Person, 2013-06-15 Using insights from feminist studies men's studies and gay and queer studies Leland Person examines Henry James's subversion of male identity and the challenges he poses to conventional constructs of heterosexual masculinity Sexual and gender categories proliferated in the nineteenth and early twentieth centuries and Person argues that James exploited the taxonomic confusion of the times to

experiment with alternative sexual and gender identities In contrast to scholars who have tried to give a single label to James s sexuality Person argues that establishing James s gender and sexual identity is less important than examining the novelist s shaping of male characters and his richly metaphorical language as an experiment in gender and sexual theorizing Just as an author s creations can be animated by his or her own sexuality Person contends James s sexuality may be most usefully understood as something primarily aesthetic and textual As Person shows in chapters devoted to some of this author s best known novels Roderick Hudson The American The Portrait of a Lady The Bostonians The Ambassadors The Golden Bowl James conducts a series of experiments in gender sexual construction and deconstruction He delights in positioning his male characters so that their gender and sexual orientations are reversed ambiguous and even multiple Ultimately he keeps male identity in suspense by pluralizing male subjectivity *Record* National Spotted Poland-China Record Association,1921
