Gerard Rawes Kev Richardson:

I'm Dyslexic - It's a great way to be - with God Gametes Q&A Robert Jameson,2013-12-03 No doubt there are people with mild dyslexia who can be taught to read and spell Unfortunately there are others myself included who will never have adequate literacy skills I still get told If I really tried to learn to read I could do it That makes me really mad I have completed graduate and post graduate university courses and have four books with a total of 300 000 words in print And I still cannot read or spell adequately without the aid of a computer I hear people saying they were dyslexic that they found this or that remedy and the problem was fixed That is fine for them but I will take my dyslexia to the grave Thankfully though text to speech technology came along in time for me It has made it possible for me to research and write my books and to cope with life in a world dominated by the printed word *God Gametes and The Planet of the Butterfly Queen* Robert

Jameson,2010-02-08 The God Gametes theory is a refreshing look at what may be both the meaning of life and the reason for its creation It argues that life on earth and in fact our human consciousness are universal entities A model is presented that assumes our universe is a tiny part of a multiverse arguing that the multiverse is a hierarchical structure each level a reproductive system of intelligent living systems on the next higher level We take a fictional look at our parent species on that next higher level to find they are far more complex creatures than us but their universe is older and will soon run out of fuel to then die Parent species know that to preserve their life and the billions of years of heritage they created they must reproduce on a lower multiverse level This we believe is why humans have developed many features such as a large brain that make our survival on earth more difficult Yet these features have evolved because they are needed by the reproductive system of the parent species from lulu com **The Bali to Bairnsdale Alignment and Earth's Reproductive Chakra**

Robert Jameson, **Gerard Rawes** Kev Richardson,2010 A true tale of man s rags to riches life not in the traditionally inferred Cinderella sense yet maybe not too far from it Gerard discovers how life can pluck a man from one situation and dropped into another as if sucked up by a tsunami and tossed on to the beach of a new world In England s mid eighteenth century the emerging industrial revolution catapults a man out of a world of serfdom into social London Archival records cannot lie Once again multi published historical writer Kev Richardson brings us living history he has a way of making history come alive touches of wit woven into the personal accounts of his characters If you enjoy reading real history this author is a must read *The Reserve Marine* ,1958 *Waterlow's ...
