## **George Harrison Living In The Material World:**

**George Harrison: Living in the Material World** Olivia Harrison, 2011-10-01 A companion release to Martin Scorsese's documentary by the same name presents an illustrated tribute to the late Beatle that draws on his personal records to trace his guitar obsessed youth through his years as an independent musician **George Harrison**, 2011 *George Harrison. Living in the material world* Olivia Harrison, 2011 The Music of George Harrison Thomas MacFarlane, 2019-04-08 George Harrison was one of the most prolific popular music composers of the late 20th century. During his tenure with the Beatles he caught the wave of 1960s pop culture and began channeling its pervasive influence through his music. Often described as The Invisible Singer, his solo recordings reveal him to be an elusive yet essential element in the Beatles sound. The discussion of George Harrison's Beatle tracks featured in the text employs a Songscape approach that blends accessible music analysis with an exploration of the virtual space created on the sound recording. This approach is then used to explore Harrison's extensive catalog of solo works which, due to their varied cultural sources, seem increasingly like early examples of Global Pop. In that sense, the music of George Harrison may ultimately be viewed as an important locus for pan-cultural influence in the 20th century, making this book essential reading for those interested in the history of songwriting and recording as well as the cultural study of popular music. George Harrison: Living in the Material World DVD Booklet Olivia Harrison, 2011-11-01 Using unseen photos and footage, director Martin Scorsese traces the life of George Harrison in a personal film weaving together performance footage, home movies, rare archival materials, and interviews with his family and friends. This Omnibus Enhanced digital edition includes Spotify sections detailing Harrison's early influences, his contributions within The Beatles, and the best of his solo career. Additionally, an interactive Digital Timeline leads you through a collage of music videos and images displaying live performances, interviews, memorabilia, and more. As a Beatle, Harrison underwent a bewilderingly compressed early adulthood buffeted by unprecedented levels of fame and success, from schoolboy to global superstar. Beatlemania offered remarkable experiences and opportunities, and yet

dissatisfaction still gnawed within His life became a quest for meaning and truth which travelled far beyond the parameters of his former band and his former self This elegant in depth biography tracks these changes and conflicts marking the struggle of walking a spiritual path lined with temptation Drawing on scores of interviews with close friends and collaborators rigorous research and critical insight Behind The Locked Door is a fascinating account of an often misunderstood man As well as an intimate character study it offers a full analysis of Harrison s music from his earliest songs for the Beatles to his landmark solo album All Things Must Pass his work with The Traveling Wilburys and the posthumous Brainwashed Behind The Locked Door provides the definitive account of a compelling contradictory and enlightening life
