being a spy This made the message clear to all colonists that if they spied they would die Chapter 1 Hold New York Win The War Nathan Hale s execution was a low point for General George Washington who had recently suffered the siege of New York City and Long Island by the British Now he had lost his spy as well The Declaration of Independence had just been signed two months before but the fledgling nation was quickly losing hope New York was under American control until a few months prior to this low point of Washington s The New York City Harbor was an important place for the Continental Army to occupy because if the Harbor could be held then the morale of the people would rise and the army would have a good tactical vantage point for accessing the colonies waterways New York and Philadelphia were the most important colonies at that point since New York was a major port and hub and Philadelphia was where the Continental Congress held their meetings Whoever held New York could control imports and exports and it was a great place for moving troops up and down the coast
