Future Of The Prophetic Israels Ancient Wisdom Re Presented:

Future of the Prophetic Marc. H. Ellis, 2014-05-01 Future of the Prophetic argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root throughout the world As a way of wisdom and hope this dual rooting its grounding in the tradition of ancient Israel and its uncontained itinerancy unveils a startling but promising new context a re presentation of the prophetic from outside the Jewish world to the Jewish community The new situation of contemporary prophetic challenges the fixed religious landscape by reversing traditional boundaries eschewing power and privilege and brokering peace through solidarity and common struggle in ecumenical and interfaith contexts *Future of the Prophetic* Marc H. Ellis, 2014 Argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root throughout the world *Modern Musar* Geoffrey D. Claussen, 2022-04 Modern Musar explores the diverse ways Jews understand ten virtues honesty and love of truth curiosity and inquisitiveness humility courage and valor temperance and self restraint gratitude forgiveness love kindness and compassion solidarity and social responsibility and justice and righteousness Justice on the Cross Kathleen Christison, 2023-03-09 At its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems and even by churches that cooperate with secular centers of power to oppress the poor and disadvantaged It is a grassroots social justice theology a *cri de c ur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances Palestinians a people whose suffering has largely been forgotten by the world since Israel s establishment and who are most often stereotyped as extremists and enemies of Israel with no legitimate claim to their own homeland are among the world s most marginalized populations The small Palestinian Christian community an indigenous population descended from Jesus s first followers has created a liberation theology for the Palestinian context that reaches out to its own Christian faithful and their Muslim compatriots This is a nonviolent political theological resistance that follows Jesus s teaching that God is present with all God s children and heeds Jesus s gospel injunctions to comfort the suffering and let the oppressed go free For Palestinians their very survival in the land is resistance to Israel s efforts to remove them and liberation theology sustains their resistance Jesus was the first liberation theologian *Theology After Gaza* Mitri Raheb, Graham McGeoch, 2025-08-14 This is a book about genocide and Gaza Gaza has become the moral compass of our world today In this war theology was weaponized against the Palestinian people by both Israeli politicians and Christian Zionists It is a book inspired by Palestinian liberation theologies The book foregrounds scholarly and practical responses to the Israeli invasion of a part of the occupied Palestinian territories widely referred to as Gaza in the media and popular discourse However the book also situates Gaza and Palestine in the *longue duree* of settler colonialism colonialities of power and the underside of modernity *Theology After Gaza* A Global Anthology is fruit of the urgency of the time Inspired by Palestinian liberation theologies it articulates some of the death of

God and the moral and ethical outrage familiar to those versed in Western Christianity and theology It also explores Gaza as an exteriority an exteriority to Western Christianity and theology to the international system and as a counter witness to Zionism This anthology is the first of its kind timely and relevant contribution that tackles a relevant issue of global importance with well known authors and prolific writers including Jewish and Muslim scholars **Liturgy in Postcolonial**

Perspectives C. Carvalhaes,2015-06-10 This book brings Christian Jewish and Muslim scholars from different fields of knowledge and many places across the globe to introduce expand the dialogue between the field of liturgy and postcolonial decolonial thinking Connecting main themes in both fields this book shows what is at stake in this dialectical scholarship

Christian Zionism in Africa Cynthia Holder Rich,2021-01-06 Christian Zionism a movement based on the belief that support of Israel and Israeli ownership of and residence in Jerusalem is a prerequisite for Christ s return has been a significant substratum within theologies and ecclesiologies of many churches in the US and Europe for centuries Since the 1970s US based Christian Zionism organizations encouraged by and collaborating with the Israeli government have used a significant amount of resources to spread the movement into other regions of the world including Africa In many African countries Christian Zionism combines perniciously with Prosperity Gospel preaching interpreting Genesis 12 3 as a divine map to gain blessings material and otherwise through complete and uncritical support for the modern day State of Israel Many African governments have come to understand that this support is lucrative and coercive African officials working with Israel learn that openly supporting Palestine will result in their partnerships with Israel being discontinued Contributors to this interdisciplinary volume analyze the meaning and ramifications of the emergence of Christian Zionist ideologies in Africa and its churches in interfaith work in politics in law and in the use and abuse of power between peoples of different races histories economic strength and influence on the international stage **Burning Children** Marc H. Ellis,2017-09-29 This

collection of commentaries written during the recent Gaza war as it unfolded represents an attempt of one Jew on behalf of Jews of Conscience everywhere to come to grips with the state of Israel as it is rather than what it purports to be Though written from a geographic distance one feels the pain Palestinians experienced as a challenge to Jewish history Have Jews survived the Holocaust only to recreate scenes of horror Israel now visits upon the Palestinian people Or is there a way forward for Jews and Palestinians beyond mutual recrimination displacement and war Using the burning children of the Holocaust as the core of Jewish ethical post Holocaust life these commentaries ask Jews the state of Israel and all those in solidarity with Jews and Jewish history to hold Israel accountable for its assault on Gaza and provide a vehicle for a future where Jews and Palestinians live together in justice and peace *God--The World's Future* Ted Peters,2015-08-01 *God The World s Future* has been a proven textbook in systematic theology for over twenty years Thoroughly revised and expanded this third edition is explicitly crafted to address our postmodern context and explains the whole body of Christian historical doctrine from within a proleptic framework Peters skillfully deploys this concept not only to organize the various theological

areas or loci but also to rethink doctrines in light of key postmodern challenges from ecumenism critical historical thinking contemporary science and gender and sexuality issues The "Whole Truth": Rethinking Retribution in the Book of Tobit Micah D. Kiel, 2012-03-29 Micah Kiel discusses the overly simplistic nomenclature Deuteronomistic given to Tobit's perspective on retribution and attempts to show by coordinating it with Sirach and parts of 1 Enoch how the book's view is much more complex than is normally asserted Kiel argues that the return of Tobit's sight is a catalyst that ushers in new theological insight specifically that the world does not run to the tightly mechanized scheme of act and consequence Kiel's close comparison between Tobit and selected contemporaneous literature provides context and support for such narrative observations Sirach and parts of 1 Enoch demonstrate how authors at the time of Tobit were expressing their views of retribution in the realm of creation theology The created order in Tobit is unruly and rises up in opposition to God's righteous characters By way of this quirky tale the author of Tobit suggests that God does not function strictly according to old formulae Instead a divine incursion into human reality is necessary for the reversal of suffering **The Old Testament Writings** , 1982-01-01 A simple and direct introduction to the Old Testament The Old Testament Writings emphasizes the faith dimension of the Old Testament The literary critical and historical problems of the Old Testament are discussed but only to provide help in understanding the faith of the Bible This very enjoyable and readable book offers a step by step approach to comprehending the Old Testament and is designed for the lay reader the Bible student seminary introductory courses and church schools This is a complementary text to The New Testament Writings Both volumes offer a comprehensive understanding of the Bible making them valuable resources for education growth and faith **Threshold: Aperture to the Light of the World** , The Mythic Past: Biblical Archaeology And The Myth Of Israel Thomas L Thompson, 2008-08-05 The Jewish people's historical claims to a small area of land bordering the eastern Mediterranean are not only the foundation for the modern state of Israel they are also at the very heart of Judeo Christian belief Yet in The Mythic Past Thomas Thompson argues that such claims are grounded in literary myth not history Among the author's startling conclusions are these There never was a united monarch of Israel in biblical times We can no longer talk about a time of the Patriarchs The entire notion of Israel and its history is a literary fiction The Mythic Past provides refreshing new ways to read the Old Testament as the great literature it was meant to be At the same time its controversial conclusions about Jewish history are sure to prove incendiary in a worldwide debate about one of the world's seminal texts and one of its most bitterly contested regions New Collegeville Bible Commentary: Old Testament Daniel Durken, 2015-12-17 Concise and accessible this one volume edition of the New Collegeville Bible Commentary Old Testament draws together the individual contributions to the Old Testament series and offers them to readers in a convenient and attractive format Written by an array of respected scholars the individual commentaries collected here bring expert insight into the Old Testament to Bible study participants teachers students preachers and all readers of Scripture A first rate reliable resource for Bible study and reflection the New
