*Eloquence Is Power* Sandra M. Gustafson, 2012-12-01 Oratory emerged as the first major form of verbal art in early America because as John Quincy Adams observed in 1805 eloquence was POWER In this book Sandra Gustafson examines the multiple traditions of sacred diplomatic and political speech that flourished in British America and the early republic from colonization through 1800 She demonstrates that in the American crucible of cultures contact and conflict among Europeans native Americans and Africans gave particular significance and complexity to the uses of the spoken word Gustafson develops what she calls the performance semiotic of speech and text as a tool for comprehending the rich traditions of early American oratory Embodied in the delivery of speeches she argues were complex projections of power and authenticity that were rooted in or challenged text based claims of authority Examining oratorical performances as varied as treaty negotiations between native and British Americans the eloquence of evangelical women during the Great Awakening and the founding fathers debates over the Constitution Gustafson explores how orators employed the shifting symbolism of speech and text to imbue their voices with power

**The Keys of Power** Nathan Crick, 2017-08-31 Examines Transcendentalism as a distinct rhetorical genre concerned primarily and self consciously with questions of power Nathan Crick has crafted a new critical rhetorical history of American Transcendentalists that interprets a selection of their major works between the years 1821 and 1852 as political and ethical responses to the growing crises of their times In *The Keys of Power* Crick argues that one of the most enduring legacies of the Transcendentalist movement is the multifaceted understanding of transcendental eloquence as a distinct rhetorical genre concerned primarily and self consciously with questions of power Crick examines the Transcendentalist understanding of how power is constituted in both the self and in society conceptualizing the relationships among technology nature language and identity critiquing the ethical responsibilities to oneself the other and the state and defining and ultimately praising the unique role that art action persuasion and ideas have in the transformation of the structure of political culture over historical time What is offered here is not a comprehensive genealogy of ideas a series of individual biographies or an effort at conceptual generalization but instead an exercise in narrative rhetorical theory and criticism that interprets some of the major specific writings and speeches by men and women associated with the Transcendentalist movement Sampson Reed Amos Bronson Alcott Orestes Brownson Ralph Waldo Emerson Margaret Fuller Henry David Thoreau and Frederick Douglass by placing them within a specific political and social history Rather than attempting to provide comprehensive overviews of the life and work of each of these individuals this volume presents close readings of individual texts that bring to life their rhetorical character in reaction to particular exigencies while addressing audiences of a unique moment This rhetoric of Transcendentalism provides insights into the keys of power that is the means of persuasion for our modern era that remain vital tools for individuals seeking to reconcile power and virtue in their struggle

*Power of Preaching* Gary Wilkerson,Joshu West,Voddie T. Baucham, Jr.,Carter Conlon,Tim Dilena,R. T. Kendall,Claude Houde,John Bailey,2025-02-04 In our churches today we have allowed ourselves to hold to a low view of God instead of seeing Him as Who He really is And in today s world of seeking the most likes and followers many Christian pastors and leaders are finding themselves preaching what people want to hear instead of what God wants to say In *The Power of Preaching* eight experienced men of God who have stayed true to the preaching of God s Word offer guidance on how to avoid appealing to the masses and instead encourage the reader to let God s Word speak for itself Be encouraged and revitalized to be ministers of truth in a world caught up in lies Power in the Pulpit Jerry Vines,James L.

Shaddix,1999-06-10 The call to preach is just that a call to preach The call to preach however is more than just preaching The call to preach is a call to prepare Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers Join Dr Jerry Vines and Dr Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in *Power in the Pulpit* This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education Thus *Power in the Pulpit* is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church *Power in the Pulpit* is the combined work of Dr Vines s two earlier publications on preaching *A Practical Guide to Sermon Preparation* Moody Press 1985 and *A Guide to Effective Sermon Delivery* Moody Press 1986 Dr Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation The Southern literary messenger ,1851
