Ginseng The Divine Root The Curious History Bytaylor

Charles Marvin Root

Ginseng The Divine Root The Curious History By Taylor:

Ginseng, the Divine Root David A. Taylor, 2006-01-01 In the tradition of Nathaniel's Nutmeg and Tulipomania comes the epic story of an ancient elusive herb with legendary curative powers that have enticed and mystified us for centuries. Prized for centuries by Chinese emperors, Native American healers, and black market smugglers, ginseng launched the rise to power of China's last great and influential dynasty. Inspired battles between France and England precipitated America's first trade with China. Fostered the study of comparative anthropology was collected and traded by Daniel Boone and has made and broken the fortunes of many. Today its healing properties are being studied for the treatment of diabetes, cancer, and Parkinson's disease. David Taylor takes readers from forests east of the Mississippi to the bustling streets of Hong Kong and deep into remote corners of China as he weaves together the history, culture, and intrigue surrounding the Root of Life.

Book Review Index, 2006 Every 3rd issue is a quarterly cumulation **What Is Ginseng? an Account of the History and Cultivation of Ginseng**, by C.M. Root, Charles Marvin Root, 1905 *The Book of Ginseng* Sarah Harriman, 1977

Korea Ginseng, **What is Ginseng? An Account of the History and Cultivation of Ginseng** C[harles] M[arvin] 1837- Root, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work. Scholars believe and we concur that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

What is Ginseng? An Account of the History and Cultivation of Ginseng, 1905 **Ginseng** M.G. Kains, 1909 **A Global History of Ginseng** Heasim Sul, 2022-07-08 Sul's history of the international ginseng trade reveals the cultural aspects of international capitalism and the impact of this single commodity on relations between the East and the West. Ginseng emerged as a major international commodity in the seventeenth century when the East India Company began trading it westward. Europeans were drawn to the plant's efficacy as a medicine, but their attempts to transplant it for mass production were unsuccessful. Also due to a failure of extracting its active ingredients, Western pharmacology disparaged ginseng in the process of modernization. In the meantime, ginseng was discovered on the American continent and became one of the United States' key exports to Asia, and particularly China, but never cultivated a significant domestic market. As such, historicizing the ginseng trade provides a unique perspective on the impact of both culture and economics on international trade. A compelling interdisciplinary history of over five centuries of East-West trade and cultural exchange, this book will be invaluable to students and scholars of transnational history and a fascinating read for anyone interested in the history of international trade.

The Ginseng Culturist J. W. Sears, 2018-03-31 This special edition of *The Ginseng Culturist* was written by J. W. Sears and first published in 1912, making it
