fourth edition of Pub 217 Maneuvering Board Manual This manual has been compiled by the editorial staff of the Maritime
Safety Information Center at the National Imagery and Mapping Agency It is intended to be used primarily as a manual of

instructors ashore It is also intended to be of assistance to others who are concerned with marine radar in different and less
direct ways In combining the two manuals every effort has been made to retain the original style and format which has
proven to be clear and helpful to the maritime community Most of the illustrations and examples have been carried forward
into this edition The chapter on ARPA has been expanded and now includes a sample operating manual for a modern
