream and the evidence that God has a goal for the Earth and its intelligent creatures My Gift to You shares Smith s confidence that there is hope if we keep before us a vision of how humanity can learn to live peacefully and trust God to help us with that goal Reflections on the Religious,

Toward a Better Worldliness Terra Schwerin Rowe, 2017-04-01 Five hundred years ago the Protestant Reformation inspired profound theological ecclesial economic and social transformations But what impact does the Protestant tradition have today And what might it have This volume addresses such questions focusing on the economic and ecological implications of the Protestant doctrine of grace In the late twentieth century a number of Protestant scholars countered Max Weber's famous work on Protestantism and capitalism by arguing

that Calvin and Luther were prophetic critics of early capitalist practices While acknowledging the importance of this scholarship Terra Rowe argues that a more nuanced approach is necessary This narrative tends to purify Protestantism of capitalist beginnings and does not account for compelling arguments articulated by proponents of Radical Orthodoxy tying Protestantism and Protestant grace in particular to capitalism These debates now emerge with increasing urgency in the face of growing economic injustice and overwhelming evidence of an ecologically unsustainable economic system demonstrated most potently by climate change In the spirit of ecotheologies resonating with the best of the Reformation tradition this book develops a fresh reading of Luther s theology of grace and his economic ethics in conversation with current reflections on concepts of the gift and gifting practices *An Earthy Entanglement with Spirituality* Elizabeth Moore

The Shadow's Gift Robin Robertson,2011-04-01 There is no change that doesn t begin in the darkness of the human soul The necessity for the confrontation with the Shadow has been known by all cultures in all times and recorded in their myths and legends When the obligation to become whole is laid upon an individual the first task he must undertake is to confront his Shadow *The Shadow s Gift Find Who You really Are* is about the Shadow contained in each of us and why we must each join with our shadow the archetype of darkness and evil in order to become whole This heroic process is crucial as the projection or denial of the Shadow twists its true meaning into a destructive counter evolutionary force Owning and integrating our shadow allows its transformation in both the world and us The Shadow is a paradox While it initially appears to us as loathsome and despicable it actually contains all our future potentialities for development Perhaps more than any

other Robin Robertson discusses it from a the perspective of a belief in the inherent potential good of the Shadow and its ability to assist us in our quest for self actualization Robin Robertson draws from stories of real people s lives the Bible fairy tales and legends modern fiction and the work of famed depth psychologist C G Jung as well as his own experiences His writing is intimate and accessible and his insights and wisdom are conveyed in anecdotal and easy to understand language with clarity and depth
