

Georgia Peace Officer Standards and Training Council

Equivalency of Training (EOT)

Eligible Federal Peace Officers, Military Peace Officers, Out-of-State Peace Officers, Pre-Service Candidates and Inactive Registered Georgia Peace Officers actively employed in law enforcement or who have graduated from a basic law enforcement training course within the last 3 years are eligible for Equivalency of Training (EOT). All others will be required to attend the entire basic law enforcement training course. This process will also be used for those individuals who attended the basic law enforcement training course, in Georgia, and did not complete the certification process within three (3) years.

The EOT may allow an officer to be exempt from having to complete the entire basic law enforcement training course. Those who fail the EOT will be required to successfully complete the entire basic law enforcement training course in order to be eligible for peace officer certification. The minimum passing score is 70%.

You may be eligible for an exemption from the full basic law enforcement training course if you were an officer in another state or with the federal government and meet the following requirements:

1. You attended a basic law enforcement training course in another state or with the federal government;
2. Your certification as a peace officer in another state or with the federal government is valid; and
3. You have not had more than a three (3) year break in employment as a law enforcement officer.

The break in employment is measured from the separation date of the most recent qualifying employment to the time a complete application requesting exemption from training is received, by POST.

Once you document that you are eligible for EOT, a testing date will be scheduled. The examination consists of 200 multiple choice questions. Questions will be written to assess up to three cognitive levels following Bloom's Taxonomy, a widely accepted classification system reflecting levels of learning. In order from lower to higher levels of knowledge, the questions will be written to measure:

1. **Knowledge:** Remember previously learned material (e.g., recall specific facts, definitions)
